

postmarked not later than 30 days following publication of EPA's notice of filing in the **Federal Register** (immediately upon publication, this date will be posted on the park website). All responses will become part of the public record. If individuals responding request that their name or/and address be withheld from public disclosure, the request will be honored to the extent allowable by law. Such requests must be stated prominently in the beginning of the letter. There also may be circumstances wherein the NPS will withhold a respondent's identity as allowable by law. As always: the NPS will make available to public inspection all submissions from organizations or businesses and from persons identifying themselves as representatives or officials of organizations; and, anonymous comments may not be considered.

*Decision:* Not sooner than 30 days after release of the final EIS/GMP a Record of Decision will be prepared. As this is a delegated EIS, the official responsible for the final decision is the Regional Director, Pacific West Region; subsequently the official responsible for implementing the approved plan would be the Superintendent, Fort Vancouver National Historic Site.

Dated: November 24, 2003.

**Jonathan B. Jarvis,**

*Regional Director, Pacific West Region.*

#### Notice of Availability of Draft Environmental Impact Statement for the Lackawanna Valley National Heritage Area Management Plan

**AGENCY:** National Park Service, Interior.

**ACTION:** Availability of draft environmental impact statement.

**SUMMARY:** Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of a Draft Environmental Impact Statement (DEIS) for Lackawanna Valley National Heritage Area Management Plan. The Lackawanna Valley National Heritage Area Act of 2000 (Act) requires the Lackawanna Heritage Valley Authority, with guidance from the NPS, to prepare a Management Plan for the Lackawanna Heritage Valley. The Management Plan is expected to: (A) Take into consideration State, county, and local plans; (B) involve residents, public

agencies, and private organizations working in the Heritage Area; (C) include actions to be undertaken by units of government and private organizations to protect the resources of the Heritage Area and specify the existing and potential sources of funding available to protect, manage, and develop the Heritage Area; (D) develop an inventory of the resources contained in the Heritage Area, including a list of any property in the Heritage Area that is related to the purposes of the Heritage Area and that should be preserved, restored, managed, developed, or maintained because of its historical, cultural, natural, recreational, or scenic significance; (E) recommend policies for resource management that considers and details application of appropriate land and water management techniques, including the development of intergovernmental cooperative agreements to protect the historical, cultural, natural, and recreational resources of the Heritage Area in a manner that is consistent with the support of appropriate and compatible economic viability; (F) establish a program for implementation of the management plan by the management entity, that includes: (i) Plans for restoration and construction, and (ii) specific commitments of the partners for the first 5 years of operation; (G) perform an analysis of ways in which local, State, and Federal programs may best be coordinated to protect the heritage resources; and (H) develop an interpretation plan for the Heritage Area.

The study area, designated as the Lackawanna Valley National Heritage Area, includes all or parts of the counties of: Lackawanna, Luzerne, Wayne, and Susquehanna County, in northeastern Pennsylvania as associated with the Lackawanna River corridor.

The NPS maintains one park site within the region: Steamtown National Historic Site in Scranton. Otherwise the majority of land is non-federal and the NPS assumes a management role only within its park units. Instead, conservation, interpretation and other activities are managed by partnerships among Federal, State, and local governments and private nonprofit organizations. The Lackawanna Heritage Valley Authority manages the national heritage area. The NPS has been authorized by Congress to provide technical and financial assistance for a limited period. The Act prohibits the Secretary of the Interior from providing any grant or other assistance pursuant to the Act after September 30, 2012.

**DATES:** The DEIS will remain on Public Review for sixty days from the publication of the notice in the **Federal Register** by the Environmental Protection Agency.

#### FOR FURTHER INFORMATION CONTACT:

Peter Samuel, Project Leader, Philadelphia Support Office, National Park Service, 200 Chestnut Street, Philadelphia, PA 19106, [peter\\_samuel@nps.gov](mailto:peter_samuel@nps.gov), 215-597-1848.

If you correspond using the internet, please include your name and return address in your e-mail message. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: January 14, 2004.

### National Park Service

#### Notice of Intent To Prepare an Exotic Plant Management Plan and Environmental Impact Statement for Nine Park Units in the Southeast Region

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4332) (40 CFR 1503.1) and Council on Environmental Quality regulations (40 CFR 1506.6), the U.S. Department of the Interior, National Park Service will prepare an exotic plant management plan/environmental impact statement (Plan/EIS). The Plan/EIS will be used to guide the management and control of exotic plants and restoration of native plant communities in nine park units in South Florida and the Caribbean. The nine park units are Big Cypress National

Preserve, Biscayne National Park, Canaveral National Seashore, Dry Tortugas National Park, Everglades National Park, Buck Island Reef National Monument, Christiansted National Historic Site, Salt River Bay National Historic Park and Ecological Preserve, and Virgin Islands National Park. The EIS will assess potential environmental impacts associated with various types of exotic plant control measures and native habitat restoration techniques on park resources such as native plants, threatened and endangered species, water quality and hydrology, wetlands, wildlife, cultural resources, and public health and safety.

**DATES:** To determine the scope of issues to be addressed in the plan and EIS and to identify significant issues related to the management and control of exotic plants in the nine park units, the National Park Service will conduct public scoping meetings in South Florida and the Caribbean.

Representatives of the National Park Service will be available to discuss issues, resource concerns, and the planning process at each of the public meetings. When public scoping meetings have been scheduled, their locations, dates, and times will be published in local newspapers.

**ADDRESSES:** Any comments or requests for information should be addressed to Sandra Hamilton, National Park Service, Environmental Quality Division, Academy Place, P.O. Box 25287, Denver, Colorado 80225. Comments may also be submitted to the following email address: [FLCA@den.nps.gov](mailto:FLCA@den.nps.gov).

**FOR FURTHER INFORMATION CONTACT:** Sandra Hamilton, at (303) 969-2068. Email: [Sandra\\_Hamilton@nps.gov](mailto:Sandra_Hamilton@nps.gov).

**SUPPLEMENTARY INFORMATION:** In the United States, infestations of exotic plants are second only to land use changes as the cause of habitat loss and subsequent species endangerment. The threat of exotic species has grave implications for the preservation of natural and cultural resources throughout the National Park System. It is estimated that exotic plants infest approximately 1.5 million acres in the national park system, with some 400,000 acres of exotic plants within park units in Florida alone.

The presence and spread of exotic plants in park units in South Florida and the Caribbean threaten park natural and cultural resources. Exotic plant species threaten native plant communities, alter native habitat for plants and wildlife including threatened and endangered species, and disrupt natural processes, such as fire regime and hydrology. Cultural landscapes are

altered by the presence of exotic plants, and excessive growth can threaten the integrity of historic or cultural structures. The National Park Service recognizes that to manage and control the spread of exotic plants more effectively, it is necessary to use a collaborative approach between park units, as commonalities exist between the units that lend themselves to broad management strategies.

The purpose of the Plan/EIS is to provide a programmatic framework for the nine South Florida and Caribbean parks:

- To manage and control exotic plants;
- To provide for the restoration of native species and habitat conditions in ecosystems that have been invaded;
- To protect park resources and values from adverse impacts resulting from the presence of exotic plants and control activities; and
- To provide consistency in planning for exotic plant management among the participating parks.

Our practice is to make the public comments we receive in response to planning documents, including names and home addresses of respondents, available for public review during regular business hours. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety. However, individual respondents may request that we withhold their names and addresses from the public record, and we will honor such requests to the extent allowed by law. If you wish to withhold your name and/or address, you must state that request prominently at the beginning of your comment. Anonymous comments will not be considered.

The draft and final Plan/EIS will be made available to all known interested parties and appropriate agencies. Full public participation by federal, state, and local agencies as well as other concerned organizations and private citizens is invited throughout the preparation process of this document.

The responsible official for this Plan/EIS is Patricia A. Hooks, Acting Regional Director, Southeast Region, National Park Service, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: December 3, 2003.

### National Park Service

#### Gettysburg National Military Park Advisory Commission; Notice of Meeting

**AGENCY:** National Park Service.

**ACTION:** Notice.

**SUMMARY:** This notice sets forth the date of the February 19, 2004 meeting of the Gettysburg National Military Park Advisory Commission.

**DATE:** The public meeting will be held on February 19, 2004 from 7 p.m. to 9 p.m.

**LOCATION:** The meeting will be held at the Cyclorama Auditorium, 125 Taneytown Road, Gettysburg, Pennsylvania 17325.

**AGENDA:** The February 19, 2004 meeting will consist of the nomination of Chairperson and Vice-Chairperson for the 2004 year, Sub-Committee Reports from the Historical, Executive, and Interpretive Committees; Federal Consistency Reports Within the Gettysburg Battlefield Historic District; Operational Updates on Park Activities which consists of an update on Gettysburg National Battlefield Museum Foundation and National Park Service activities related to the new Visitor Center/Museum Complex, the Gettysburg Borough Interpretive Plan which will consist of updates on the Wills House and the Train Station; Transportation which consists of the National Park Service and the Gettysburg Borough working on the shuttle system; Update on land acquisition within the park boundary or in the historic district; and the Citizens Open Forum where the public can make comments and ask questions on any park activity.

**FOR FURTHER INFORMATION CONTACT:** John A. Latschar, Superintendent, Gettysburg National Military Park, 97 Taneytown Road, Gettysburg, Pennsylvania 17325.

**SUPPLEMENTARY INFORMATION:** The meeting will be open to the public. Any member of the public may file with the Commission a written statement concerning agenda items. The statement should be addressed to the Gettysburg National Military Park Advisory Commission, 97 Taneytown Road, Gettysburg, Pennsylvania 17325.

Dated: December 9, 2003.

**John A. Latschar,**  
Superintendent, Gettysburg NMP/Eisenhower NHS.
