

Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For BlueScope, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁶ Where an importer-specific assessment rate is zero or *de minimis*, the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by BlueScope for which it did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

For any suspended entries of hot-rolled steel from AJU Steel USA Inc., we will instruct CBP to assess antidumping duties at the rate equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse for consumption.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of this notice for all shipments of hot-rolled steel from Australia entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for BlueScope will be equal to the weighted-average dumping margin established in the final results of

the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 29.58 percent, the all-others rate established in the less-than-fair-value investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results of administrative review in

accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221.

Dated: August 17, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the Republic of Korea, the Russian Federation, and Ukraine: Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing antidumping duty orders on seamless carbon and alloy steel standard, line, and pressure pipe (seamless pipe) from the Republic of Korea (Korea), the Russian Federation (Russia), and Ukraine.

DATES: Applicable August 23, 2021.

FOR FURTHER INFORMATION CONTACT: Joshua DeMoss (Korea), Mark Hoadley (Russia), or Lilit Astvatsatryan (Ukraine) AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3362, (202) 482–3148, or (202) 482–6412, respectively.

SUPPLEMENTARY INFORMATION:

⁶ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 8103 (February 14, 2012).

⁷ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁸ See *Certain Hot-Rolled Steel Flat Products from Australia, Brazil, Japan, the Republic of Korea, the Netherlands, the Republic of Turkey, and the United Kingdom: Amended Final Affirmative Antidumping Determinations for Australia, the Republic of Korea, and the Republic of Turkey and Antidumping Duty Orders*, 81 FR 67962 (October 3, 2016).

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on July 2, 2021, Commerce published in the **Federal Register** its affirmative final determinations in the less-than-fair-value investigations of seamless pipe from Korea, Russia, and Ukraine.¹ On August 16, 2021, the ITC notified Commerce of its affirmative final determinations that an industry in the United States is materially injured, within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the less-than-fair-value imports of seamless pipe from Korea, Russia, and Ukraine.²

Scope of the Orders

The merchandise covered by these orders is seamless pipe from Korea, Russia, and Ukraine. For a complete description of the scope of these orders, see the appendix to this notice.

Antidumping Duty Orders

Given Commerce's affirmative final determinations, as noted above, and notification from the ITC, in accordance with section 735(d) of the Act, of its final determinations in these investigations, in which it found that an industry in the United States is materially injured, within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of imports of seamless pipe from Korea, Russia, and Ukraine,³ Commerce is issuing antidumping duty orders on seamless pipe from Korea, Russia, and Ukraine. Because the ITC determined that imports of seamless pipe from Korea, Russia, and Ukraine are materially injuring a U.S. industry, unliquidated entries of subject merchandise from Korea, Russia, and Ukraine, that was entered into the United States, or withdrawn from

warehouse, for consumption are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instructions by Commerce, antidumping duties equal to the amount by which the normal value of the foreign like product exceeds the export price (or constructed export price) of subject merchandise, for all relevant entries of seamless pipe from Korea, Russia, and Ukraine. With the exception of entries occurring after the expiration of the provisional measures period and before publication of the ITC's final affirmative injury determinations in the **Federal Register**, as further described below, antidumping duties will be assessed on unliquidated entries of seamless pipe from Korea, Russia, and Ukraine entered, or withdrawn from warehouse, for consumption, on or after February 10, 2021, the date of publication of the *Preliminary Determinations*.⁴

Continuation of Suspension of Liquidation

In accordance with section 736 of the Act, Commerce intends to instruct CBP to continue to suspend liquidation of all relevant entries of seamless pipe from Korea, Russia, and Ukraine. These instructions suspending liquidation will remain in effect until further notice. Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the tables below. Accordingly, effective on the date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determinations, CBP will require, at the same time that importers would normally deposit estimated duties on the merchandise, a cash deposit equal to

the rates listed below. The relevant all-others rates apply to all producers or exporters not specifically listed.

Provisional Measures

Section 733(d) of the Act states that the instructions issued under section 733(d)(1) and (2) of the Act pursuant to an affirmative preliminary determination, may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. At the request of exporters that account for a significant proportion of seamless pipe from Korea, Russia, and Ukraine, Commerce extended the four-month period in each of these investigations. Commerce published the *Preliminary Determinations* in these investigations in the **Federal Register** on February 10, 2021.⁵

The extended provisional measures period, beginning on the date of publication of the *Preliminary Determinations*, ended on August 8, 2021. Therefore, in accordance with section 733(d) of the Act and its practice,⁶ Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of seamless pipe from Korea, Russia, and Ukraine entered, or withdrawn from warehouse, for consumption after August 8, 2021, the final day on which the provisional measures were in effect, until and through the day preceding the date of publication of the ITC's final affirmative injury determinations in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determinations in the **Federal Register**.

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:
Korea:

Notification to Interested Parties

This notice constitutes the antidumping duty orders with respect to seamless pipe from Korea, Russia, and Ukraine pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

These antidumping duty orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: August 17, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix—Scope of the Orders

The merchandise covered by the scope of the orders is seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in nominal outside diameter, regardless of wall-thickness, manufacturing process (*e.g.*, hot finished or cold-drawn), end finish (*e.g.*, plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish (*e.g.*, bare, lacquered or coated). Redraw hollows are any unfinished

carbon or alloy steel (other than stainless steel) pipe or “hollow profiles” suitable for cold finishing operations, such as cold drawing, to meet the American Society for Testing and Materials (ASTM) or American Petroleum Institute (API) specifications referenced below, or comparable specifications. Specifically included within the scope are seamless carbon and alloy steel (other than stainless steel) standard, line, and pressure pipes produced to the ASTM A-53, ASTM A-106, ASTM A-333, ASTM A-334, ASTM A-589, ASTM A-795, ASTM A-1024, and the API 51 specifications, or comparable specifications, and meeting the physical parameters described above, regardless of application, with the exception of the exclusions discussed below.

Specifically excluded from the scope of the orders are: (1) All pipes meeting aerospace, hydraulic, and bearing tubing specifications, including pipe produced to the ASTM A-822 standard; (2) all pipes meeting the chemical requirements of ASTM A-335, whether finished or unfinished; and (3) unattached couplings. Also excluded from the scope of the orders are (1) all mechanical, boiler, condenser and heat exchange tubing, except when such products conform to the dimensional requirements, *i.e.*, outside diameter and wall thickness, of ASTM A53, ASTM A-106 or API 51 specifications. Also excluded from the scope of the orders are: (1) Oil country tubular goods consisting of drill pipe, casing, tubing and coupling stock; (2) all pipes meeting the chemical requirements of ASTM A-335 regardless of their conformity to the dimensional requirements of ASTM A-53, ASTM A-106 or API 5L; and (3) the exclusion for ASTM A335 applies to

pipes meeting the comparable specifications GOST 550-75.

Subject seamless standard, line, and pressure pipe are normally entered under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7304.19.1020, 7304.19.1030, 7304.19.1045, 7304.19.1060, 7304.19.5020, 7304.19.5050, 7304.31.6050, 7304.39.0016, 7304.39.0020, 7304.39.0024, 7304.39.0028, 7304.39.0032, 7304.39.0036, 7304.39.0040, 7304.39.0044, 7304.39.0048, 7304.39.0052, 7304.39.0056, 7304.39.0062, 7304.39.0068, 7304.39.0072, 7304.51.5005, 7304.51.5060, 7304.59.6000, 7304.59.8010, 7304.59.8015, 7304.59.8020, 7304.59.8025, 7304.59.8030, 7304.59.8035, 7304.59.8040, 7304.59.8045, 7304.59.8050, 7304.59.8055, 7304.59.8060, 7304.59.8065, and 7304.59.8070. The HTSUS subheadings and specifications are provided for convenience and customs purposes; the written description of the scope is dispositive.
