

emission guidelines (40 CFR part 60, subpart Cb) for large municipal waste combustors (MWCs) that were promulgated under the authority of Clean Air Act (CAA) Sections 111 and 129. Under CAA Section 129(b)(2), States were required to submit plans to the Administrator for approval by December 19, 1996, that implement and enforce the 40 CFR part 60, subpart Cb. Section 129(b)(3) requires the Administrator to promulgate a Federal Plan to implement and enforce the guidelines in those States that have not submitted an approvable plan to Administrator by December 19, 1997.

40 CFR part 60, subpart Cb requires all respondents to comply with the recordkeeping and reporting requirements at 40 CFR part 60, subpart Eb, Section 60.59b except for certain notifications regarding the siting plan, construction requirements, performance testing procedures and certifications. The primary recordkeeping and reporting requirements of subpart Eb include a materials separation plan; notification of public meeting; the retention of continuous emission monitoring data; records of exceedances; records carbon injection system data; the names of the plant operator, shift supervisors and control room operators; and performance test reports.

Burden Statement: In the previously approved ICR, the estimated number of respondents for this information collection was 56 with 112 responses per year. The annual industry reporting and recordkeeping burden for this collection of information was 58,915 hours. On the average, each respondent reported approximately two times per year and 508 hours were spent preparing each response. The total annual reporting and recordkeeping cost burden for this collection of information was \$3,218,000 which is comprised entirely of annual operation and maintenance costs. There are no capital/startup costs associated with this ICR.

Notice of Availability of Funds; Research To Develop Improved Methods and Approaches To Empower Communities To Participate More Effectively in Environmental Cleanups

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability of funds.

SUMMARY: The Environmental Protection Agency (EPA), Office of Research and Development, National Center for Environmental Assessment (NCEA), is issuing this Request for Applications (RFA) for cooperative agreements to provide assistance conducting research to stimulate advances in the science of risk communication so that more effective methods, tools, and models can be used to empower communities to participate more effectively in environmental cleanups, especially the cleanup of contaminated sediment sites. Possible projects under this solicitation might include one or more of the following topics: tools to measure community preferences, tools to summarize complex data, methods to extract and utilize community-based knowledge, methods to assess impacts on societal/cultural practices, outreach tools for large geographic sites, and methods to evaluate the effectiveness of community involvement programs. The primary purpose of the research solicited by this document is to stimulate scientific research on the general topic of environmental risk communication and community involvement. The secondary purpose of the solicitation is to generate insights, methods, tools, and models that might be used to empower communities to participate more effectively in environmental cleanups, especially the cleanup of contaminated sediment sites. The total value of these cooperative agreement awards is estimated to range from \$100,000 to \$500,000 total over a period of one to three years depending on the availability of funding.

DATES: Applications must be postmarked, dated by a delivery service, or marked received by NCEA personnel by September 19, 2002.

ADDRESSES: Solicitation packages can be found on the NCEA Web site <http://www.epa.gov/ncea/>. Information about the full application process and application forms are found in the "Application Kit for Assistance" on the following web site: <http://www.epa.gov/ogd/AppKit/>. They also can be requested

National Environmental Laboratory Accreditation Conference Meeting

AGENCY: Environmental Protection Agency.

ACTION: Notice of national meeting and field activities.

SUMMARY: The Environmental Protection Agency and the Florida Department of Environmental Protection are co-hosting the Eighth Annual Meeting of the National Environmental Laboratory Accreditation Conference (NELAC), a state-federal partnership with private sector participation. NELAC is expanding its scope to include accreditation standards for organizations performing sampling or conducting field analyses, which would be used to demonstrate compliance with EPA regulations. EPA strongly encourages participation from both public and private sector individuals, and organizations with expertise in environmental sampling and laboratory testing, to strengthen the development of NELAC standards. Draft standards are available on the National Environmental Laboratory Accreditation Conference website at www.epa.gov/ttn/nelac.

DATES: The conference will be held July 7-12, 2002. Training classes will be held on July 7th, 8th and the morning of July 9th. The opening session will convene at 12:30 pm on July 9th. All other meetings will convene between 8-9 a.m. and adjourn at 5 p.m., except Friday, July 12th, when the meeting will adjourn at 1:30 pm.

ADDRESSES: The meeting will be held at the Wyndam Harbour Island Hotel, 725 S. Harbour Island Boulevard, Tampa, Florida.
