[Public Notice 6518]

Notice of Receipt of Application for a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States

Notice is hereby given that the Department of State has received an application from Dome Petroleum Corp., a North Dakota corporation ("Dome Petroleum"), with its principal address at 4101 Winfield Road, Warrenville, Illinois 60555, and Kinder Morgan Cochin, LLC, ("Kinder Morgan"), a Delaware limited liability company with its principal office at 500 Dallas Street Suite 1000, Houston, TX 77002, for Presidential permits, pursuant to Executive Order 13337 of April 30, 2004, to operate and maintain two cross-border pipelines they recently acquired from Dome Pipeline Corporation ("Dome Pipeline") to transport petroleum, petroleum products, and other liquid hydrocarbons between the United States and Canada, crossing the international boundary line underneath the Detroit River between Detroit, Michigan and Windsor, Canada.

A Permit for these pipelines was originally issued to American Brine, Inc. on October 23, 1957. The permit granted American Brine the authority to construct, connect, operate, and maintain two pipelines (collectively, the "Pipelines") to carry liquid brine between the United States and Canada, crossing underneath the Detroit River between Detroit, Michigan and Windsor, Canada. This permit was superseded by a new permit issued to American Brine on March 13, 1969. Following the sale of these pipelines to Dome Pipeline in 1972, this superseding permit was amended to reflect Dome Pipeline as the new owner, and to permit the pipelines to transport petroleum, petroleum products and other liquid hydrocarbons.

On March 15, 2007 Dome Petroleum sold Dome Pipeline, its former subsidiary, to Kinder Morgan Energy Partners LP, a master limited partnership with its principal office in Houston, Texas. Following the sale, Dome Pipeline was merged into Kinder Morgan Cochin ("Kinder Morgan"), a Delaware limited liability company and subsidiary of Kinder Morgan Energy Partners with its principal office in Houston, Texas.

Under the terms of the all-stock sale, ownership of the Pipelines was to be transferred to Dome Petroleum and Kinder Morgan. Dome Petroleum shall be the sole owner of the pipeline common referred to as the Eastern Delivery System South Pipeline System
