SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2012-0026]

Charging Standard Administrative Fees for Nonprogram-Related Information

AGENCY: Social Security Administration. **ACTION:** Notice of standard administrative fees for providing information and related services for nonprogram-related purposes; announcing addition to schedule of standardized administrative fees.

SUMMARY: On August 22, 2012,¹ we announced in the **Federal Register** a schedule of standardized administrative fees we charge to recover the full cost of providing information and related services we provide to the public for nonprogram purposes. We are announcing the addition of a new standard fee to the previously published schedule of standardized administrative fees.

This new standard fee is part of our continuing effort to standardize fees for nonprogram information requests. Standard fees ensure consistency and that we recover the full cost of supplying information when a request is for a purpose not directly related to the administration of a program under the Social Security Act (Act).

SUPPLEMENTARY INFORMATION: Section 1106 of the Act and the Privacy Act 2 authorize the Commissioner of Social Security to promulgate regulations regarding agency records and information and to charge fees for providing information and related services. Our regulations and operating instructions identify when we will charge fees for information.3 Under our regulations, whenever we determine a request for information is for any purpose not directly related to the administration of the Social Security programs, we require the requester to pay the full cost of providing the information.

Currently, requesters complete Form SSA-7050, Request for Social Security

Earnings Information, to initiate requests for detailed and certified yearly Social Security earnings information. We determine the fee for this information based on the number of vears requested. The form includes a fee chart to guide requesters in determining the amount of the fee. The requesters calculate their fee and include payment with the form. The existing process has created inconsistencies and inefficiencies. The form's existing fee schedule does not conform to the standard fee methodology published in the Federal Register on August 22, 2012. Moreover, the fee schedule is outdated and incongruent with the agency's current costs for this service.

New Information: We are establishing a new standard, single-tier fee of \$102 for each request of certified yearly totals of Social Security earnings, regardless of the number of earnings years requested. We based this new standard fee on our most recent cost calculations for supplying this information and the standard fee methodology previously published in the Federal Register. Noncertified, yearly earnings totals (Form SSA-7004, Request for a Social Security Statement) are still available as a free online service through mySocialSecurity, http:// socialsecurity.gov/myaccount/, a personal online account for Social Security information and services. Social Security Statements display uncertified, yearly earnings and do not

show any employer information. We will evaluate all standard fees at least every two years to ensure we continue to capture the full costs associated with providing information for nonprogram-related purposes. We will require advance payment of the standard fee by check, money order, or credit card. We will not accept cash. If we revise any of the standard fees, we will publish another notice in the Federal Register. For other nonprogramrelated requests for information not addressed here or within the current schedule of standardized administrative fees, we will continue to charge fees calculated on a case-by-case basis to recover our full cost of supplying the information. No other changes will apply to the schedule of standardized administrative fees announced in the Federal Register 1 on August 22, 2012. We will implement the new fee across all of our field offices simultaneously.

Section 404(d)(3) of the World Trade Organization (WTO) Uruguay Round Agreements Act (19 U.S.C. 3601(d)(3)) authorizes the President to allocate the in-quota quantity of a TRQ for any agricultural product among supplying countries or customs areas. The President delegated this authority to the United States Trade Representative in Presidential Proclamation 6763 (60 FR 1007).

On September 13, 2013, the Secretary of Agriculture (Secretary) announced the sugar program provisions for fiscal year (FY) 2014 (Oct. 1, 2013, through Sept. 30, 2014). The Secretary announced an in-quota quantity of the TRQ for raw cane sugar for FY 2014 of 1,117,195 metric tons * raw value (MTRV), which is the minimum amount to which the United States is committed to provide access for under the WTO Uruguay Round Agreements. Zimbabwe	12,636

These allocations are based on each country's historical shipments to the United States. The allocations of the inquota quantities of the raw cane sugar TRQ to countries that are net importers of sugar are conditioned on receipt of the appropriate verifications of origin, and certificates for quota eligibility must accompany imports from any country for which an allocation has been provided.

On September 13, 2013, the Secretary announced the establishment of the inquota quantity of the FY 2014 refinedsugar TRQ at 122,000 MTRV for which the sucrose content, by weight in the dry state, must have a polarimeter reading of 99.5 degrees or more. The total of 122,000 MTRV includes the minimum level necessary to comply with the US WTO Uruguay Round commitments-22,000 MTRV, of which 1,656 MTRV is reserved for specialty sugars—and an additional 100,000 MTRV for specialty sugars. USTR is allocating 12,050 MTRV of refined sugar to Canada and 8,294 MTRV of refined sugar to be administered on a first-come, first-served basis.

Imports of all specialty sugar will be administered on a first-come, firstserved basis in five tranches. The Secretary has announced that the total in-quota quantity of specialty sugar will be the 1,656 MTRV included under the U.S. WTO commitment plus an additional 100,000 MTRV. The first tranche of 1,656 MTRV will open October 10, 2013. All types of specialty sugars are eligible for entry under this tranche. The second tranche of 37,000 MTRV will open on October 24, 2013. The third, fourth, and fifth tranches of 21,000 MTRV each will open on January 10, 2014; April 10, 2014; and July 10, 2014, respectively. The second, third, fourth and fifth tranches will be reserved for organic sugar and other specialty sugars not currently produced commercially in the United States or reasonably available from domestic

With respect to the in-quota quantity of 64,709 metric tons (MT) of the TRQ for imports of certain sugar-containing products maintained under Additional U.S. Note 8 to Chapter 17 of the HTS, USTR is allocating 59,250 MT to Canada. The remaining 5,459 MT of the in-quota quantity is available to other countries on a first-come, first-served basis

Raw cane sugar, refined and specialty sugar and sugar-containing products for FY 2014 TRQs may enter the United States as of October 1, 2013.
