SUPPLEMENTARY INFORMATION:

I. Abstract

On September 30, 1993, the Secretary of Commerce submitted to the Congress a report of the Trade Promotion Coordinating Committee, entitled *Toward a National Export Strategy*. The report included the goal to "Undertake a comprehensive review of the Export Administration Regulations to simplify, clarify, and make the regulations more user-friendly". To carry out this recommendation, BXA has rewritten the entire EAR. To the extent activities have been added or changed but not deleted, this collection represents the authority to collect, on rare occasions, certain information from the public. This assembly of information collection activities is comprised of two activities. "Registration Of U.S. Agricultural Commodities For Exemption From Short Supply Limitations On Export", and "Petitions For The Imposition Of Monitoring Or Controls On Recyclable Metallic materials; Public Hearings" are statutory in nature and though they never have been applied must remain a part of BXA's information collection budget authorization. The third—The Commerce Control List—became necessary as the rewrite of the Export Administration Regulations sought to harmonize the U.S. ECCN system with the European system for consistency and future simplicity. However, this activity is no longer needed since the transformation from the old system to the new system is complete.

For the purpose of clarity, this abstract will refer to the two activities as follows: USAG will refer to Registration Of U.S. Agricultural Commodities For Exemption From Short Supply Limitations On Export activities; and, PETITIONS will refer to Petitions For The Imposition Of Monitoring Or Controls On Recyclable Metallic materials; Public Hearings activities.

II. Method of Collection

For USAG, the method is a written application for the exemption from Short Supply Limitations on Export Activities.

For PETITIONS, the method is a written petition requesting the monitoring of exports or the imposition of export controls, or both, with respect to certain materials.

The same mailing address is used for both submissions: P.O. Box 273, Washington, DC 20230.
