### Approval and Promulgation of Air Quality Implementation Plans; Illinois

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve a request submitted by the Illinois Environmental Protection Agency

(IEPA) on January 24, 2008, to revise the Illinois State Implementation Plan (SIP) for volatile organic compounds (VOC). The proposed approval revises the Illinois SIP by updating information regarding the packaging production facility of Cromwell-Phoenix, Incorporated, located in Alsip, Illinois. It acknowledges that the source has changed its name from Cromwell-Phoenix, Incorporated, to CP-D Acquisition Company, LLC, as a consequence of a change in ownership. The revision does not change any of the VOC control requirements and will not increase VOC emissions because no emission limits were increased.
