

second quarter. Each Bank shall submit its annual Mortgage Report within 60 days after the end of the calendar year.

(d) *Revisions to Reports.* At any time before submission of its annual Mortgage Report, a Bank may revise its first semi-annual Mortgage Report for that year.

(e) *Format.* The Banks shall submit to the Director computerized loan-level data with the Mortgage Report, in the format specified in writing by the Director.

§ 1281.22 Periodic reports.

Each Bank shall provide to the Director such reports, information and data as the Director may request from time to time, or as may be supplemented in the DRM.

§ 1281.23 Bank data integrity.

(a) *Certification.* (1) The senior officer of each Bank who is responsible for submitting the annual Mortgage Report, or for submitting any other report(s), data or other information for which certification is requested in writing by the Director, shall certify such report(s), data or information.

(2) The certification shall state as follows: "To the best of my knowledge and belief, the information provided herein is true, correct and complete."

(b) *Adjustment to correct errors, omissions or discrepancies.* FHFA shall determine on an annual basis the official housing goals performance figures for a Bank that is subject to the housing goals. FHFA may resolve any error, omission or discrepancy by adjusting the Bank's official housing goals performance figure. If the Director determines that the year-end data reported by a Bank for a year preceding the latest year for which data on housing goals performance was reported to FHFA contained a material error, omission or discrepancy, the Director may increase the corresponding housing goal for the current year by the number of mortgages that the Director determines were overstated in the prior year's goal performance.

Docket No. 10-AAL-10]

Establishment of Class E Airspace; Port Clarence, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects errors in the legal description and airport coordinates for Port Clarence Coast Guard Station (CGS) Airport, Port Clarence, AK, contained in a final rule that was published in the **Federal Register**.

DATES: Effective date 0901 UTC, January 13, 2011.

SUPPLEMENTARY INFORMATION:

History

Federal Register Document FAA-2010-0354, Airspace Docket No. 10-AAL-10, published on Tuesday, October 12, 2010 [75 FR 62457] establishes Class E airspace at Port Clarence CGS Airport, Port Clarence, AK. The airspace description referred to the Anchorage Arctic CTA/FIR boundary as a limitation of the western boundary of the Class E airspace area. This reference is in error and is corrected by substituting the actual coordinates of the boundary. The airport reference point coordinates also contained an error caused by rounding. This action corrects that error. The correct full legal description is provided below.

Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, the Class E airspace legal description for Port Clarence CGS Airport, published in the **Federal Register**, Tuesday, October 12, 2010 (75 FR 62457), FR Doc 2010-25479, page 62458, column 2 is corrected as follows:

AAL AK E5 Port Clarence, AK [Corrected]
Port Clarence, CGS Airport, AK

(Lat. 65°15'12" N., Long. 166°51'27" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the Port Clarence CGS Airport, AK and within 1.5 miles either side of the 180° bearing from the Port Clarence CGS Airport, extending from the 6.4-mile radius to 13.2 miles south of the Port Clarence CGS Airport; and that airspace extending upward from 1,200 feet above the surface within a 73 mile radius of the Port Clarence CGS Airport, AK, excluding that portion extending west of a line from Lat. 64°48'20" N., Long. 169°31'27" W., to Lat. 60°00'00" N., Long. 168°58'23" W., to Lat. 66°05'44" N., Long. 168°58'23" W.

Issued in Anchorage, AK, on December 13, 2010.

Schedule of Fees for Access to NOAA Environmental Data, Information, and Related Products and Services

AGENCY: National Environmental Satellite, Data and Information Service (NESDIS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Final rule.

SUMMARY: In this final rule, NESDIS establishes a new schedule of fees for the sale of its data, information, and related products and services to users. NESDIS is revising the fee schedule to ensure that the fees accurately reflect the costs of providing access to the environmental data, information, and related products and services. NESDIS is authorized under 15 U.S.C. 1534 to assess fees, up to fair market value, for access to environmental data, information, and products derived from, collected, and/or archived by NOAA. Other than depreciation, costs to upgrade computer hardware and software systems will not be included in the fees charged to users.

DATES: *Effective Date:* February 28, 2011.

FOR FURTHER INFORMATION CONTACT: Angel Robinson (301) 713-9230 ext 186.

SUPPLEMENTARY INFORMATION:

Background

NESDIS operates NOAA's National Data Centers for Climate, Geophysics, Oceans, and Coasts. Through these Data Centers, NESDIS provides and ensures timely access to global environmental data from satellites and other sources, provides information services, and develops science products.

NESDIS maintains some 1,300 data bases containing over 2,400 environmental variables at three National Data Centers and seven World Data Centers. These centers respond to over 2,000,000 requests for these data and products annually from over 70 countries. This collection of environmental data and products is growing exponentially, both in size and sophistication.

Users have the ability to access the data offline, online and through the NESDIS.

e-Commerce System (NeS) online store. Our ability to provide these data, information, products and services depends on user fees.

New Fee Schedule

The new fee schedule lists both the current fee charged for each item and

the new fee to be charged to users that will take effect beginning February 1, 2011. The schedule applies to the listed services provided by NESDIS on or after this date, except for products and services covered by a subscription agreement in effect as of this date that extends beyond this date. In those cases, the increased fees will apply upon renewal of the subscription agreement or at the earliest amendment date provided by the agreement.

NESDIS will continue to review the user fees periodically, and will revise such fees as necessary. Any future changes in the user fees and their effective date will be announced through notice in the **Federal Register**.

Classification

This rule has been determined to be not significant for purposes of E.O. 12866. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking and the opportunity for public participation are inapplicable because this rule falls within the proprietary exception of subparagraph (a)(2) of section 553. Further, no other law requires that a notice of proposed

rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. 553 or by any other law, the requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 926

[SATS No. MT-029-FOR; Docket ID No. OSM-2008-0022]

Montana Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Department of the Interior.

ACTION: Final rule; approval of amendment.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSMRE) is approving an amendment to the Montana regulatory program (the “Montana program”) under the Surface Mining Control and Reclamation Act of 1977 (“SMCRA” or “the Act”). Montana is proposing the addition of guidelines regarding normal husbandry practices to improve operational efficiency and to ensure that the husbandry practices used by the permittee during the period of responsibility for revegetation success and bond liability are normal husbandry practices within the region for unmined lands.

DATES: *Effective Date:* December 27, 2010.

FOR FURTHER INFORMATION CONTACT: Jeff Fleischman, Director, Casper Field Office Telephone: (307) 261-6550 Internet Address: jfleischman@osmre.gov.

SUPPLEMENTARY INFORMATION:

- I. Background on the Montana Program
- II. Submission of the Proposed Amendment
- III. Office of Surface Mining Reclamation and Enforcement’s Findings
- IV. Summary and Disposition of Comments
- V. OSMRE’s Decision
- VI. Procedural Determinations

I. Background on the Montana Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this [Act] * * *; and rules and regulations consistent with regulations issued by the Secretary pursuant to this [Act].” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Montana program on April 1, 1980. You can find background information on the Montana program, including the Secretary’s findings, the disposition of comments, and conditions of approval in the April 1, 1980, **Federal Register** (45 FR 21560).

You can also find later actions concerning Montana’s program and program amendments at 30 CFR 926.15, 926.16, and 926.30.

II. Submission of the Proposed Amendment

By letter dated July 3, 2008, Montana sent OSMRE an amendment to its program (SATS number MT-029-FOR; Administrative Record No. OSM-2008-0022) under SMCRA (30 U.S.C. 1201 *et seq.*). Montana sent the amendment to include the changes made at its own initiative.

We announced receipt of the proposed amendment in the November 10, 2008, **Federal Register** (73 FR 66569). In the same document, we opened the public comment period and provided an opportunity for a public hearing or meeting on the amendment’s adequacy (Administrative Record No. OSM-2008-0022-0001). We did not hold a public hearing or meeting because no one requested one. The public comment period ended on December 10, 2008. We did not receive any comments.

During our review of the amendment, we identified concerns regarding the proposed normal husbandry practices for *Landscaping Activities* and *Erosion and Settling Repair*. We notified Montana of these concerns by letter dated April 16, 2009 (Administrative Record No. OSM-2008-0022-0013). Our concerns are explained in detail in Section III of this notice.
