Product Cancellation Order for Certain Rodenticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrant and accepted by the Agency, of certain rodenticide products containing the pesticide active ingredients brodifacoum, difethialone and warfarin, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). These cancellations are effective January 1, 2015. This cancellation order follows a June 18, 2014, **Federal Register** Notice of Receipt of a Request from the registrant to voluntarily cancel these product registrations. These are not the last products containing these pesticide active ingredients registered for use in the United States. In the June 18, 2014, Notice, EPA indicated that it would issue an order cancelling these products unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests. The Agency did not receive any comments on the notice. Further, the registrant has not withdrawn its request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations effective January 1, 2015. Any distribution, sale, or use of products cancelled by this order is permitted only in accordance with the provisions of this order concerning existing stocks of the cancelled products.

DATES: The cancellations are effective January 1, 2015.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of the brodifacoum, difethialone, and warfarin registrations identified in Tables 1, 2, and 3 of Unit II. Accordingly, the Agency orders that the product registrations identified in Tables 1, 2, and 3 of Unit II. are cancelled effective January 1, 2015. V. What is the Agency's authority for taking this action?

FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of cancelled pesticide products that are in the United States and that were appropriately packaged, labeled, and released for shipment prior to the effective date of cancellation of the underlying registration. This cancellation order includes the following provisions regarding existing stocks of the registrations identified in Tables 1, 2, and 3:

1. Reckitt Benckiser is permitted to sell and distribute existing stocks to its existing customers until March 31, 2015. During this time period, Reckitt Benckiser is also permitted to ship product for the purpose of returning material back to Reckitt Benckiser or for the purpose of disposal.

2. Reckitt Benckiser is permitted to sell and distribute existing stocks after March 31, 2015, only for the limited purposes of returning material back to Reckitt Benckiser or for disposal.

3. The sale and distribution of existing stocks by persons other than Reckitt Benckiser (e.g., distributors, retailers) is permitted until such stocks are exhausted.
