Abstract: The 2015 update to the federal law governing K-12 schooling gave state (SEAs) and local education agencies (LEAs) increased responsibilities, and, therefore, extra demands on their time and capabilities. The Comprehensive Centers program, funded by the U.S. Department of Education at over \$50 million per year, provides training, tools, and other supports to help these agencies carry out their education plans and take steps to close achievement gaps. The Centers' services aim to build individual and organizational capacity to help identify and solve key problems. This evaluation will examine the delivery and usefulness of the Centers' technical assistance, given potential new stakeholder needs and changes in the Center program that took effect with the 20 new grants awarded in 2019.

Congress requires a periodic evaluation of the Comprehensive Centers program, with the results intended to inform ongoing program improvements.

Dated: February 1, 2022.

Juliana Pearson,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
