

information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**Title:** Core Principles & Other Requirements for DCMs (OMB Control No. 3038–0052). This is a request for a revision and extension of a currently approved information collection.

**Abstract:** Part 38 of the Commission’s regulations governs the activities of DCMs. The information collected pursuant to Part 38 is necessary for the Commission to evaluate whether entities operating as, or applying to become, DCMs comply with the Part 38 and other Commission requirements and the CEA’s statutory requirements.

In general, OMB Control Number 3038–0052 covers all information collections in Part 38, including Subpart A and the DCM core principles (*i.e.*, Subparts B through X) as well as the related appendices thereto (*i.e.*, Appendix A—Form DCM; Appendix B—Guidance on, and Acceptable Practices in, Compliance with Core Principles; and Appendix C—Demonstration of Compliance That a Contract Is Not Readily Susceptible to Manipulation). Further, OMB Control No. 3038–0052 includes all information collections related to Part 9 (“Rules Relating to Review of Exchange Disciplinary, Access Denial or Other Adverse Actions”) to the extent Part 9 is applicable to DCMs. This collection also includes the requirements under regulation 38.251(g) in connection with the reporting of specific market disruption events to the Commission.

The collection also includes information collection requirements under regulation 1.52 regarding the Enhanced Protections Afforded Customer and Customer Funds Held by Futures Clearing Merchants and Derivatives Clearing Organizations for

DCMs.<sup>1</sup> Additionally, this control number includes collections under regulation 38.1051(n) that relate to system safeguards and cybersecurity testing requirements and requires DCMs to provide the Commission with annual trading volume information. For the majority of collections under OMB control number 3038–0052, the Commission notes that the number of registered, active DCMs has increased from 16 to 21.<sup>2</sup> This increase in the number of registered DCMs has increased the estimated information collection burdens for OMB control number 3038–0052, as shown below.

On May 8, 2025, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 90 FR 19471 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <https://www.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.<sup>3</sup>

<sup>1</sup> The Commission notes that § 38.605 incorporates and references § 1.52.

<sup>2</sup> See *infra* note 4.

<sup>3</sup> 17 CFR 145.9.

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

**Burden Statement:** The Commission is revising its estimate of the burden for this collection. The respondent burden for this collection is estimated to be as follows:

#### Total Estimated Burden for Information Collection 3038–0052

*Estimated number of respondents:*

21.<sup>4</sup>

*Estimated total annual number of responses:* 9,009 (rounded).

*Estimated total annual burden hours:* 12,342 (rounded).

*Estimated total annual burden cost:* \$1,252,217.

**Frequency of Collection:** On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: July 16, 2025.

### Department of the Navy

#### **Notice of Public Meeting for the Draft Environmental Impact Statement for the Proposed Bremerton Waterfront Infrastructure Improvements at Puget Sound Naval Shipyard and Intermediate Maintenance Facility, Naval Base Kitsap-Bremerton (EISX-007-17-USN-1654671600)**

**AGENCY:** Department of the Navy (DoN), Department of Defense (DoD).

**ACTION:** Notice.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), the U.S. Department of the Navy (DoN), as the lead agency, has prepared and filed with the U.S. Environmental Protection Agency (EPA) a Draft Environmental Impact Statement (DEIS) which evaluates the potential environmental impacts of constructing and operating a new multi-mission dry dock (M2D2) and associated waterfront infrastructure improvements at Puget Sound Naval Shipyard and Intermediate Maintenance Facility (PSNS & IMF) on Naval Base Kitsap-Bremerton. The Proposed Action also includes dredging to create adequate water depth at wharves and piers and as required for construction of new structures. Some existing upland shipyard functions affected by construction at PSNS & IMF would be moved to Naval Base Kitsap-Bangor. The U.S. Army Corps of Engineers, Seattle District and the EPA, Region 10 are cooperating agencies with the DoN in the preparation of the EIS. The DoN also worked closely with the Suquamish Indian Tribe of the Port Madison Reservation, Skokomish Indian Tribe, Port Gamble S'Klallam Tribe, Jamestown S'Klallam Tribe, and Lower Elwha Tribal Community to develop the DEIS. The DoN published a Notice of Intent to prepare an EIS in the **Federal Register** on June 8, 2022 (Volume 87, number 110) that initiated a 30-day scoping period ending on July 11, 2022. The Notice of Intent discussed several projects that are no longer part of the Proposed Action. Three potential future actions—Pier 5 demolition, Pier 6 replacement, and Dry Dock 6 (DD6) seismic upgrades—are not currently funded or programmed for implementation, and a future construction schedule has not yet been determined. If the DoN decides to proceed with these potential projects at a later date, the DoN will analyze potential environmental impacts in accordance with NEPA requirements and Navy implementation policies.

**DATES:** With the filing of the DEIS, the DoN is initiating a 45-day public review and comment period on the DEIS beginning on July 18, 2025 and ending on September 3, 2025. The public can submit comments during the DEIS public review and comment period, during the in-person public meeting, online at the project website, by email, or by U.S. mail. All comments must be postmarked or submitted electronically by 11:59 p.m. Pacific Time on September 3, 2025 to be considered in the development of the Final EIS. Concurrently, the Navy is conducting a Section 106 process under the National Historic Preservation Act, or NHPA that requires federal agencies to consider the effects projects may have on historic properties. The public can submit written comments for the Section 106 process during this public review and comment period.

One public meeting will be held in the form of an open house session to allow interested individuals to review information presented in the DEIS. DoN representatives will be available during the open house session to provide information and answer questions about the Proposed Action and environmental analysis. There will not be a formal presentation. The public meeting is scheduled for the following date, time and location:

1. Thursday, August 7, 2025, from 5:00 p.m. to 8:00 p.m. Pacific Time at the Marvin Williams Recreation Center; 725 Park Avenue, Bremerton, WA 98337.

**ADDRESSES:** The DoN invites all interested parties to submit comments on the Bremerton Waterfront Infrastructure Improvements DEIS during the public review and comment period ending on September 3, 2025. Comments may be received:

- at the in-person public meeting;
- electronically through the project website: [BremertonWaterfrontImprovementsEIS.com](https://BremertonWaterfrontImprovementsEIS.com);
- electronically through email: [info@BremertonWaterfrontImprovementsEIS.com](mailto:info@BremertonWaterfrontImprovementsEIS.com); or
