¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Under table 2 of this document, the number of respondents is based on the number of manufacturers subject to those regulations. Based on information obtained from CBER's database system, there were approximately 329 licensed manufacturers of biological products. However, the number of recordkeepers

listed for § 600.12(a) through (e), excluding paragraph (b)(2), is estimated to be 111. This number excludes manufacturers of blood and blood components because their burden hours for recordkeeping have been reported under § 606.160 in OMB control number 0910–0116. The total annual records is

based on the annual average of lots released (6,747), number of recalls made (1,646) and total number of AER reports received (24,040) in the years 2000 and 2001. The hours per record are based on FDA's experience. FDA estimates the burden of this recordkeeping as follows:
