40. Health and Safety.	Flammable Materials.	Improperly Stored.	Flammable materials are improperly stored, causing the potential risk of fire or explosion.	Flammable or combustible materials are improperly stored near a heat or electrical source, causing the potential risk of fire or explosion. Note: Flammable or combustible materials may include but are not limited to Gasoline, Paint Thinners, Kerosene, Propane, paper, boxes, <i>etc.</i>	This clarification adds a Note to the definition to provide guidance on what may constitute flammable materials.
41. Health and Safety.	Hazards	Tripping	You see any physical defect that poses a tripping risk, generally in walkways or other traveled areas. Note: This does not include tripping hazards from elevators that do not level properly. For this deficiency, see Elevator—Tripping, under Health and Safety.	You see any physical defect that poses a tripping risk, generally in walkways or other traveled areas. Typically, the defect must present at least a three-quarter inch deviation. Note: This does not include tripping hazards from elevators that do not level properly. For this deficiency, see Elevator—Tripping, under Health and Safety.	This clarification adds language to provide a clear understanding of how large the deviation within a walkway must be to be considered a tripping hazard.
