Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) deleted from the Procurement List.

End of Certification

Accordingly, the following product(s) and service(s) are deleted from the Procurement List:

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Evaluation of the REL Appalachia Teaching Math to Young Children Toolkit.

OMB Control Number: 1850–0991.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 7,040.

Total Estimated Number of Annual Burden Hours: 792.

Abstract: Mathematics knowledge acquired in early childhood provides a critical foundation for long-term student success in math as well as reading (Duncan et al., 2007; Watts et al., 2014), but the professional development (PD) and curricular support for preschool teachers often lack specific content and training on high-quality math instruction delivered by math content experts. To address this problem, the REL Appalachia toolkit development team is developing a toolkit to provide preschool teachers with support in implementing core teaching practices essential to promoting early math skills and knowledge in children. The toolkit is based on the Teaching Math to Young Children IES practice guide (Frye et al., 2013) and is being developed in collaboration with state and district partners in Virginia.

In this revision, IES requests clearance for data collection instruments and the collection of district administrative data for an efficacy study of the toolkit as part of the REL Appalachia (REL AP) contract.

The study will assess the efficacy of the professional development resources included in the toolkit. The evaluation

will also assess how teachers implement the toolkit to provide context for the efficacy findings and guidance to improve the toolkit and its future use. The evaluation will take place in 50 schools across approximately 10 school divisions in Virginia and focus on mathematics teaching practices and student mathematics knowledge and skills in preschool classrooms. The purpose of this study will be to measure the efficacy and implementation of the REL AP-developed toolkit designed to improve teacher practice and preschool students' math learning outcomes. The toolkit evaluation will produce a report for district and school leaders who are considering strategies to improve math learning in preschool. The report will be designed to help them decide whether and how to use the toolkit to help them implement the practice guide recommendations.

Title of Collection: Vocational Rehabilitation Program Corrective Action Plan (CAP).

OMB Control Number: 1820-0694.

Type of Review: A reinstatement without change of a previously approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 60.

Total Estimated Number of Annual Burden Hours: 975.

Abstract: Section 107(a)(1) of the Rehabilitation Act of 1973 (Rehabilitation Act) requires the Commissioner of the Rehabilitation Services Administration (RSA) to conduct annual reviews and periodic on-site monitoring of the vocational rehabilitation (VR) program to determine whether a state agency is complying substantially with the provisions of its State Plan under section 101 of the Rehabilitation Act and with the evaluation standards and performance indicators established under section 106 of the Rehabilitation Act subject to the performance accountability provisions described in Section 116(b) of the Workforce Innovation and Opportunity Act (WIOA). To fulfill its monitoring responsibility, RSA reviews a maximum

of 15 VR agencies in each Federal fiscal year. When, based on its monitoring, RSA determines that a state agency has not administered and operated the VR program in compliance with its State Plan, the Rehabilitation Act, and implementing regulations at 34 CFR part 361, the agency must develop a corrective action plan (CAP), established by RSA in accordance with the requirement of section 107(b)(2) of the Rehabilitation Act, for RSA approval within 45 days from the issuance of the final monitoring report.
