

B. Paperwork Reduction Act (PRA)

This action does not contain any new or revised information collections subject to OMB approval under the PRA, 44 U.S.C. 3501 *et seq.* Information collection activities contained in CDR are already approved by the Office of Management and Budget (OMB) under OMB Control No. 2070–0162 (EPA ICR No. 1884).

C. Regulatory Flexibility Act (RFA)

This action is not subject to the RFA, 5 U.S.C. 601 *et seq.* The RFA applies only to rules subject to notice and comment rulemaking requirements under the APA, 5 U.S.C. 553, or any other statute. This rule is not subject to notice and comment requirements under the APA because the Agency has invoked the APA “good cause” exemption.

D. Unfunded Mandates Reform Act (UMRA)

This action will not impose any enforceable duty or contain any unfunded mandate as described under Title II of UMRA, 2 U.S.C. 1531–1538 *et seq.*

E. Executive Order 13132: Federalism

This action will not have federalism impacts as defined in Executive Order 13132 (64 FR 43255, August 10, 1999) because this action will not have substantial direct effects on States, on the relationship between the Federal Government and States, or on the distribution of power and responsibilities between the Federal Government and States.

F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action will not have tribal implications as defined in Executive Order 13175 (65 FR 67249, November 9, 2000) because this action will not have substantial direct effects on tribal governments, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

G. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

This action is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because this is not an economically significant regulatory action as defined under Executive Order 12866, and it does not address environmental health or safety risks disproportionately affecting children.

H. Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

This action is not subject to Executive Order 13211 (66 FR 28355, May 22, 2001), because this action is not expected to affect energy supply, distribution, or use and because this action is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act (NTTAA)

Since this action does not involve any technical standards, NTTAA section 12(d), 15 U.S.C. 272 note, does not apply to this action.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

This action does not entail special considerations of environmental justice related issues as delineated by Executive Order 12898 (59 FR 7629, February 16, 1994).

K. Congressional Review Act (CRA)

This action is subject to the CRA, 5 U.S.C. 801 *et seq.*, and EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

List of Subjects in 40 CFR Part 711

Environmental protection, Chemicals, Confidential Business Information (CBI), Hazardous materials, Importer, Manufacturer, Reporting and recordkeeping requirements.

Dated: November 17, 2020.

Alexandra Dapolito Dunn,
Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

Therefore, for the reasons stated in the preamble, EPA amends 40 CFR chapter I as follows:

PART 711—TSCA CHEMICAL DATA REPORTING REQUIREMENTS

- 1. The authority citation for part 711 continues to read as follows:

Authority: 15 U.S.C. 2607(a).

- 2. Revise § 711.20 to read as follows:

§ 711.20 When to report.

All information reported to EPA in response to the requirements of this part must be submitted during an applicable submission period. The 2020 CDR submission period is from June 1, 2020, to January 29, 2021. Subsequent recurring submission periods are from

June 1 to September 30 at 4-year intervals, beginning in 2024. In each submission period, any person described in § 711.8 must report as described in this part.

[Docket No. 200227–0066]

RTID 0648–XA664

Fisheries of the Exclusive Economic Zone Off Alaska; Several Groundfish Species in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; apportionment of reserves; request for comments.

SUMMARY: NMFS apportions amounts of the non-specified reserve to the initial total allowable catch (ITAC) of Bering Sea and Aleutian Islands (BSAI) arrowtooth flounder, BSAI “other flatfish,” Bering Sea subarea and Eastern Aleutian District (BS/EAI) blackspotted/rougheye rockfish, Western Aleutian District and Central Aleutian District (WAI/CAI) blackspotted/rougheye rockfish, BSAI skates; and to the total allowable catch (TAC) of BSAI Alaska plaice. This action is necessary to allow the fisheries to continue operating. It is intended to promote the goals and objectives of the fishery management plan for the BSAI management area.

DATES: Effective November 20, 2020, through 2400 hrs, Alaska local time, December 31, 2020. Comments must be received at the following address no later than 4:30 p.m., Alaska local time, December 7, 2020.

ADDRESSES: Submit your comments, identified by docket number NOAA–NMFS–2019–0074, by either of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to <https://www.regulations.gov/docket?D=NOAA-NMFS-2019-0074> click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Glenn Merrill, Assistant Regional

Administrator, Sustainable Fisheries Division, Alaska Region NMFS. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

Instructions: NMFS may not consider comments if they are sent by any other method, to any other address or individual, or received after the comment period ends. All comments received are a part of the public record and NMFS will post the comments for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender is publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the BSAI Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2020 ITAC of BSAI arrowtooth flounder was established as 8,500 metric tons (mt), the 2020 ITAC of BSAI “other flatfish” was established as 3,600 mt, the 2020 ITAC of BS/EAI blackspotted/rougheye rockfish was established as 112 mt, the 2020 ITAC of WAI/CAI blackspotted/rougheye rockfish was established as 224 mt, the 2020 ITAC of BSAI skates was established as 13,866 mt, and the 2020 TAC of BSAI Alaska plaice was established as 17,450 mt by the final 2020 and 2021 harvest specifications for groundfish of the BSAI (85 FR 13553, March 9, 2020) and revised in the release of groundfish reserves (85 FR 49976, August 17, 2020). In accordance with § 679.20(a)(3) the Regional Administrator, Alaska Region, NMFS, has reviewed the most current available data and finds that the ITACs of the BSAI arrowtooth flounder, BSAI “other flatfish,” BS/EAI blackspotted/rougheye rockfish, WAI/CAI blackspotted/rougheye rockfish, BSAI skates; and the TAC of BSAI Alaska plaice need to be supplemented from the non-specified reserve to promote efficiency in the utilization of fishery resources in the BSAI and allow fishing operations to continue.

Therefore, in accordance with § 679.20(b)(3), NMFS apportions from the non-specified reserve of groundfish to ITACs in the BSAI management area as follows: 430 mt to BSAI arrowtooth flounder, 521 mt to BSAI “other flatfish,” 20 mt to BS/EAI blackspotted/rougheye rockfish, 40 mt to WAI/CAI blackspotted/rougheye rockfish, 3,340 mt to BSAI skates, and 2,600 mt to BSAI Alaska plaice. These apportionments are consistent with § 679.20(b)(1)(i) and do not result in overfishing of any target species because the revised ITACs and TACs are equal to or less than the specifications of the acceptable biological catch in the final 2020 and 2021 harvest specifications for groundfish in the BSAI (85 FR 13553, March 9, 2020).

The harvest specification for the 2020 ITACs and TACs included in the harvest specifications for groundfish in the BSAI are revised as follows: 8,930 mt for BSAI arrowtooth flounder, 4,121 mt for BSAI “other flatfish,” 20,050 mt for BSAI Alaska plaice, 17,206 mt for BSAI skates, 132 mt for BS/EAI blackspotted/rougheye rockfish, and 264 mt for WAI/CAI blackspotted/rougheye rockfish.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the apportionment of the non-specified reserves of groundfish to the BSAI arrowtooth flounder, BSAI “other flatfish,” BS/EAI blackspotted/rougheye rockfish, WAI/CAI blackspotted/rougheye rockfish, BSAI skates, and to the BSAI Alaska plaice. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of November 17, 2020.

Under § 679.20(b)(3)(iii), interested persons are invited to submit written comments on this action (see **ADDRESSES**) until December 7, 2020.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 20, 2020.

Jennifer M. Wallace,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 200227–0066]

RTID 0648–XA669

Fisheries of the Exclusive Economic Zone Off Alaska; Arrowtooth Flounder in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for arrowtooth flounder in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2020 arrowtooth flounder initial total allowable catch (ITAC) in the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), November 20, 2020, through 2400 hours, A.l.t., December 31, 2020.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2020 arrowtooth flounder ITAC in the BSAI is 8,500 metric tons (mt) as established by the final 2020 and 2021 harvest specifications for groundfish in the BSAI (85 FR 13553, March 9, 2020). In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2020 arrowtooth flounder ITAC in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 3,500 mt, and is
