

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart CCCCC).

Estimated number of respondents: 14 (total).

Frequency of response: Quarterly and semiannually.

Total estimated burden: 23,900 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$2,950,000 (per year), which includes \$125,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: The decrease in burden from the most-recently approved ICR is due to a decrease in the number of sources. There is an adjustment decrease in labor hours from the most-recently approved ICR. This decrease reflects revisions to the number of existing respondents that are anticipated to reconstruct or close batteries subject to this standard. This decrease is not due to any program changes. Since there are no changes in the regulatory requirements and there is no significant industry growth, there are also no changes in the capital/startup and/or operation and maintenance (O&M) costs.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R08-SFUND-2022-0229; FRL-9559-01-R8]

CERCLA Administrative Settlement Agreement for Removal Action and Payment of Response Costs by Bona Fide Prospective Purchaser, Vasquez Boulevard & Interstate I-70 Superfund Site, Denver, Colorado

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed agreement; request for public comment.

SUMMARY: Notice is hereby given by the U.S. Environmental Protection Agency (EPA), Region 8, of a proposed bona fide prospective purchaser settlement agreement embodied in an Order on Consent, with Vita Fox North L.P. This agreement provides for the performance of a removal action by Purchaser and the payment of certain response costs incurred by the United States at or in connection with the property located at 4400 North Fox Street, 4300 North Fox Street and 700 West 4th Avenue in Denver, Colorado, which is part of the

Vasquez Boulevard & Interstate 70 Superfund Site. The project will enhance the protectiveness of the remedy during development and future use of the property.

DATES: Comments must be submitted on or before March 31, 2022.

ADDRESSES: The proposed agreement and additional background information relating to the agreement will be available upon request. To reduce the risk of COVID-19 transmission, for this action we do not plan to offer hard copy review of the docket. Comments and requests for a copy of the proposed agreement should be addressed to Julie Nicholson, Enforcement Specialist, Superfund and Emergency Management Division, Environmental Protection Agency-Region 8, Mail Code 8SEM-PAC, 1595 Wynkoop Street, Denver, Colorado 80202, (303) 312-6343, nicholson.julie@epa.gov and should reference the Vasquez Boulevard & Interstate I-70 Superfund Site.

You may also send comments, identified by Docket ID No. EPA-R08-SFUND-2022-0229 to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT:

Mark Chalfant, Senior Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency, Region 8, Mail Code 8ORC-LEC, 1595 Wynkoop, Denver, Colorado 80202, telephone number: (303) 312-6177, email address: chalfant.mark@epa.gov.

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA") notice is hereby given by the U.S. Environmental Protection Agency (EPA), Region 8, of a proposed bona fide prospective purchaser Administrative Settlement Agreement, embodied in an Administrative Settlement Agreement for Removal Action and Payment of Response Costs ("Settlement Agreement") with the prospective purchaser, Vita Fox North L.P. ("Purchaser"). This proposed Settlement Agreement provides for the performance of a removal action by Purchaser and the payment of certain response costs incurred by the United States at or in connection with the property located at 4400 North Fox Street, 4300 North Fox Street and 700 West 4th Avenue in Denver, Colorado (the "Property"), which is part of the Vasquez Boulevard & Interstate 70 Superfund Site ("Site"). The proposed Settlement Agreement also provides a covenant not to sue or to take

administrative action from the United States to Purchaser pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), for Existing Contamination, the Work, and the payment of response costs.

For thirty (30) days following the date of publication of this document, the Agency will receive written comments relating to the agreement. The Agency will consider all comments received and may modify or withdraw its consent to the agreement if comments received disclose facts or considerations that indicate that the agreement is inappropriate, improper, or inadequate.

Betsy Smidinger,

Division Director, Superfund and Emergency Management Division, Region 8.

Agency Information Collection Activities; Proposed Renewal of an Existing Collection and Request for Comment; Residential Lead-Based Paint Hazards Disclosure Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces the availability of and solicits public comment on an Information Collection Request (ICR) that EPA is planning to submit to the Office of Management and Budget (OMB). The ICR, entitled: "Residential Lead-Based Paint Hazards Disclosure Requirements" EPA ICR No. 1710.09 and OMB Control No. 2070-0151, represents the renewal of an existing ICR that is scheduled to expire on November 30, 2022. Before submitting the ICR to OMB for review and approval under the PRA, EPA is soliciting comments on specific aspects of the proposed information collection summarized in this document. The ICR and accompanying material are available in the docket for public review and comment.

DATES: Comments must be received on or before May 2, 2022.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2017-0631, using the Federal eRulemaking Portal at <http://www.regulations.gov>. Follow the

online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) is open to visitors by appointment only. For the latest status information on EPA/DC and docket access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

Katherine Sleasman (7101M), Office of Program Support, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 420-0580; email address: sleasman.katherine@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A), 44 U.S.C. 3506(c)(2)(A), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Residential Lead-Based Paint Hazards Disclosure Requirements.

ICR numbers: EPA ICR No. 1710.09; OMB Control No. 2070-0151.

ICR status: The existing ICR is currently scheduled to expire on November 30, 2022. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR covers the information collection activities associated with the reporting and recordkeeping requirements for sellers, lessors, and their agents' disclosure activities in target housing including the allowance of up to ten days for an optional risk assessment or inspection before being obligated under a purchase or lease contract.

The ICR supporting statement, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized in this document.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.12 hours per response.

Respondents/Affected Entities: Persons engaged in selling or leasing certain residential dwellings built before 1978. The North American Industrial Classification System (NAICS) codes associated with industries most likely affected by the paperwork requirements are provided in the ICR.

Respondent's obligation to respond: Mandatory (40 CFR part 745).

Estimated total number of potential respondents: 16,793,558.

Frequency of response: On occasion.

Estimated total annual burden hours: 5,481,069 hours.

Estimated total annual costs: \$133,320,708, which includes an estimated cost of \$0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 471,275 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. As explained in more detail in the ICR, this decrease reflects revisions to the estimated number of respondents based on updates to data sources, revisions to time burden estimates due to technological change (e.g., widespread use of electronic real estate transacting and documentation), and revisions based on market factors (e.g., declines in the numbers of rentals and declines in the amount of owner-occupied target housing in the market). EPA is also revising the seller's and lessor's disclosure of information sample forms to provide greater clarity on how to fill out the forms under 40 CFR part 745, subpart F and 24 CFR part 35, subpart A. EPA appreciates comments regarding these clarifying revisions to the sample forms.

In addition, OMB has requested that EPA move towards using the 18-question format for ICR Supporting Statements used by other federal agencies and departments and that is based on the submission instructions established by OMB in 1995, replacing the alternate format developed by EPA and OMB prior to 1995. The Agency does not expect this change in format to result in substantive changes to the information collection activities or related estimated burden and costs.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: February 23, 2022.

Michal Freedhoff,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.
