

include the Standard Form 424 (Application for Federal Assistance), Standard Form 424C (Budget Information for Construction Programs), cover page, and the Project Narrative.

The application should include a table of contents, maps, and graphics, as appropriate, to make the information easier to review. The Department recommends that the application be prepared with standard formatting preferences (*i.e.*, a single-spaced document, using a standard 12-point font such as Times New Roman, with 1-inch margins). The only substantive portions that may exceed the page limit are documents supporting assertions or conclusions made in the project narrative. If possible, website links to supporting documentation should be provided rather than copies of these supporting materials. If supporting documents are submitted, applicants should clearly identify within the project narrative the relevant portion of the project narrative that each supporting document supports. At the applicant's discretion, relevant materials provided previously to a modal administration in support of a different USDOT financial assistance program may be referenced and described as unchanged.

OST estimates that it takes approximately 100 person-hours to compile an application package for a RCN application. Since OST expects to receive 1000 applications per funding round, the total hours required are estimated to be 50,000 hours (100 hours  $\times$  1,000 applications = 100,000 hours) on a one-time basis, per funding round.

#### Program Evaluation Stage (Survey)

To understand the RCN grant process from the applicant's point of view, OST plans to send out a survey after all award decisions have been made. This survey will go to all applicants, both successful and unsuccessful, and will take approximately .5 hours to complete.

#### Funding Agreement Stage

DOT enters a funding agreement with each recipient. In the agreement, the recipient describes the project that DOT agreed to fund, which is typically the project that was described in the RCN application or a reduced-scope version of that project. The agreement also includes a project schedule, budget, and project related climate change and equity planning and policies.

OST estimates that it takes approximately 6 person-hours to respond to provide the information necessary for funding agreements. Based on previous rounds of RCN awards, OST

estimates that there will likely be 100 agreements negotiated per additional funding round. The total hours required are estimated to be 600 (6 hours  $\times$  100 agreements = 600 hours) on a one-time basis, per funding round.

#### Project Monitoring Stage

OST requires each recipient to submit quarterly reports during the project to ensure the proper and timely expenditure of federal funds under the grant.

The requirements comply with 2 CFR part 200 and are restated in the funding agreement. During the project monitoring stage, the grantee will complete Quarterly Progress Reports to allow DOT to monitor the project budget and schedule.

OST estimates that it takes approximately 5 person-hours to develop and submit a quarterly progress report. OST awarded 45 recipients and awardees in 2022. OST expects approximately 100 projects to be awarded per funding round.

#### Post Construction Monitoring Stage

For Post Construction Reporting, the DOT will evaluate the program for recipients of capital construction grants and include the outcomes and impacts of the highway removal project. The report will document any changes in the overall level of mobility, congestion, access, and safety in the project area, and environmental impacts and economic development opportunities in the project area. Because RCN expect no projects to complete construction by 2025, post-construction monitoring hours and cost are not computed in this document.

*Authority:* The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1:48.

## DEPARTMENT OF THE TREASURY

### Bureau of the Fiscal Service

#### Proposed Collection of Information: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

**ACTION:** Notice and request for comments.

**SUMMARY:** The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Currently the Bureau of the Fiscal Service within the Department of the Treasury is soliciting comments concerning the Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

**DATES:** Written comments should be received on or before November 6, 2023 to be assured of consideration.

**ADDRESSES:** Direct all written comments and requests for additional information to Bureau of the Fiscal Service, Bruce A. Sharp, Room #4006-A, P.O. Box 1328, Parkersburg, WV 26106-1328, or [bruce.sharp@fiscal.treasury.gov](mailto:bruce.sharp@fiscal.treasury.gov).

#### SUPPLEMENTARY INFORMATION:

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

*OMB Number:* 1530-0023.

*Abstract:* The Bureau of the Fiscal Service conducts various surveys, focus groups, and interviews to assess the effectiveness and efficiency of existing products and services; to obtain knowledge about the potential public audiences attracted to new products being introduced; and to measure awareness and appeal of efforts to reach audiences and customers.

*Current Actions:* Extension of a currently approved collection.

*Type of Review:* Regular.

*Affected Public:* Individuals or Households.

*Estimated Number of Respondents:* 75,000.

*Estimated Time per Respondent:* 8 minutes.

*Estimated Total Annual Burden Hours:* 10,000.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: 1. Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; 2. the accuracy of the agency's estimate of the burden of the collection of information; 3. ways to enhance the quality, utility, and clarity of the information to be collected; 4. ways to minimize the burden of the collection of information on respondents, including through the use

of automated collection techniques or other forms of information technology; and 5. estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: August 30, 2023.
