

Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), because it is not economically significant.

National Technology Transfer Advancement Act

In reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the state to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

Paperwork Reduction Act

This rule does not impose an information collection burden under the

provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under Section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 18, 2005. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial

review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See Section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements, Sulfur oxides.

Dated: September 7, 2005.

Bharat Mathur, Acting Regional Administrator, Region 5.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:
Authority: 42 U.S.C. 7401 et seq.

Subpart Y—Minnesota

■ 2. In § 52.1220 the table in paragraph (d) is amended by revising the entry for “Flint Hills Resources, L.P.” to read as follows:

§ 52.1220 Identification of plan.

BILLING CODE 6560–50–P

DEPARTMENT OF HOMELAND SECURITY
Federal Emergency Management Agency
44 CFR Part 64
[Docket No. FEMA–7780]
List of Communities Eligible for the Sale of Flood Insurance
AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Final rule.
SUMMARY: This rule identifies communities that are participating and suspended from the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities’ participation in the program authorizes the sale of flood insurance to owners of properties located in the communities listed below.
EFFECTIVE DATES: The effective date for each community is listed in the fourth column of the following tables.

ADDRESSES: Flood insurance policies for properties located in the communities listed below can be obtained from any licensed property insurance agent or broker serving the eligible community or from the NFIP by calling 1-800-638-6620.

FOR FURTHER INFORMATION CONTACT: Michael M. Grimm, Mitigation Division, 500 C Street SW, Room 412, Washington, DC 20472, (202) 646-2878.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance that is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Because the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for properties in these communities.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the

communities listed where a flood map has been published, Section 202 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4016(a), requires the purchase of flood insurance as a condition of Federal or Federally-related financial assistance for acquisition or construction of buildings in the SFHAs shown on the map.

The Administrator finds that delayed effective dates would be contrary to the public interest and that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities in accordance with the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the rule creates no additional burden, but lists those communities eligible for the sale of flood insurance.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act

This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

■ Accordingly, 44 CFR Part 64 is amended as follows:

PART 64—[AMENDED]

■ 1. The authority citation for Part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*, Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 64.6 [Amended]

■ The tables published under the authority of § 64.6 are amended as follows:

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 660

[Docket No. 041130335-5154-02; I.D. 091305E]

Fisheries Off West Coast States and in the Western Pacific; Coastal Pelagic Species Fisheries; Reallocation of Pacific Sardine

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation of Pacific Sardine.

SUMMARY: NMFS announces the reallocation of the remaining Pacific sardine harvest guideline in the exclusive economic zone off the Pacific coast. On September 1, 2005, 85,132 metric tons (mt) of the 136,179-mt harvest guideline are estimated to remain unharvested. The Coastal Pelagic Species Fishery Management Plan (FMP) requires that a review of the fishery be conducted and any uncaught portion of the harvest guideline remaining unharvested in Subarea A (north of Pt. Arena, CA) and Subarea B (south of Pt. Arena, CA) be added together and reallocated, with 20 percent allocated to Subarea A and 80 percent to Subarea B; therefore, 17,026 mt is allocated to Subarea A and 68,106 mt is allocated to Subarea B. This action ensures that a sufficient amount of the Pacific sardine resource is available to all harvesters on the Pacific coast and to achieve optimum yield.

DATES: Effective September 14, 2005, through December 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Tonya L. Wick, Southwest Region, NMFS, 562-980-4036.

SUPPLEMENTARY INFORMATION: On June 22, 2005, NMFS published notice of a harvest guideline of 136,179 mt for Pacific sardine in the **Federal Register** (70 FR 36053) for the fishing season January 1, 2005, through December 31, 2005. The harvest guideline was allocated as specified in the FMP, that is, one-third (45,393 mt) for Subarea A, which is north of 39° 00' 00" N. lat. (Pt. Arena, CA) to the Canadian border; and two-thirds (90,786 mt) for Subarea B, which is south of 39° 00' 00" N. lat. to the Mexican border.

On August 26, 2003, a regulatory amendment to the FMP developed by the Pacific Fishery Management Council (Council) was approved, and a final rule implementing the amendment was published in the **Federal Register** on September 5, 2003 (68 FR 52523). The amendment (1) changed the definition of Subarea A and Subarea B by moving the geographic boundary between the two areas from Pt. Piedras Blancas at 35° 40' 00" N. lat. to Pt. Arena at 39° 00' 00" N. lat.; (2) changed the date when Pacific sardine that remain unharvested are reallocated to Subarea A and Subarea B from October 1 to September 1; (3) changed the percentage of the unharvested sardine that is reallocated to Subarea A and Subarea B from 50 percent to both subareas to 20 percent to Subarea A and 80 percent to Subarea B; and (4) reallocated all unharvested sardine that remain on December 1 coast wide.

NMFS anticipates slightly higher landings in the Pacific Northwest in 2005 than landings for the same period during the 2004 fishing season. NMFS anticipates landings by September 1 in Subarea A north of Pt. Arena of 30,997 mt; therefore, 14,396 mt of the initial allocation to Subarea A of 45,393 mt will remain unharvested. NMFS anticipates lower landings in California than landings for the same period in 2004. NMFS anticipates landings of 20,050 mt by September 1 in Subarea B south of Pt. Arena; therefore, 70,736 mt of the initial allocation to Subarea B of 90,786 mt remains unharvested. Based on this information, NMFS anticipates

that a total of 85,132 mt of the 136,179 mt harvest guideline will remain unharvested on September 1, 2005. Therefore, according to the requirements of the FMP, as amended, NMFS reallocates 20 percent of 85,132 mt (17,026 mt) to Subarea A, and reallocates 80 percent of 85,132 mt (68,106 mt) to Subarea B.

Any portion of the 136,179 mt harvest guideline that remains unharvested in Subarea A and Subarea B on December 1, 2005, will be available for harvest coast-wide until the 136,179-mt harvest guideline is reached and the fishery closed.

Classification

This action is authorized by the FMP in accordance with 50 CFR 660.517 and is exempt from review under Executive Order 12866.

The Assistant Administrator for Fisheries, NOAA (AA) finds good cause under 5 U.S.C. 553(b)(B) to waive prior notice and an opportunity for public comment on this action because doing so is impracticable. It is impracticable because the information upon which the reallocation is based was not available until September 1, 2005, and affording prior notice and opportunity for public comment would delay the agency reallocating Pacific sardine and thus preclude all harvesters from accessing the Pacific sardine resource when it was available for harvest.

For the reasons mentioned above, the AA also finds good cause under 5 U.S.C. 553(d)(3) to waive the 30 day delay in the effectiveness of this action because it relieves a restriction.

The analytical requirement of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable because prior notice and opportunity for public comment are not required for this action by 5 U.S.C. 553, or any other applicable law.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 13, 2005.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
