

Sevilleta National Wildlife Refuge, the easement width would be reduced to 50 feet to conform with the existing Tri-State 115-kilovolt transmission line easement.

Both Alternatives 2 and 3 would be required for the Project. Additionally, the BLM has considered and analyzed additional route alternatives identified through public scoping, Title 41 of the Fixing America's Surface Transportation Act, and Nation-to-Nation consultation with Indian Tribes.

- **Component 4—SunZia West Substation:** SunZia also identified the need for a high voltage direct current converter station (SunZia West Substation) at a newly identified alternate location for the west-end receiving terminal in Arizona east of Red Rock. The revised location of the high voltage direct current converter station is needed because operation and interconnection capabilities for the west-end high voltage direct current receiving terminal could be better served at a dedicated and separate site. The southern portion of the current siting area (20–22 acres) for the SunZia West Substation overlaps with the permitted 400-foot-wide right-of-way and is located entirely on Arizona State Trust Land just east of Red Rock, Arizona. No Federal authorization is needed for the southern portion. Adjustment of the permitted right-of-way would be addressed with the State of Arizona. The total siting area is approximately 80.7 acres.

The BLM analyzed SunZia's proposed amendments and alternatives to the reroute of Segment 4 in the Final EIS. The BLM also considered a no action alternative in the Final EIS (*i.e.*, the BLM and other Federal agencies would not approve the localized route modifications, access roads and temporary work areas outside the granted right-of-way, the Segment 4 reroute, and the new location for the SunZia West Substation).

Agency-Proposed Alternative

The BLM has identified parts of the four proposed Project components as the agency's Proposed Alternative. The agency's Proposed Alternative is as follows:

- **Component 1:** Localized route modifications 1–5, and the 2015 Selected Route (the no action alternative in the Final EIS) for local route modification 6 in the Pinal Central area;
- **Component 2:** All access roads and temporary workspaces outside the granted right-of-way;
- **Component 3:** Alternative Route 2 (Subroute 2A–1) and Alternative Route 3 (Subroute 3A–1), which include

crossing the Sevilleta National Wildlife Refuge as well as co-locating the proposed SunZia Transmission Line with the Western Spirit 345-kilovolt Transmission Line at the Rio Grande crossing. For Subroute 3A–1, the agency Proposed Alternative includes Local Alternative 3B–2 to avoid two private residences near the Project; and

- **Component 4:** The 2015 Selected Alternative.

Public Input Received

A Notice of Availability of the Draft EIS for the proposed Project was published in the **Federal Register** on May 2, 2022 (87 FR 25653). Three virtual public meetings were held during the 90-day comment period. The BLM received 125 public comment documents during the comment period. The documents contained 609 individual comments with 36 substantive comments.

Comments on the Draft EIS received from the public and internal BLM review were considered and incorporated as appropriate into the Final EIS. Public comments resulted in the addition of clarifying text but did not significantly change proposed decisions.

Protest of the Proposed RMP Amendment

BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the Proposed RMP Amendment may protest its approval to the BLM. Protest on the Proposed RMP Amendment constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP Amendment. Instructions for filing a protest with the BLM regarding the Proposed RMP Amendment may be found online (see **ADDRESSES**). All protests must be in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website (see **ADDRESSES**). Protests submitted electronically by any means other than the ePlanning project website or by fax will be invalid unless a hard copy of the protest is also submitted. The BLM will render a written decision on each protest. The protest decision of the BLM shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and->

[nepa/public-participation/protest-resolution-reports](#). Upon resolution of protests, the BLM will issue a Record of Decision and Approved RMP Amendment.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Agency Information Collection Activities; Alaska Native Vietnam-Era Veterans Allotments

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before April 18, 2023.

ADDRESSES: Send your written comments on this information collection request (ICR) by mail to Darrin King, Information Collection Clearance Officer, U.S. Department of the Interior, Bureau of Land Management, Attention PRA Office, 440 W 200 S #500, Salt Lake City, UT 84101; or by email to BLM_HQ_PRA_Comments@blm.gov. Please reference Office of Management and Budget (OMB) Control Number 1004–0216 in the subject line of your comments. Please note that the electronic submission of comments is recommended.

FOR FURTHER INFORMATION CONTACT: To request additional information about this Information Collection Request

(ICR), contact Steven N. Scordino, by email at steven.scordino@sol.doi.gov, or by telephone at 907-271-4204. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor, and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How the agency might minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal

identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The information that is collected under this OMB Control Number enables the BLM to collect information related to Native veteran land allotment applications.
