II. Description of the Proposed Rule Change

The Exchange has proposed to list and trade the Shares under NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares on the Exchange. The Shares will be offered by PIMCO ETF Trust ("Trust"), a statutory trust organized under the laws of the State of Delaware and registered with the Commission as an open-end management investment company. ⁷ The investment manager to

⁶ In Amendment No. 2, the Exchange: (1) Designated structured notes, including hybrid or indexed securities and event linked bonds, as non-principal (rather than principal) potential investments of the Funds; (2) provided more information about delayed funding loans, stating that they: (a) Are borrowing arrangements in which the lender agrees to make loans up to a maximum amount upon demand by the borrower during a specified term, and (b) normally provide for floating or variable rates of interest; (3) deleted an inaccurate reference to equity securities as a principal investment of the Unhedged Foreign Bond Fund; (4) supplemented its disclosures regarding the pricing of the Funds' underlying investments for net asset value ("NAV") purposes to state that equity securities traded over-the-counter ("OTC") will be valued based on price quotations obtained from a broker-dealer who makes markets in such securities or other equivalent indications of value provided by a third-party pricing service; (5) supplemented its disclosures regarding the availability of price information for the Funds' underlying holdings to add that equity securities traded OTC will be available from major market data vendors; and (6) clarified that the Hedged Foreign Bond Fund and Unhedged Foreign Bond Fund may invest in mortgage-backed securities rated below B subject to the limitation of the Funds to invest up to 10% of its total assets in high-yield securities (junk bonds) rated B or higher by Moody's, or equivalently rated by S&P or Fitch, or, if unrated, determined by PIMCO to be of comparable quality. The text of Amendment No. 2 is available at: <http://www.sec.gov/comments/sr-nysearca-2014-57/nysearca201457.shtml>.

⁷ The Trust is registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) ("1940 Act"). On January 27, 2014, the Trust filed an amendment to its registration statement on Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a) and the 1940 Act relating to the Funds (File Nos. 333-155395 and 811-22250) (the "Registration Statement"). In addition, the Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act. See Investment Company Act Release No. 28993 (November 10, 2009) (File No. 812-13571).

III. Discussion and Commission Findings

After careful review, the Commission finds that the Exchange’s proposal to list and trade the Shares is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange.⁴⁰ In particular, the Commission finds that the proposed rule change, as modified by Amendments No. 1 and No. 2, is

consistent with Section 6(b)(5) of the Exchange Act,⁴¹ which requires, among other things, that the Exchange’s rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that the Funds and the Shares must comply with the requirements of NYSE Arca Equities Rule 8.600 to be listed and traded on the Exchange.

The Commission finds that the proposal to list and trade the Shares on the Exchange is consistent with Section 11A(a)(1)(C)(iii) of the Exchange Act,⁴² which sets forth Congress’ finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotation and last sale information for the Shares will be available via the CTA high-speed line.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services.⁴³ Price information relating to equity securities traded OTC will be available from major market data vendors. Information regarding the previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.⁴⁴ Intra-day and closing price information regarding equity securities traded on a national securities exchange, including common stocks, preferred stocks, securities convertible into stocks, closed-end funds, exchange traded funds, and other equity-related securities, will be available from the exchange on which such securities are traded.⁴⁵ Intra-day and closing price information regarding exchange-traded options (including options on futures) and futures will be available from the exchange on which such instruments are traded.⁴⁶ Intra-day and closing price information regarding Fixed Income Instruments also will be available from major market data vendors. Price information relating to

forwards will be available from major market data vendors.⁴⁷

In addition, the PIV, as defined in NYSE Arca Equities Rule 8.600(c)(3), will be widely disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session.⁴⁸ The dissemination of the PIV, together with the Disclosed Portfolio, may allow investors to determine an approximate value of the underlying portfolio of each of the Funds on a daily basis and to provide an estimate of that value throughout the trading day.⁴⁹

On each Business Day, before commencement of trading in Shares in the Core Trading Session (9:30 a.m. E.T. to 4:00 p.m. E.T.) on the Exchange, each of the Funds will disclose on the Trust’s Web site the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) that will form the basis for each of the Fund’s calculation of NAV at the end of the Business Day.⁵⁰ The Trust’s Web site (www.pimcoetfs.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for each of the Funds that may be downloaded. The Trust’s Web site will include additional quantitative information updated on a daily basis, including, for each of the Funds, (1) daily trading volume, the prior business day’s reported closing price, NAV and mid-point of the bid/ask⁵¹ spread at the time of calculation of the NAV (the “Bid/Ask Price”), and a calculation of the premium and discount of the Bid/Ask Price against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters.

Further, the Commission believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. On each Business Day, before commencement of trading in Shares in the Core Trading Session (9:30 a.m. E.T.

⁵¹ The Bid/Ask Price of each of the Funds will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of that Fund’s NAV. to 4:00 p.m. E.T.) on the Exchange, each of the Funds will disclose on the Trust's Web site the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) that will form the basis for each of the Fund's calculation of NAV at the end of the Business Day.⁵² The Commission notes that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.⁵³

In addition, a basket composition file—which includes the security names and share quantities, if applicable, required to be delivered in exchange for a Fund's Shares, together with estimates and actual cash components—will be publicly disseminated daily prior to the opening of the Exchange via the NSCC. The basket will represent one Creation Unit of each of the Funds.⁵⁴

The Commission notes that the Reporting Authority (as defined in NYSE Arca Equities Rule 8.600(c)(4)) that provides the Disclosed Portfolio must implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the actual components of the portfolio.⁵⁵ Further, personnel who make decisions on the Fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund's portfolio.

The Exchange represents that the Adviser is not registered as a broker-dealer, but is affiliated with a broker-dealer, and will implement a firewall with respect to such broker-dealer regarding access to information

concerning the composition of or changes to a Fund's portfolio.⁵⁶ The Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares.⁵⁷ Trading in Shares will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities or the financial instruments constituting the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares may be halted.

The Exchange has represented that the Shares are deemed to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.⁵⁸

In support of this proposal, the Exchange has made the following additional representations:

(1) Each Fund's Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600.

(2) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.⁵⁹

(3) FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares, exchange-traded options, exchange-traded equities, futures, and options on futures with other markets or other entities that are members of the ISG, and FINRA may obtain trading information regarding trading in the Shares, exchange-trade options, exchange-traded equities, futures, and options on futures from

such markets or entities. In addition, the Exchange may obtain information regarding trading in the Shares, exchange-traded options, exchange-traded equities, futures, and options on futures from markets or other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Funds reported to FINRA's Trade Reporting and Compliance Engine.

(4) Not more than 10% of the net assets of a Fund in the aggregate invested in exchange-traded equity securities shall consist of equity securities, including stocks into which a convertible security is converted, whose principal market is not a member of the ISG or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement. Further, not more than 10% of the net assets of a Fund in the aggregate invested in futures contracts or exchange-traded options contracts shall consist of futures contracts or exchange-traded options contracts whose principal market is not a member of ISG or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement.⁶⁰

(5) The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

(6) Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit ("ETP") Holders in an Information Bulletin ("Bulletin") of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated PIV will not be calculated or publicly disseminated; (4) how information regarding the PIV is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

⁵² See *id.* On a daily basis, the Funds will disclose on the Funds' Web site the following information regarding each portfolio holding, as applicable to the type of holding: Ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding, such as the type of swap); the identity of the security, commodity, index, or other asset or instrument underlying the holding, if any; for options, the option strike price; quantity held (as measured by, for example, par value, notional value, or number of shares, contracts, or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holding in a Fund's portfolio. Under accounting procedures followed by the Funds, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1").
