Petitions for Exemption

[Docket No.: FAA-2006-24997]

Petitioner: Peter L. Model.

Section of 14 CFR Affected: 14 CFR 65.104.

Description of Relief Sought: The exemption, if granted, would permit Peter L. Model to obtain an experimental repairman certificate, despite the fact that he is not an American citizen. The petitioner is a Swiss national. He has worked on his Lancair IV-P experimental aircraft for 14 years. The aircraft will be operated in Switzerland in the future. He will be the only person to perform routine maintenance on the aircraft. Mr. Model has a U.S. pilot certificate and the plane is currently in Florida.

Petitions for Exemption

Docket No.: FAA-2002-11986.

Petitioner: Experimental Aircraft Association.

Section of 14 CFR Affected: 14 CFR § 61.113(a).

Description of Relief Sought: EAA currently holds Exemption No. 7830 that allows volunteer pilots flying EAA Young Eagles to "log flight time", a form of compensation, when flying children during these free flight experiences. The exemption also allows volunteer pilots to receive other types of compensation. This amendment would permit the Experimental Aircraft Association (EAA) to include the use of light-sport aircraft with a special light-sport certificate under this exemption. EAA also requests that an addition is made to the current condition and limitation that permits a pilot to hold at least a private pilot certificate. They request that the pilot be able to hold a recreational pilot, or a sport pilot certificate with the appropriate category, class, type-rating, or logbook endorsement, if necessary, for the aircraft to be used under this exemption in accordance with § 61.31(a), (d), (e), (f), (h), (i), and part 61 subpart D, E, or J as appropriate. The pilots who conduct the Young Eagle flights for EAA under this exemption
