The Secretary of Homeland Security is the chair of the Task Force and is joined by the Department of State, Department of Health and Human Services, and the Department of Justice.

To carry out the Task Force's mission to reunify families, DHS is extending the current information data collection. The purpose is to achieve efficiencies to process these individuals for a successful family reunification. To streamline the initial contact, assistance, and reunification travel coordination process, the Task Force has created a website application (Register | together.gov and Registre | together.gov (juntos.gov)) to create initial contact and a travel form to collect details and information the Task Force needs to make travel arrangements for the beneficiary and other traveling family members.

The information to be collected on the website application would include:

- A-Number
- Name of Separated Parent
- Contact Information of the Separated Parent (phone, email)
- Country of Birth
- Country of Citizenship
- Current Country Location
- Separated Parent Relationship to Child
- Separated Parent's Preferred Language
- Separated Child's A#
- Separated Child Name
- Separated Child's Date of Birth
- Separated Child's Country of Birth
- Separated Child's Country of Citizenship
- Whether Separated Parent is in contact with Child
- Whether Separated Parent has knowledge of Child's current location
- Name of Attorney, Advocate or Preparer
- Attorney, Advocate, or Preparer Contact Information

The information to be collected for travel would include: Name, Date of Birth, Gender, A#, Passport Number and Expiration, Phone Number, Email address, Language(s) spoken, Representative/Attorney name and contact information, Date of Embassy Appointment to obtain boarding foil, Identification of Special Assistance Requests, Departure Airport, Final Airport, Traveling requested time frame, Names of others in the traveling party. The data will be stored by the international organization coordinating travel for the families.

This information collection does not have an impact on small businesses or other small entities.

If this information is not collected, the Task Force will not be able to accomplish its mission to reunite families swiftly.

The assurance of confidentiality provided to the respondents for this information collection is based on the Privacy Impact Assessment DHS/ALL/PIA-091. The Systems of Records Notices that will be included in this ICR include DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records, September 18, 2017, 82 FR 43556 DHS/USCIS-007 Benefits Information System, October 10, 2019, 84 FR 54622.

This information collection was constructed in compliance with regulations and authorities under the purview of the DHS Privacy Office, DHS OCIO, DHS Records Management, and OMB regulations regarding data collection, use, sharing, storage, information security, and retrieval of information.

There are no changes to the information being collected and there is no change to the estimated burden associated with this collection.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: In

accordance with the Privacy Act of 1974, the Department of Housing and Urban Development (HUD) proposes to establish a new system of records titled, “HR Case Management Solution.” This system of records covers HUD’s collection and maintenance of records on applicants for employment, employees, and other individuals who participate in HUD programs or activities who request or receive reasonable accommodations or other appropriate modifications from HUD for medical and religious reasons.

Title V of the Rehabilitation Act of 1973, as amended, prohibits discrimination in services and employment based on disability, and Title VII of the Civil Rights Act of 1974 prohibits discrimination, including on the basis of religion. These prohibitions on discrimination require Federal agencies to provide reasonable accommodations to individuals with disabilities and those with sincerely held religious beliefs unless doing so would impose an undue hardship. In some instances, individuals may request modifications to their workspace, schedule, duties, or other requirements for documented medical reasons that may not qualify as a disability but may necessitate an appropriate modification to workplace policies and practices.

The Office of the Chief Human Capital Officer (OCHCO), processes requests for reasonable accommodations from employees and applicants for employment, respectively, who require an accommodation due to a medical or religious reason; OCHCO also processes requests based on documented medical reasons that may not qualify as a disability but that necessitate an appropriate modification to workplace policies and practices. The request, documentation provided in support of the request, any evaluation conducted internally, or by a third party under contract to HUD, the decision regarding whether to grant or deny a request, and the details and conditions of the reasonable accommodation and exception requests are all included in this system of records.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Proposal: Public Housing Agency Executive Compensation Information.

OMB Approval Number: 2577-0272.

Type of Request: Revision of currently approved collection.

Form Number: HUD-52725.

Description of the need for the information and proposed use: Pursuant to a notice issued annually (most recently PIH Notice 2019-21), HUD collects information on the compensation provided by public housing agencies (PHAs) to its employees. More specifically, under this collection PHAs are to report the compensation paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD's annual appropriations (Level IV of the Executive Schedule).

This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Because PHAs receive significant direct federal funds HUD has been collecting compensation information to enhance regulatory oversight by HUD, as well as by state and local authorities. HUD provides the information collected to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Section 8 and 9 appropriated funds.

One of the primary purposes of this amendment to the PHA executive compensation information collection is to reduce the reporting burden on ALL PHAs by moving from an annual collection to collecting one year of data once every three years—this will reduce the reporting burden on PHAs by 66.7%.

While HUD may only collect PHA compensation data once every three years, PHAs are still subject to the annual compensation restrictions imposed by Congress. Therefore, all years remain subject to potential review

by HUD to ensure compliance with the Annual Appropriations Act.

Respondents: Public Housing Agencies.

Estimated Number of Respondents: 4,000.

Estimated Number of Responses: 4,000.
