

took longer to complete than expected which delayed the submission of the form for OMB approval. However, the statute (section 1854(a) of the Social Security Act) specifically requires this report to be submitted to HCFA by July 1 of each year. The form is used to price the M+C plan to be offered to Medicare beneficiaries and HCFA must approve the pricing structure of the M+C plan before it can be offered to Medicare beneficiaries.

We feel significant improvements were made to the form which are intended to simplify the methodology and submission, to reduce the amount of reporting burden and backup needed, and to provide more flexibility to users.

HCFA is requesting OMB review and approval of this collection by June 1, 2000, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by May 22, 2000. During this 180-day period, we will publish a separate **Federal Register** notice announcing the initiation of an extensive 60-day agency review and public comment period on these requirements. We will submit the requirements for OMB review and an extension of this emergency approval.

Use: This collection effort will be used to price the M+C plan offered to Medicare beneficiaries by an M+C organization. Organizations submitting the Adjusted Community Rate form would include all M+C organizations plus any organization intending to contract with HCFA as a M+C organization. These current M+C organization contractors will be required to submit this form no later than July 1, 2000 for the calendar year 2001.;
