

required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Semiannual reports also are required. These notifications, reports, and records are essential in determining compliance and are required, in general, of all sources subject to NESHAP.

Any owner, or operator subject to the provisions of this part shall maintain a file of these measurements and retain the file for at least five years following the date of such measurements, maintain reports and records. All reports are sent to the delegated state, or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 63, subpart DDDD as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 22 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to, or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Plywood and composite products facilities.

Estimated Number of Respondents: 228.

Frequency of Response: Initially and semiannually.

Estimated Total Annual Hour Burden: 12,732.

Estimated Total Cost for Responses: \$1,651,907, which consists of \$428,640 annualized capital/startup costs, \$15,682 annual O&M costs, and \$1,207,585 in labor costs.

Changes in the Estimates: There is an increase of 8,040 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. There is an adjustment increase in total estimated burden as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The change in the burden and cost estimates occurred because the standard has been in effect for more than three years and the requirements are different during initial compliance (new facilities) as compared to on-going compliance (existing facilities). The previous ICR reflected those burdens and costs associated with the initial activities for subject facilities. This includes purchasing monitoring equipment, conducting performance test(s) and establishing recordkeeping systems. This ICR reflects the on-going burden and costs for existing facilities. Activities for existing source include continuously monitoring of pollutants and the submission of semiannual reports. In addition, there are a small number of new facilities that are in the initial compliance phase described above. The overall result is an increase in burden hours and costs.

Dated: July 17, 2007.

Sara Hisel-McCoy,

Acting Director, Collection Strategies Division.

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Reporting and Recordkeeping Requirements under EPA's WasteWise Program, EPA ICR Number 1698.07, OMB Control Number 2050-0139

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C.

3501 et seq.), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before August 23, 2007.

ADDRESSES: Submit your comments, referencing docket ID number EPA-HQ-RCRA-2007-0022, to (1) EPA online using <http://www.regulations.gov> (our preferred method), by e-mail to rcra-docket@epa.gov, or by mail to: EPA Docket Center, RCRA Docket, Environmental Protection Agency, Mail Code 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Charles Heizenroth, Office of Solid Waste, 5306W, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 308-0154; fax number: (703) 308-8686; e-mail address: heizenroth.charles@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On March 1, 2007 (72 FR 9326), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-RCRA-2007-0022, which is available for online viewing at www.regulations.gov, or in person viewing at the Resource Conservation and Recovery Act (RCRA) Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW, Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the RCRA Docket is (202) 566-0270.

Use EPA's electronic docket and comment system at www.regulations.gov, to submit or view public comments, access the index listing of the contents of the docket, and

to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to www.regulations.gov.

Title: Reporting and Recordkeeping Requirements under EPA's WasteWise Program.

ICR numbers: EPA ICR No. 1698.07, OMB Control No. 2050-0139.

ICR Status: This ICR is scheduled to expire on July 31, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA's voluntary WasteWise program encourages businesses and other organizations to reduce solid waste through waste prevention, recycling, and the purchase or manufacture of recycled-content products. WasteWise participants include partners, who commit to implementing waste reduction activities of their choice, and endorser which promote the WasteWise program and waste reduction to their members.

The *Partner Registration Form* identifies an organization and its facilities registering to participate in WasteWise, and requires the signature of a senior official that can commit the organization to the program. (This form can be submitted either electronically or in hard copy.) Within six months of registering, each partner is asked to conduct a waste assessment and submit baseline data and waste reduction goals to EPA via the *Annual Assessment Form*. (This form can also be submitted either electronically or in hard copy.) On an annual basis partners are asked

to report, via the Annual Assessment Form, on their progress toward achieving their waste reduction goals by estimating amounts of waste prevented and recyclables collected, and describing buying or manufacturing recycled-content products. They can also provide WasteWise with information on total waste prevention revenue, total recycling revenue, total avoided purchasing costs due to waste prevention, and total avoided disposal costs due to recycling and waste prevention. Additionally, they are asked to submit new waste reduction goals.

Endorsers, which are typically trade associations or State/local governments, submit the *Endorser Registration Form* once during their endorser relationship with WasteWise. (This form can be submitted either electronically or in hard copy.) The Endorser Registration Form identifies the organization, the principal contact, and the activities to which the Endorser commits.

EPA's WasteWise program uses the submitted information to (1) identify and recognize outstanding waste reduction achievements by individual organizations, (2) compile aggregate results that indicate overall accomplishments of WasteWise partners, (3) identify cost-effective waste reduction strategies to share with other organizations, and (4) identify topics on which to develop assistance and information efforts.

Burden Statement: The respondent burden for this collection is estimated to average 1 hour per response for the Partner Registration Form, 40 hours per response for the Annual Assessment Form, and 10 hours per response for the Endorser Registration Form.

The estimated number of respondents is 1,775 in Year 1; 1,875 in Year 2; and 1,975 in Year 3. Estimated total annual burden on all respondents is 66,350 hours in Year 1; 70,350 hours in Year 2; and 74,350 hours in Year 3.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of

information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Private Sector; State, Local, or Tribal Governments; and the Federal Government.

Estimated Number of Respondents: 1,875.

Frequency of Response: Once per year.

Estimated Total Annual Hour Burden: 70,350.

Estimated Total Annual Cost:

Includes \$0 annualized capital or O&M costs, and \$4,245,450 annual labor costs.

Changes in the Estimates: There is an increase of 13,650 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is due to an adjustment stemming from the increased number of partners.

Dated: July 18, 2007.

Adequacy Status of the Bi-State Louisville 8-Hour Ozone Motor Vehicle Emission Budgets for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the Motor Vehicle Emissions Budgets (MVEBs) in Kentucky's bi-state Louisville 8-Hour Ozone Maintenance State Implementation Plan (SIP), submitted on September 29, 2006, by the Kentucky Division of Air Quality (KDAQ), are adequate for transportation conformity purposes. As a result of EPA's finding, the bi-state Louisville area must use the MVEBs from the September 29, 2006, bi-state Louisville 8-Hour Ozone Maintenance SIP for future conformity determinations for the 8-hour ozone standard. In a separate rulemaking, EPA has already approved these MVEBs. These MVEBs are identical to the MVEBs established for this area in the Indiana SIP.

DATES: These MVEBs were effective the date of publication (July 5, 2007) for the final rulemaking.

FOR FURTHER INFORMATION CONTACT: Lynora Benjamin, Environmental
