RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Public Service Pension Questionnaires; OMB 3220-0136. Public Law 95-216 amended the Social Security Act of 1977 by providing, in part, that spouse or survivor benefits may be reduced when the beneficiary is in receipt of a pension based on employment with a Federal, State, or local governmental unit. Initially, the reduction was equal to the full amount of the government pension. Public Law 98-21, changed the reduction to two-thirds of the amount of the government pension. Sections 4(a)(1) and 4(f)(1) of the Railroad Retirement Act (RRA) provides that a spouse or survivor annuity should be equal in amount to what the annuitant would receive if entitled to a like benefit from the Social Security Administration. Therefore, the public service pension (PSP) reduction provision applies to RRA annuities.

Regulations pertaining to the collection of evidence relating to public service pensions or worker's compensation paid to spouse or survivor applicants or annuitants are found in 20 CFR 219.64c.

The RRB utilizes Form G-208, Public Service Pension Questionnaire, and Form G-212, Public Service Monitoring Questionnaire, to obtain information used to determine whether an annuity reduction is in order. The RRB proposes a minor non-burden impacting editorial change to Form G-208. Form G-212 is being revised to add additional questions needed to accurately adjust an annuitant's monthly benefit. The new questions are intended to eliminate the

need for follow-up contact with an annuitant.

Completion of the forms is voluntary. However, failure to complete the forms could result in the nonpayment of benefits. One response is requested of each respondent. The completion time for the G-208 and the G-212 is estimated at 15 minutes. The RRB estimates that approximately 70 Form G-208's and 1,100 Form G-212's are completed annually.

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Withholding Certificate for Railroad Retirement Monthly Annuity Payments; OMB 3220-0149.

The Internal Revenue Code requires all payers of tax liable private pensions to U.S. citizens to: (1) Notify each

recipient at least concurrent with initial withholding that the payer is, in fact, withholding benefits for tax liability and that the recipient has the option of electing not to have the payer withhold, or to withhold at a specific rate; (2) withhold benefits for tax purposes (in the absence of the recipient's election not to withhold benefits); and (3) notify all beneficiaries, at least annually, that they have the option of changing their withholding status or elect not to have benefits withheld.

The Railroad Retirement Board provides Form RRB W-4P, Withholding Certificate for Railroad Retirement Payments, to its annuitants to exercise their withholding options. Completion of the form is required to obtain or retain a benefit. One response is requested of each respondent.

No changes are being proposed to the current version of Form RRB W-4P used by the RRB. The RRB estimates that 20,000 annuitants utilize Form RRB W-4P annually. The completion time for Form RRB W-4P varies depending on individual circumstances. The average completion time for Form RRB W-4P is estimated at 40 minutes for recordkeeping, 25 minutes for learning about the law or the form, and 59 minutes for preparing the form.
