Maritime Administration

[Docket No. MARAD-2009 0061]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel DOANE VICTORY.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD-2009-0061 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver

application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

DATES: Submit comments on or before July 2, 2009.

ADDRESSES: Comments should refer to docket number MARAD-2009-0061. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on March 24, 2009 [Volume 74, No. 55, Page 12455].

DATES: Comments must be submitted on or before (insert 30 days from date of publication).

FOR FURTHER INFORMATION CONTACT: Gary R. Toth, Office of Data Acquisitions (NVS-410), Room W53-303, 1200 New Jersey Avenue, SE., Washington, DC 20590. The telephone number for Mr. Toth is (202) 366-5378.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: National Automotive Sampling System (NASS).

OMB Number: 2127-0021.

Type of Request: Continuation.

Abstract: The collection of crash data that support the establishment and enforcement of motor vehicle regulations that reduce the severity of injury and property damage caused by motor vehicle crashes is authorized under the National Traffic and Motor Vehicle Safety Act of 1966 (Pub. L. 89-563, Title 1, Sec. 106, 108, and 112). The National Automotive Sampling System (NASS) Crashworthiness Data System (CDS) of the National Highway Traffic Safety Administration investigates high severity crashes. Once a crash has been selected for investigation, researchers locate, visit, measure, and photograph the crash scene; locate, inspect, and photograph vehicles; conduct a telephone or personal interview with the involved individuals or surrogate; and obtain and record injury information received from various medical data sources. NASS CDS data are used to describe and analyze circumstances, mechanisms, and consequences of high severity

motor vehicle crashes in the United States. The collection of interview data aids in this effort.

Affected Public: Passenger Motor Vehicle Operators.

Estimated Total Annual Burden: 5,807 hours.

Number of Respondents: 13,500.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Marilena Amoni,

Associate Administrator for National Center for Statistics and Analysis.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2009–0035]

Agency Information Collection Activities; New Information Collection Request: Annual Commercial Motor Vehicle Driver Survey: Work and Compensation

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for review and approval. The purpose of this new information collection is to acquire general information regarding the commercial motor vehicle (CMV) driving population and specific information on driver work history,

work scheduling, and compensation. This information is needed in many different types of analyses conducted by the FMCSA and would benefit the agency in understanding the impacts of proposed rules and the improvement of its safety programs. On December 12, 2008, FMCSA published a **Federal Register** notice allowing for a 60-day comment period on the ICR. One comment was received.

DATES: Please send your comments by July 2, 2009. OMB must receive your comments by this date in order to act quickly on the ICR.

ADDRESSES: All comments should reference Federal Docket Management System (FDMS) Docket Number FMCSA–2008–0035. Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/Federal Motor Carrier Safety Administration, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Dr. Mindy Shalaby, Economist, Analysis Division, Office of Analysis, Research and Technology, Federal Motor Carrier Safety Administration, 1200 New Jersey Ave., SE., Washington, DC 20590. Telephone: (202) 493–0304; e-mail Mindy.Shalaby@dot.gov. Requests for additional information or copies of the information collection instrument and instructions should be directed to Dr. Michelle Yeh, Engineering Psychologist, Human Factors Division, Volpe National Transportation Systems Center, 55 Broadway, Cambridge, MA 02124. Telephone: (617) 494–3459; e-mail Michelle.Yeh@dot.gov. Office hours are from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

SUPPLEMENTARY INFORMATION:

Title: Annual Commercial Motor Vehicle Driver Survey: Work and Compensation.

OMB Control Number: 2126–XXXX.
Type of Request: New information collection request.

Respondents: Commercial motor vehicle drivers.

Estimated Number of Respondents: 576 commercial motor vehicle drivers.

Estimated Time per Response: 15 minutes per response.

Expiration Date: N/A.

Frequency of Response: Once.

Estimated Total Annual Burden: 144 hours [576 respondents × 15 minutes/60 minutes per response = 144].

Background: The Federal Motor Carrier Safety Administration seeks to understand the commercial motor vehicle driving population. Driver-related factors are an important consideration in CMV crashes, but there is no comprehensive nationwide source of information describing the population of drivers operating CMVs in the United States (U.S.). Estimates of the number of commercial drivers and particular subsets of drivers (e.g., local, short-haul, and long-haul) are needed and would benefit FMCSA in assessing the impacts of proposed rules and improvements needed in its safety programs. In particular, information on driver work history, work schedule, and compensation is needed in many different types of analyses conducted by FMCSA.

Driver work history addresses how long a CMV driver has been working in the industry, his/her level of experience, and his/her type of experience. These items include questions regarding driver tenure with his/her current employer and the number of past employers to provide information regarding the driver turnover rate. The agency would also collect information under these items about driver training to understand how drivers learned to operate their CMVs and the amount of training that is ongoing in the industry. The driver work schedule item examines the issue of how much drivers work and the activities in which they are engaged when they work (e.g., driving time, loading time, waiting time). FMCSA is interested in understanding how drivers' work schedules are tracked (e.g., with paper log books or Electronic On-Board Recorders (EOBRs)). Finally, driver compensation collects information on how much drivers earn and how they are paid (e.g., salary, by hour, or by mile). This data will allow FMCSA to estimate an average wage rate, which can be used to understand the cost imposed on drivers by current and proposed regulations.

The goals of this survey are to acquire general demographic information regarding the commercial motor vehicle driving population, and specific information on driver work history, work scheduling, and compensation. Data for this project would be collected via driver interviews. The results of the information collection would be summarized in a report developed for the FMCSA and made available to the public.
