This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see **ADDRESSES**).

CMS-2567 Statement of Deficiencies and Plan of Correction Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or

provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Reinstatement without change of a currently approved collection; *Title of Information Collection:* Statement of Deficiencies and Plan of Correction Supporting Regulations; *Use:* Section 1864(a) of the Social Security Act requires that the Secretary use state survey agencies to conduct surveys to determine whether health care facilities meet Medicare and Clinical Laboratory Improvement Amendments participation requirements. The Form CMS-2567 is the means by which the survey findings are documented. This section of the law further requires that compliance findings resulting from these surveys be made available to the public within 90 days of such surveys. The Form CMS-2567 is the vehicle for this disclosure. The form is also used by health care facilities to document their plan of correction and by CMS, the states, facilities, purchasers, consumers, advocacy groups, and the public as a source of information about quality of care and facility compliance. The regulations at 42 CFR 488.18 require that state survey agencies document all deficiency findings on a statement of deficiencies and plan of correction, which is the CMS-2567. Sections 488.26 and 488.28 further delineate how compliance findings must be recorded and that CMS prescribed forms must be used. *Form Number:* CMS-2567 (OMB Control Number: 0938-0391); *Frequency:* Yearly and occasionally; *Affected Public:* Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 64,500; *Total Annual Responses:* 64,500; *Total Annual Hours:* 129,000. (For policy questions regarding this collection contact Caecilia Blondiaux at 410-786-2190.)

Administration for Children and Families

Notice of Meeting

AGENCY: Administration for Children and Families (ACF), Department of Health and Human Services.

ACTION: Announcement of meeting and call for public comments on recommendations to improve the Nation’s response to the sex trafficking of children and youth.

SUMMARY: Notice is hereby given, pursuant to the provisions of the Federal Advisory Committee Act (FACA) and the Preventing Sex Trafficking and Strengthening Families Act, that a meeting of the National Advisory Committee on the Sex Trafficking of Children and Youth in the United States (Committee) will be held on October 4, 2019. The purpose of the meeting is for the Committee to discuss its work on its interim report on recommended best practices for states to follow to combat the sex trafficking of children and youth based on multidisciplinary research and promising, evidence-based models, and programs.

The members of the Committee request any examples and comments from the public to inform their work and have also requested input on the following specific topics pertaining to combating the sex trafficking of children and youth in the United States:

- *Screening and Identification:* Intersections with interpersonal violence; screening or universal approaches.
- *Service Provision:* Models for multi-agency response protocols; evaluated training curricula for service providers; case management and specialized service models.
- *Housing:* Prevention efforts of public housing authorities.
- *Prevention:* Initiatives of city, county, and state public health departments.
- *Data:* Strategies for state Medicaid offices to collect quality measures regarding violence or exploitation; collection and protection of exploitation data in health records.

- *Child Welfare:* Evidence-informed or -based curricula for child welfare providers, child and youth service providers, and foster parents; child welfare policies and procedures for identifying and responding to trafficking; interagency data sharing agreements that pertain to child sex

trafficking cases; specialized foster care models including residential treatment; screening tools used in child welfare agencies and whether or not they've been validated.

- State funding sources for prevention, training, and/or services in addition to federal non-IV-E funding.

Please submit your examples and/or comments to adonald@nhhtac.org with the subject "NAC Comments" as soon as possible and before August 30.

DATES: The meeting will be held on October 4, 2019. The members will convene on October 3 to conduct subcommittee meetings and a fact finding site visit.

ADDRESSES: The meeting will be held in Alexandria, Virginia, at the invitation of the National Center for Missing and Exploited Children. Space is limited. Identification will be required at the entrance of the facility (e.g., passport, state ID, or federal ID).
