SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: USACE Regulatory Program General Forms; ENG Forms 4336, 4345, 6082, 6233, 6284–6287, 6294, and 6295; OMB Control Number 0710–0003.

Needs and Uses: The USACE (Corps), through its Regulatory Program, regulates certain activities in waters of the United States (WOTUS), pursuant to Section 404 of the Clean Water Act (CWA). WOTUS are defined under 33 CFR part 328. The Corps also regulates certain activities in “navigable waters of the United States” pursuant to Sections 9 and 10 of the Rivers and Harbors Act of 1899 (RHA). The information collected is used to evaluate, as required by law, proposed construction or filling in WOTUS that result in impacts to the aquatic environment and nearby properties, and to determine which type of permit would be required if one was needed. Respondents are private landowners, businesses, nonprofit organizations, and government agencies. Respondents also include sponsors of proposed and approved mitigation banks and in-lieu fee programs.

The USACE is required by three Federal laws, passed by Congress, to regulate construction-related activities in waters of the United States. This is accomplished through the review of applications for permits to do this work. There are five types of permits that may be used. The ENG 4345 form used for standard permit applications has been in use since the 1970s and the request to extend the expiration date is being provided in this notice. The ENG 6082 used for Nationwide Permits (NWP) pre-construction notifications has been in use for several years. NWPs are one type of permit authorization that involves a streamlined review process to ensure that no more than minimal individual or cumulative adverse environmental effect result from construction of the proposed activity. NWPs authorize discharges of dredged or fill material into waters of the United States pursuant to section 404 of the CWA and structures or work in navigable waters under section 10 of the Rivers and Harbors Act of 1899. With the exception

of the ENG 4345, use of the forms is optional, but allows the Corps to collect the information needed to evaluate the applicants’ proposal to determine eligibility for authorization. The Corps will provide outreach materials to guide the public in which of the forms should be used and how using the form and providing the information requested can reduce the time it takes to review whether an application is complete. The information collected is used to evaluate, as required by law, proposed construction or filling in WOTUS that result in impacts to the aquatic environment and nearby properties, and to determine which type of permit would be required if one was needed.

In addition to the renewal of the ENG 4345 and ENG 6082, the Corps is also proposing seven new enterprise-level collections for (1) Notice of USACE Permit (ENG 4336), (2) Regulatory Violation Complaint (ENG 6284), (3) Certification of Compliance with Department of the Army Permit (ENG 6285), (4) Request for Pre-Application Meeting (ENG 6286), (5) Notification of Administrative Appeal Options and Process and Request for Appeal (ENG 6287), (6) Right of Entry (ENG 6294), and (7) Authorization to Act as an Agent (ENG 6295). The Corps is proposing to add these seven new forms to the collection to facilitate common requests from the public in a streamlined and standardized fashion that will be common across Corps districts. This collection would include new forms to certify compliance with Corps permits, request a pre-application meeting, request an administrative appeal, and/or report a violation. The Corps also proposes to incorporate its Customer Service Survey (ENG 6233) into this collection.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Qualitative Research to Better Understand the Experiences of Racial/Ethnic Minority Service Members; DoD-wide Data Collection and Analysis for the Department of Defense Qualitative and Quantitative Data Collection in Support of the Independent Review Commission on Sexual Assault Recommendations; OMB Control Number 0704–0644.

Type of Request: New.

Number of Respondents: 314.

Responses per Respondent: 1.

Annual Responses: 314.

Average Burden per Response: 1.42 hours.

Annual Burden Hours: 446.

Needs and Uses: In 2021, at the direction of President Biden, Secretary of Defense Lloyd Austin ordered an Independent Review Commission (IRC) to review sexual assault in the military and provide recommendations to remedy the issue within the DoD. In issuing their report, among other recommendations, the IRC advised “the Department should commission qualitative research to better understand the experiences of racial/ethnic

minority service members and their perceptions of climate, attitudes, and experiences with sexual assault and sexual harassment, and gender and racial discrimination.” (Recommendation c7.1). This proposed research is in response to that specific recommendation by the IRC to better understand the intersection of gender, race, and ethnicity and experiences of sexual assault, sexual harassment, gender discrimination, and racial discrimination.

Furthermore, this research will address a critical knowledge gap that exists within the DoD. The DoD is committed to diversity, equity, and inclusion, and has conducted past research in this area; however, there are limited data on how racial/ethnic minority Service members perceive and experience sexual assault, sexual harassment, gender discrimination, and racial discrimination. This gap persists despite research that indicates racial/ethnic minority Service members are at an increased risk for these unwanted experiences (Breslin et al., 2022; Daniel et al., 2019). Using data from the 2017 Workplace and Equal Opportunity Survey of Active-Duty Members, researchers found Active-duty Service members who reported an unhealthy diversity and inclusion climate (e.g., experienced racial/ethnic harassment and discrimination, hazing/bullying) were more likely to identify as racial/ethnic minority members, female, and/or not heterosexual (Daniel et al., 2022). As experiences of sexual assault, sexual harassment, gender discrimination, and racial discrimination are associated with decreased health (e.g., overall wellbeing, increased depression, anxiety), they threaten not only the health and wellbeing of individual Service members but the overall health and readiness of the military (Daniel et al., 2022). With the DoD already facing significant recruiting shortfalls the past few years, these systemic risks for racial/ethnic Service members further threaten recruitment and retention in the military.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Travis Air Force Base Exceptional Family Member Program (EFMP) Pilot Program Evaluation Survey; OMB Control Number 0720-EFMP.

Type of Request: New.

Number of Respondents: 240.

Responses per Respondent: 1.

Annual Responses: 240.

Average Burden per Response: 11 minutes.

Annual Burden Hours: 44.

Needs and Uses: The 60th Medical Group (60 MDG) at David Grant Medical Center on Travis Air Force Base is taking part in a pilot program for Exceptional Family Member Program (EFMP) family members. The goal of this pilot program is to connect EFMP families with quality medical and non-medical resources to support and care for their family members. In this pilot program, EFMP family members at David Grant are being provided with “Care Maps” that identify resources tailored to their diagnoses. 60 MDG intends to conduct a web-based survey to solicit feedback on the efficacy and usefulness of these resources, as well as feedback from EFMP families at David Grant that have not received specialized maps to understand their experience in obtaining EFMP care without said resources. Survey results will be used as part of a larger evaluation of this pilot program, which was requested by the Director of Defense Health Affairs. Moreover, in pursuant of DoD Instruction 1315.19, “Exceptional Family Member Program,” there shall be monitoring and evaluation of the EFMP including “establishing and implementing a mechanism to obtain the level of satisfaction of military families with special needs enrolled in the EFMP with the support provided.”

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.
