

accordance with the Organic Administration Act. In addition, by extending contracts and avoiding defaults, closures and bankruptcies, the Government avoids the difficult, lengthy, expensive, and sometimes impossible, process of collecting default damages.

Therefore, pursuant to 16 U.S.C. 472a, and the authority delegated to me at 7 CFR 2.60, I have determined that it is in the Substantial Overriding Public Interest to extend for up to one year certain National Forest System timber sales that were awarded prior to January 1, 2007. This finding does not apply to (1) contracts that have been or are currently eligible to be extended under MRCTA contract provisions, except sales using the Hardwood Lumber index that were awarded after December 31, 2005, (2) salvage sale contracts that were sold with the objective of harvesting deteriorating timber, (3) contracts the Forest Service determines are in urgent need of harvesting due to deteriorating timber conditions that have developed following award of the contract, or (4) contracts that are in breach. Total contract length shall not exceed 10 years as a result of this extension. For those contracts extended pursuant to this finding, periodic payments due after the date of this determination will also be deferred for up to one year. To receive the extension and periodic payment deferral, purchasers must make written request and agree to release the Forest Service from all claims and liability if a contract extended pursuant to this finding is suspended, modified, or terminated in the future.

Dated: November 2, 2007.

Abigail R. Kimbell,
Chief.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Notice of Intent To Request Comments on a Currently Approved Information Collection.

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: This notice announces the intention of the Natural Resources Conservation Service (NRCS) to request

comments on a currently approved information collection for which approval will expire, 0578-0030, Emergency Watershed Protection Program.

Public Participation: The NRCS invites full public participation to promote open communication and better decision-making. All persons and organizations that have an interest in the Emergency Watershed Protection (EWP) Program are urged to provide comments.

Scoping Process: Public participation is requested throughout the scoping process. The NRCS is soliciting comment the public indicating what issues and impacts the public believes should be encompassed within the scope of the EWP Program. Comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility, (b) The accuracy of the agency's estimate of burden of the proposed collection of information, including the validity of the methodology and assumptions used, (c) Ways to enhance the quality, utility, and clarity of the information to be collected, and (d) Ways to minimize the burden of the collection of information on those who are to respond, such as through the use of appropriate automated, electronic, mechanical, or other technologic collection techniques or other forms of information technology.

Date Scoping Comments Are Due: Comments on this notice must be received by January 18, 2008 to ensure consideration. Comments may be sent to Phyllis I. Watkins, Agency OMB Clearance Officer, U.S. Department of Agriculture, Natural Resources Conservation Service, 5601 Sunnyside Avenue, Mailstop 5460, Beltsville, MD 20705-5000; (301) 504-2170; phyllis.i.watkins@wdc.usda.gov.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (Public Law 104-13), and the Office of Management and Budget (OMB) regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

Government Paperwork Elimination Act

NRCS is committed to compliance with the Government Paperwork Elimination Act (GPEA) and the Freedom to E-File Act, which require government agencies in general, and

NRCS in particular, to provide the option of submitting information or transacting business electronically to the maximum extent possible.

FOR FURTHER INFORMATION CONTACT:

Questions and comments should be directed to Phyllis I. Watkins, Agency Office of Management and Budget Clearance Officer, USDA, Natural Resources Conservation Service, 5602 Sunnyside Avenue, Mailstop 5460, Beltsville, Maryland 20705-5000; telephone: (301) 504-2170.

SUPPLEMENTARY INFORMATION:

Title: Emergency Watershed Protection Program.

OMB Number: 0578-0030.

Expiration Date of Approval: July 31, 2008.

Type of Request: To request comments on a currently approved collection for which approval will expire.

Abstract: The primary objective of the Natural Resources Conservation Service (NRCS) is to work in partnership with the American people and the farming and ranching community to conserve and sustain our natural resources. The purpose of Emergency Watershed Protection Program (EWP) information collection is to provide EWP assistance to sponsors to undertake emergency measures to retard runoff and prevent soil erosion to safeguard lives and property from floods, drought, and the products of erosion on any watershed whenever fire, flood, or other natural disaster is causing or has caused a sudden impairment of that watershed.

The sponsor's request is submitted formally as a letter (now the Appendix to the NRCS-PDM-20A) to the NRCS State Conservationist for consideration. The NRCS-PDM-20, Damage Survey Report (DSR), is the agency decision-making document that includes the economic, social, and environmental evaluation and the engineer's cost estimate.

This information collection allows the responsible Federal official to make EWP Program eligibility determinations and provide Federal cost-share contribution to complete the measures. This request is necessary to implement the EWP Program for which NRCS has statutory authority.

The table below lists the forms in this collection, the uses for each document, and the applicable programs. These forms constitute this information collection and reflect the documents used by EWP sponsors to request participation in the recovery program.

Form No.	Form title	OMB No.	Program
NRCS-PDM-20	Damage Survey Report	0578-0030	EWP Recovery.
NRCS-PDM-20A	Appendix to the DSR, Request for Participation in the Program	0578-0030	EWP Recovery.

NRCS will ask OMB for 3-year approval within 60 days of submitting the request.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 3.5 hours or 117 minutes per response.

Respondents: State government or State agency or a legal subdivision thereof, local unit of government, or any Native American Tribe or Tribal organization as defined in section 4 of

the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b), with a legal interest in or responsibility for the values threatened by a watershed emergency. All of the foregoing entities must be capable of obtaining necessary land rights and capable of carrying out any operation and maintenance responsibilities that may be required.

Estimated Number of Respondents: 400.

Estimated Total Annual Burden on Respondents: 5,900 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Signed at Washington, DC on October 3, 2007.

Arlen L. Lancaster,
Chief.

State Conservationist**PRIVACY ACT AND PUBLIC BURDEN STATEMENT**

NOTE: The following statement is made in accordance with the Privacy Act of 1974, (5 U.S.C. 552a) and the Paperwork Reduction Act of 1995, as amended. The authority for requesting the following information is 7 CFR 624 (EWP) and Section 216 of the Flood Control Act of 1950, Public Law 81-516, 33 U.S.C. 701b-1; and Section 403 of the Agricultural Credit Act of 1978, Public Law 95334, as amended by Section 382, of the Federal Agriculture Improvement and Reform Act of 1996, Public Law 104-127, 16 U.S.C. 2203. EWP, through local sponsors, provides emergency measures for runoff retardation and erosion control to areas where a sudden impairment of a watershed threatens life or property. The Secretary of Agriculture has delegated the administration of EWP to the Chief or NRCS on state, tribal and private lands.

Signing this form indicates the sponsor concurs and agrees to provide the regional cost-share to implement the EWP recovery measure(s) determined eligible by NRCS under the terms and conditions of the program authority. Failure to provide a signature will result in the applicant being unable to apply for or receive a grant the applicable program authorities. Once signed by the sponsor, this information may not be provided to other agencies. IRS, Department of Justice, or other State or Federal Law Enforcement agencies, and in response to a court or administrative tribunal.

The provisions of criminal and civil fraud statutes, including 18 U.S.C. 286, 287, 371, 641, 651, 1001; 15 U.S.C. 714m; and 31 U.S.C. 3729 may also be applicable to the information provided. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0578-0030. The time required to complete this information collection is estimated to average 117/1.96 minutes/hours per response, including the time for reviewing instructions, searching existing data sources, field reviews, gathering, designing, and maintaining the data needed, and completing and reviewing the collection information.

USDA NONDISCRIMINATION STATEMENT

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202)720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW., Washington, DC 20250-9410, or call (800)795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

Civil Rights Statement of Assurance

The program or activities conducted under this agreement will be in compliance with the nondiscrimination provisions contained in the Titles VI and VII of the Civil Rights Act of 1964, as amended; the Civil Rights Restoration Act of 1987 (Public Law 100-259); and other nondiscrimination statutes: namely, Section 504 of the Rehabilitation Act of 1973, Title IX of the Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990. They will also be in accordance with regulations of the Secretary of Agriculture (7 CFR 15, 15a, and 15b), which provide that no person in the United States shall on the grounds of race, color, national origin, gender, religion, age or disability, be excluded from participation in, be denied the benefits of, or otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the U.S. Department of Agriculture or any agency thereof.

Section 4 NRCS EWP Funding Priority

Complete the following section to compute the funding priority for the recovery measures in this application (see instructions on page 10).

Priority Ranking Criteria	Yes	No		Ranking Number Plus Modifier
1. Is this an exigency situation?	☐	☐		
2. Is this a site where there is serious, but not immediate threat to human life?	☐	☐		
3. Is this a site where buildings, utilities, or other important infrastructure components are threatened?	☐	☐		
4. Is this site a funding priority established by the NRCS Chief?	☐	☐		
The following are modifiers for the above criteria			Modifier	
a. Will the proposed action or alternatives protect or conserve federally-listed threatened and endangered species or critical habitat?				
b. Will the proposed action or alternatives protect or conserve cultural sites listed on the National Register of Historic Places?				
c. Will the proposed action or alternatives protect or conserve prime or important farmland?				
d. Will the proposed action or alternatives protect or conserve existing wetlands?				
e. Will the proposed action or alternatives maintain or improve current water quality conditions?				
f. Will the proposed action or alternatives protect or conserve unique habitat, including but not limited to, areas inhabited by State-listed species, fish and wildlife management area, or State identified sensitive habitats?				

Enter priority computation in Section 1A, NRCS Entry, Funding priority number.

Remarks:

DSR NO: _____

Section 5A Findings**Finding: Indicate the preferred alternative from Section 2 (Enter to Section 1E):**

I have considered the effects of the action and the alternatives on the Environmental Economic, Social; the Special Environmental Concerns; and the extraordinary circumstances (40 CFR 1508.27). I find for the reasons stated below, that the preferred alternative:

____ Has been sufficiently analyzed in the EWP PEIS (reference all that apply)

Chapter _____

Chapter _____

Chapter _____

Chapter _____

Chapter _____

____ May require the preparation of an environmental assessment or environmental impact statement.
The action will be referred to the NRCS State Office on this date:

INSTRUCTIONS FOR COMPLETING THE NRCS-PDM-20, DSR

	Explanation of Requested Item	Who Completes
Section 1	Enter Site Sponsor, Location, Evaluation, Selected Alternative, and Reviewed and Approval Signatures.	NRCS completes with voluntary assistance from Sponsor except for NRCS only portion of Section 1A.
1A	Enter the Date, DSR Number, Project Number. For NRCS only enter Eligible Yes/No, Approved Yes/No, Funding Priority Number, and Limited Resource Area Yes/No.	
1B	Enter Sponsor Name, Address, Telephone, Fax	
1C	Enter site location County, State, Congressional District, Latitude, Longitude, Section, Township, Range, UTM Coordinates, Drainage Name, Reach within drainage, and Damage Description.	
1D	Enter Yes/No and any Remarks for the Site Evaluation information. Any No response means the site is not eligible for EWP assistance and no further information is necessary to complete the DSR. (See NEWPPM 390-502.03 and 390-502-04) Enter Yes/No regarding whether the affected public has been informed of the EWP program.	
1E	Enter the proposed treatment and the cost of installation.	NRCS only.
1F	NRCS Review and Approval.	

	Explanation of Requested Item	Who Completes
Section 2	Use available natural resource, economic, and social, information, including the EWP Programmatic Environmental Impact Statement (PEIS), to <u>briefly</u> describe the effects of the alternatives to the proposed action including the “no action” alternative. Typically, the proposed action and no action are the alternatives considered for EWP recovery measures due to the focus on repairing or preventing damages within a watershed. However, in cases where additional alternatives are considered, include all pertinent information to adequately address the additional alternatives (e.g., proposed action would be bio-engineering for bank stabilization, no action alternative, and an additional alternative may be riprap for bank stabilization). Do not leave blanks where a consideration is not applicable, use NA to indicate the factor was considered but not applicable for the alternative.	NRCS completes with voluntary assistance from Sponsor.
2A	List all resource concerns which are relevant to the area of the proposed action and alternatives. Refer to National Bulletin 450-5-8 TCH-COMPLETING AND FILING MEASUREMENT UNITS FOR RESOURCE CONCERNS IN THE FIELD OFFICE TECHNICAL GUIDE (FOTG). Note: the affected area may extend beyond the construction foot print (ex. where water quality or water rights are affected downstream of the site).	
2B	Provide a brief description of the present condition of each resource concern listed in 2A. Quantify conditions where possible. Reference accompanying photo documentation.	
2C	Briefly summarize the practice/system of practices being proposed, as well as the “no action” alternative, and any other alternatives being considered. The “no action” alternative is the predicted future condition if no action is taken.	
2D	Document the efforts of the proposed action and alternatives for the considerations listed in 2A. Reference applicable quality criteria, information in the CPPE, and quantify effects whenever possible. Consider both long-term and short-term effects. Consider any effects which may be individually minor but cumulatively significant at a larger scale or over an extended time period. Clearly define the differences between proposed action, no action, and the other alternatives.	

2E	Enter Special Environmental Concerns for Clean Water Act Waters of the U.S., Coastal Zone Management Areas, Coral Reefs, Cultural Resources, Endangered and Threatened Species, Environmental Justice, Essential Fish Habitat, Fish and Wildlife Coordination, Floodplain Management, Invasive Species, Migratory Birds, Natural Areas, Prime and Unique Farmlands, Riparian Areas, Scenic Beauty, Wetlands, and Wild and Scenic Rivers for each alternative considered. In the case where the selected alternative from Section 5A impacts a Special Environmental Concern, additional information, coordination, permitting or mitigation may be required and adequate documentation should be prepared and attached to the DSR to identify how NRCS or the Sponsor addressed the concern	
2F	Identify Property Protected both private and public, business losses and other economic impacts considered for each alternative. Enter the dollar value of the potential future damages if no action is taken in the Future Damage (5) column. This would be the estimate of the value lost if the EWP recovery measure is not installed. Use the repair cost or damage dollar method to determine the estimate of future damages. The repair cost method uses the costs to return the impaired property, good, or services based on their original pre-event condition or value. The damage dollar method uses an estimate of the future damage to value (e.g. if the structure is condemned, then enter the value of the structure). Enter the estimated amount based upon existing information or information furnished by the sponsor, contractors or others with specific knowledge for recovery from natural disasters for each alternative considered. Often market values for properties or services can be obtained from personnel at the local county/parish tax assessment office. The DSI team needs to determine the Damage Factor (%) which is a coefficient that indicates the degree of damage reduction to a property that is attributed to the effect of the proposed EWP recovery measures. Use an appropriate estimate of how much of the damage the EWP recovery measure will avoid for the alternative being considered. If the recovery measures from a single site will prevent 100 percent of the damage use 100 percent. The Near Term Damage Reduction is the Future Damage (\$) times the Damage Factor (%). Sum the Near Term Damage Reduction values to calculate the Total Near Term Damage Reduction. Enter the Net Benefit which is computed by subtracting the Cost from section 3 from the total near term damage reduction. The economic section must be completed for each alternative considered. Attach additional sheets as necessary.	
2G	Enter information to describe the potential social impacts and considerations for each alternative. Answer Yes or No and any remarks necessary to adequately address each question. The information may be obtained through interviews with community leaders, government officials or sponsors. Factors such as road closures, loss of water, electricity, access to emergency services are used when answering whether the community as a whole has been impaired. This information is part of the environmental evaluation portion of the DSR but may be pertinent in Section 4 regarding priorities. The Social Considerations Section must be completed for each alternative considered. Attach additional sheets as necessary.	
2H	Enter the Group Representation Information for the preferred alternative. Use the most recent census tract information based upon where the EWP recovery measures are located.	Sponsor completes.

2I	Enter whether easement, permissions, or permits, and mitigation will require consultation or coordination for the selected alternative (e.g., Clean Water Act section 404 permit, Endangered Species Act section 10 permits, and any State or county permits or requirements). Describe mitigation to be applied that will offset any adverse impacts and attach any documentation from other agencies regarding mitigation requirements.	NRCS completes with voluntary assistance from Sponsor.
-----------	---	--

	Explanation of Requested Item	Who Completes
Section 3	Enter Proposed Recovery Measure(s) including Quantity, Units, Unit Cost, and Total Amount Cost. Enter sum of all Proposed Recovery Measure Costs to calculate Total Costs. Enter Total Installation Costs in Section 1F. The Engineering Cost Estimate must be completed for each alternative considered. Attach additional sheets as necessary.	NRCS completes with voluntary assistance from Sponsor.

	Explanation of Requested Item	Who Completes
Section 4	This section is used to determine the Funding Priority for the preferred alternative and sequence for initiating recovery measures. Enter Yes/No for questions 1 through 4 and enter the number (exigency 1, serious threat to human life 2, etc.) in the right column, Ranking Number Plus Modifier. Complete the Modifier portion by placing the alphabetic indicator a. through f. in the Modifier column. Complete the Ranking Number Plus Modifier column by entering the alphabetic indicator(s) that exists within the site. The number of the site designates the priority (e.g., a site with a designation of 2 is a higher priority than a site with a designation of 3). The modifiers increase the priority for the same numeric site (e.g., a site with a designation of 1a, would be a higher priority than a site with a designation of 1, a site with a designation of 2bc would be a higher priority than a site designated as 2b). Enter the Funding Priority in Section 1A.	NRCS completes with voluntary assistance from Sponsor.

	Explanation of Requested Item	Who Completes
Section 5	Enter the Findings, Rationale Supporting Findings, NRCS Representative signature and Comments, and Concurrence signature by the Sponsor(s).	NRCS completes.
5A	Indicate the preferred alternative and check the applicable finding being made. The NRCS Representative signs indicating the Finding selected. If the proposed action was adequately addressed in the PEIS, check all appropriate chapter paragraphs.	
5B	Enter any additional Comments.	
5C	Sponsor(s) review and concurrence.	Sponsor(s) signature.

Section 6	Include attachments for location map, site sketch or plan and other information as needed.	NRCS completes with voluntary assistance from Sponsor.

DEPARTMENT OF COMMERCE**International Trade Administration**

[A-475-818]

Certain Pasta from Italy: Notice of Initiation of Antidumping Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has obtained information with respect to Pasta Lensi S.r.l. (Lensi), a producer/exporter of

pasta from Italy, and American Italian Pasta Company (AIPC), Lensi's corporate parent and importer of subject merchandise produced by Lensi, sufficient to warrant the self-initiation of a changed circumstances review. Interested parties are invited to submit comments, as indicated below.

EFFECTIVE DATE: November 19, 2007.

FOR FURTHER INFORMATION CONTACT:

Dennis McClure or Eric Greynolds, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, Room 4012, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 485-5973 or (202) 482-6071, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On July 24, 1996, the Department published in the **Federal Register** the antidumping duty order on pasta from Italy (61 FR 38547). Neither Lensi nor its predecessor IAPC¹ was individually investigated during the less-than-fair-value investigation. The Department conducted administrative reviews of Lensi/IAPC for the following periods: July 1, 2000 - June 30, 2001, July 1, 2001 - June 30, 2002, and July 1, 2002 - June 30, 2003. A *de minimis* margin was found for IAPC in the 2000-2001 review

¹ See *Notice of Final Results of Antidumping and Countervailing Duty Changed Circumstances Review: Certain Pasta from Italy*, 68 FR 41553 (July 14, 2003), in which the Department determined that Lensi was the successor-in-interest to IAPC.
