Pipeline and Hazardous Materials Safety Administration

[Docket No.: PHMSA-97-2995]

Pipeline Safety: Random Drug Testing Rate

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice of minimum annual percentage rate for random drug testing.

SUMMARY: Each year pipeline operators randomly select employees to test for prohibited drugs. The number of selections may not be less than the minimum annual percentage rate PHMSA determines, either 50 percent or 25 percent of covered employees, based on the industry's positive rate of

random tests. In accordance with applicable standards, PHMSA has determined that the positive rate of random drug tests reported by operators this calendar year for testing done in calendar year 2005 is less than 1.0 percent. Therefore, in calendar year 2006, the minimum annual percentage rate for random drug testing is 25 percent of covered employees.

DATES: Effective January 1, 2006, through December 31, 2006.

FOR FURTHER INFORMATION CONTACT: Stanley Kastanas, PHMSA, Room 2103, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590, telephone (202) 366-3844 or e-mail Stanley.Kastanas@DOT.GOV.

SUPPLEMENTARY INFORMATION: Operators of gas, hazardous liquid, and carbon dioxide pipelines and operators of liquefied natural gas facilities must annually submit Management Information System (MIS) reports of drug testing done in the previous calendar year (49 CFR 199.119(a)). One

of the uses of this information is to calculate the minimum annual percentage rate at which operators must randomly select covered employees for drug testing during the next calendar year (49 CFR 199.105(c)(2)). If the minimum annual percentage rate for random drug testing is 50 percent, PHMSA may lower the rate to 25 percent if PHMSA determines that the positive rate reported for random tests for two consecutive calendar years is less than 1.0 percent (49 CFR 199.105(c)(3)). If the minimum annual percentage rate is 25 percent, PHMSA will increase the rate to 50 percent if PHMSA determines that the positive rate reported for random tests for any calendar year is equal to or greater than 1.0 percent (49 CFR 199.105(c)(4)). Part 199 defines "positive rate" as "the number of positive results for random drug tests * * * plus the number of refusals of random tests * * *, divided by the total number of random drug

tests * * * plus the number of refusals of random drug tests.”

Through calendar year 1996, the minimum annual percentage rate for random drug testing in the pipeline industry was 50 percent of covered employees. Based on MIS reports of random testing done in calendar years 1994 and 1995, PHMSA lowered the minimum rate from 50 percent to 25 percent for calendar year 1997 (61 FR 60206). The minimum rate remained at 25 percent in calendar years 1998 (62 FR 59297); 1999 (63 FR 58324); 2000 (64 FR 66788); 2001 (65 FR 81409); 2002 (67 FR 2611); 2003 (67 FR 78388); 2004 (68 FR 69046); and 2005 (70 FR 50).

Using the MIS reports received for drug testing done in calendar year 2005, PHMSA calculated the positive rate of random testing continues to be less than 1.0 percent. PHMSA is announcing that the minimum annual percentage rate for random drug testing is 25 percent of covered employees for January 1, 2006 through December 31, 2006.

Authority: 49 U.S.C. 5103, 60102, 60104, 60108, 60117, and 60118; 49 CFR 1.53.

Issued in Washington, DC on February 14, 2006.

Stacey L. Gerard,

Associate Administrator for Pipeline Safety.

Agency Information Collection Activities; Proposed Collection; Comment Request; Suspicious Activity Report by Depository Institutions

AGENCIES: Financial Crimes Enforcement Network, Office of the Comptroller of the Currency, Office of Thrift Supervision, Department of the Treasury; Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, National Credit Union Administration.

ACTION: Notice and request for comments.

SUMMARY: The Financial Crimes Enforcement Network and the Banking

Supervisory Agencies¹, as part of their continuing effort to reduce paperwork and respondent burden, invite the general public and other Federal agencies to take this opportunity to comment on information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). The Financial Crimes Enforcement Network and the Banking Supervisory Agencies are soliciting comments concerning the Suspicious Activity Report by Depository Institutions, which is being revised and reformatted to standardize this report with suspicious activity reports being filed by other financial institutions. The report also is being revised to support joint filing, providing the necessary data blocks and instructions for completing a jointly filed suspicious activity report. The instructions limit joint filing to those suspicious activities that do not involve insider abuse.

DATES: Written comments should be received on or before April 18, 2006.

ADDRESSES: Interested parties are invited to submit written comments to any or all of the agencies. All comments, which should refer to the Office of Management and Budget control numbers, will be shared among the agencies. Direct all written comments as follows:
