

regulatory flexibility analysis unless the agency certifies that the rule will not, once implemented, have a significant economic impact on a substantial number of small entities. The proposed rule would extend the delayed effectiveness period for the second criterion in each of the Part 800 and Part 802 Rules without making any change to the two-criteria conjunctive test in either the definition of excepted foreign state or excepted real estate foreign state. The proposed rule therefore would not change the circumstances of any investor. Both before and after the proposed rule's effectiveness, any investor with sufficiently close ties to an eligible foreign state may be excepted from certain aspects of CFIUS's jurisdiction, including if engaging in a transaction with a small business. Such exception would be expected to lessen the burden on any such small business. The proposed rule therefore would not impose any additional burden on potential filers, including small businesses. Considering the foregoing, the Secretary of the Treasury certifies, pursuant to 5 U.S.C. 605(b), that this proposed rule will not have a significant economic impact on a substantial number of small entities.

#### **Endangered and Threatened Wildlife and Plants; Replacement of the Regulations for the Nonessential Experimental Population of Red Wolves in Northeastern North Carolina**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Proposed rule; withdrawal.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), withdraw the proposed rule to replace the existing regulations governing the North Carolina nonessential experimental population designation of the red wolf (*Canis rufus*) under section 10(j) of the Endangered Species Act (Act), as amended. Based on recent court decisions involving the North Carolina nonessential experimental population designation of the red wolf (NC NEP), having considered the public comments submitted in response to the proposed
