BILLING CODE 9110-12-P

DEPARTMENT OF THE TREASURY**48 CFR Parts 1022 and 1052****RIN 1505-AC40**

**Department of the Treasury
Acquisition Regulations; Contract
Clause on Minority and Women
Inclusion in Contractor Workforce**

AGENCY: Departmental Offices, Treasury.

ACTION: Final rule.

SUMMARY: The Department of the Treasury (the Department) is amending the Department of the Treasury Acquisition Regulation (DTAR) to include a contract clause on minority and women inclusion, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act).

DATES: *Effective Date:* April 21, 2014.

FOR FURTHER INFORMATION CONTACT: Lorraine Cole, Director, Office of Minority and Women Inclusion, 202-927-8181 (this is not a toll-free number) or lorraine.cole@treasury.gov.

SUPPLEMENTARY INFORMATION:**I. Background and Proposed Rule**

Section 342 of the Dodd-Frank Act, 12 U.S.C. 5452, established an Office of Minority and Women Inclusion (OMWI) within certain agencies, including the Departmental Offices of the Department of the Treasury. Section 342(c)(2) provides that covered agencies shall require contractors to provide a written statement that the "contractor shall ensure, to the maximum extent possible,

the fair inclusion of women and minorities in the workforce of the contractor, and as applicable, subcontractors." This rule will implement the statement required by the Dodd-Frank Act through a contract clause.

The contract clause, which is similar to those adopted by other OMWI agencies, requires that a contractor make good faith efforts to include minorities and women in its workforce. This standard is derived from section 342(c)(3) of the Dodd-Frank Act, which provides for remedies, including termination, against a contractor that fails to make good faith efforts to include minorities and women in its workforce. Treasury interprets "good faith efforts" to mean efforts consistent with the Equal Protection Clause of the Constitution, Title VII of the Civil Rights Act of 1964, and Executive Order 11246, as amended, such as the identification and elimination of employment barriers, the widespread publication of employment opportunities, and other forms of outreach to minorities and women.

Section 342 applies to "all contracts . . . for services of any kind," but the section does not define the term "contract." Treasury applies the clause to all service contracts above the simplified acquisition threshold. Further, as noted above, section 342 applies to Treasury Departmental Offices (DO). DO does not currently include an office responsible for operational procurement; acquisitions in support of DO are performed primarily by the Internal Revenue Service Office of Treasury Procurement Services. The clause will be included in all service contracts in support of requirements originating from DO, regardless of the Treasury component performing the acquisition.

II. This Final Rule

In its August 21, 2012, proposed rule, the Department solicited public comments on all aspects of the proposal. This comment period closed on October

22, 2012, and eight comment letters were received. Comments were received from interest groups, private citizens, and law students. This section sets out significant comments raised by the commenters and the Department's response to these comments. As set forth below, the Department has considered the comments and is adopting the proposed rule with two minor changes in response to comments received, which are noted below.

Public Comments and Department Responses

One commenter suggested that the clause should apply only to subcontracts subject to reporting under FAR clause 52.204-10. The Department declines to adopt this suggestion. It is, however, the Department's intent that the clause should be required only in subcontracts that are awarded to support a covered contract. To clarify this point, Treasury has modified the language of the clause to require flow-down only to "subcontracts awarded under" the contract.

One commenter suggested inserting the language "including Title VII of the 1964 Civil Rights Act" after "To implement this commitment, the Contractor shall ensure, to the maximum extent possible consistent with applicable law, the fair inclusion of minorities and women in its workforce." The commenter contends that, without the insertion, there is a danger of discrimination against men and non-minorities.

The Department does not believe that a specific reference to Title VII is necessary. The Department believes that its contractors are aware of their obligations under that statute. Further, our contracts contain a separate clause, FAR 52.222-26, Equal Opportunity, that expressly prohibits discrimination.

Several commenters suggested that the Department require specified documentation to demonstrate a "good faith effort." These suggestions are not adopted. The clause provides Treasury with the authority to obtain
