[FRL-6879-2]

South Carolina: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: South Carolina has applied to EPA for Final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to South Carolina. In the "Rules and Regulations" section of this **Federal Register**, EPA is authorizing the changes by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send your written comments by November 3, 2000.

ADDRESSES: Send written comments to Narindar Kumar, Chief RCRA Programs Branch, Waste Management Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta, GA, 30303-3104; (404) 562-8440. CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

40 CFR Part 1601

Freedom of Information Act Program

AGENCY: Chemical Safety and Hazard Investigation Board.

ACTION: Proposed rule.

SUMMARY: The Chemical Safety and Hazard Investigation Board proposes to adopt regulations for requesting and disclosing records under the Freedom of Information Act (FOIA). The FOIA requires Federal agencies to create regulations establishing procedures for its implementation. These regulations will ensure the proper handling of agency records and requests for those records under the FOIA.

DATES: Submit comments on or before November 3, 2000.

ADDRESSES: Address all comments concerning this proposed rule to Ray Porfiri, United States Chemical Safety and Hazard Investigation Board, 2175 K Street, NW., Suite 400, Washington, DC 20037-1809.

FOR FURTHER INFORMATION CONTACT: Ray Porfiri, 202-261-7629.

SUPPLEMENTARY INFORMATION: These proposed regulations implement the Freedom of Information Act (FOIA), 5 U.S.C. 552, as amended by the Electronic Freedom of Information Act Amendments of 1996, Public Law 104-231, 110 Stat. 3048. The Board proposes the following set of regulations to discharge its responsibilities under the FOIA. The FOIA establishes: basic

procedures for public access to agency records and guidelines for waiver or reduction of fees the agency would otherwise assess for the response to the records request; categories of records that are exempt for various reasons from public disclosure; and basic requirements for Federal agencies regarding their processing of and response to requests for agency records. The Board invites comments from interested groups and members of the public on these proposed regulations.

Regulatory Flexibility Act

The Board, in accordance with the Regulatory Flexibility Act, 5 U.S.C. 605(b), has reviewed this proposed regulation and by approving it certifies that this regulation will not have a significant economic impact on a substantial number of small entities. Under the FOIA, agencies may recover only the direct costs of searching for, reviewing, and duplicating the records processed for requesters. Thus, fees assessed by the Board will be nominal. Further, the "small entities" that make FOIA requests, as compared with individual requesters and other requesters, are relatively few in number.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, we did not deem any action necessary under the provisions of the Unfunded Mandates Reform Act of 1995, Pub. L. 104-4, 109 Stat. 48.
