SUPPLEMENTARY INFORMATION: The Alaska Industrial Development and Export Authority (AIDEA), a public corporation of the State of Alaska, submitted an application for an industrial road right-of-way (ROW) in north-central Alaska across federal public lands and other lands. The road would run from the existing Dalton Highway to the Ambler Mining District. The area involved lies south of the Brooks Range, north of the Yukon River, west of the Dalton Highway and east of the Purcell Mountains. The BLM is the lead Federal agency in the preparation of the EIS. According to ANILCA Section 1104(e), Federal agencies have one-year from Notice of Intent to complete the EIS.

The Notice of Intent published in the **Federal Register** on February 28, 2017, initiating a 90-day public scoping period and indicating a completion date for the Final EIS of December 30, 2019. On April 7, 2017, the BLM extended the public scoping period through January 31, 2018 to accommodate subsistence activities in rural Alaska.

The Notice of Availability for the Draft EIS was published in the **Federal Register** on August 30, 2019, initiating a comment period, which closed on Oct. 29, 2019. The BLM held public hearings on subsistence resources and activities in conjunction with the public meetings on the Draft EIS in 19 affected rural Alaskan communities. In order to thoroughly review and respond to the public comments and prepare the Final EIS, a time extension through March 31, 2020, is necessary.

Authority: 40 CFR 1506.6(b).

Chad B. Padgett,
State Director, Alaska.
