

the National List as prohibited for use in organic crop production (*e.g.*, lead salts) or that are otherwise prohibited by the USDA organic regulations (*e.g.*, sewage sludge). The guidance does not grant new allowances for any synthetic substance to be used in organic production that have not been specifically recommended by the NOSB and added to the National List through rulemaking.

II. Significance of Guidance

These final guidance documents are being issued in accordance with the Office of Management and Budget (OMB) Bulletin on Agency Good Guidance Practices (GGPs) (January 25, 2007, 72 FR 3432–3440). The purpose of GGPs is to ensure that program guidance documents are developed with adequate public participation, are readily available to the public, and are not applied as binding requirements. These final guidance documents represent NOP's current positions on these topics. It does not create or confer any rights for, or on, any person and does not operate to bind NOP or the public. Guidance documents are intended to offer uniform methods for operations that comply with the Organic Foods Production Act (OFPA), as amended (7 U.S.C. 6501–6522) and USDA organic regulations, thereby reducing the burden on operators of developing their own methods and to simplify audits and inspections. Alternative approaches that can demonstrate compliance with the OFPA and its implementing regulations are also acceptable. As with any alternative compliance approach, NOP strongly encourages industry to discuss alternative approaches with the NOP before implementing them to avoid unnecessary or wasteful expenditures of resources and to ensure the proposed alternative approach complies with the Act and its implementing regulations.

III. Electronic Access

Persons with access to Internet may obtain a copy of final guidance documents from the NOP's Web site at <http://www.ams.usda.gov/nop>. Request for hard copies of the final guidance documents can be obtained by submitting a written request to the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notification of availability.
