II. What action is the Agency taking?

This notice announces receipt by the Agency of a request from Reckitt Benckiser LLC (Reckitt) to cancel 12 pesticide products registered under FIFRA section 3. These registrations are listed in sequence by registration number in Table 1 of this unit. The request for voluntary cancellation was conditioned on January 1, 2015 being the earliest effective date of cancellation, the Agency allowing certain sale and distribution of existing stocks of canceled product, and the Agency approving an alternative inert ingredient in the products prior to cancellation. EPA agreed to these conditions contingent upon:

1. Reckitt limiting further production of the 12 pesticide products, in the period prior to the effective date of cancellation, to filling orders from existing customers in accordance with shelf-set agreements and other contracts already in effect as of May 29, 2014;

2. Quantity limits on Reckitt's production of the 12 pesticide products; and

3. Reckitt submitting periodic reports on its production, sales and inventory of the 12 pesticide products.

At the end of the 30-day comment period, EPA intends to issue an order in the **Federal Register** canceling all of the affected registrations in a manner consistent with the conditional nature of the request for cancellation. Reckitt will be permitted to sell and distribute existing stocks to its existing customers until March 31, 2015. During this time period, Reckitt will also be permitted to ship product for the purpose of returning material back to Reckitt or for the purpose of disposal. Reckitt will be permitted to sell and distribute existing stocks after March 31, 2015 only for the limited purposes of returning material back to Reckitt or for disposal. The sale and distribution of existing stocks by persons other than Reckitt (e.g., distributors, retailers) will be permitted until such stocks are exhausted. Users will be allowed to use existing stocks until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In

addition, FIFRA section 6(f)(1)(C) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The products listed in Table 1 of Unit II. do not represent minor agricultural uses. Therefore, the requests are not eligible for a 180-day comment period.

Accordingly, EPA will provide a 30-day comment period on the requests.

IV. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of canceled pesticide products that are in the United States and that were appropriately packaged, labeled, and released for shipment prior to the effective date of cancellation of the underlying registration. It is EPA's intention to issue a cancellation order treating existing stocks after cancellation of the registrations identified in Table 1 of Unit II. as follows:

1. Cancellation of the registrations will not become effective before January 1, 2015.

2. Reckitt will be permitted to sell and distribute existing stocks to its existing customers until March 31, 2015. During

this time period, Reckitt will also be permitted to ship product for the purpose of returning material back to Reckitt or for the purpose of disposal.

3. Reckitt will be permitted to sell and distribute existing stocks after March 31, 2015 only for the limited purposes of returning material back to Reckitt or for disposal.

4. The sale and distribution of existing stocks by persons other than Reckitt (e.g., distributors, retailers) will be permitted until such stocks are exhausted. Users will be allowed to use existing stocks until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.
