

Commission order should restore the competition lost through the joint venture between FMC Corporation and Solutia Inc. Nevertheless, we recognize that both divestitures are somewhat out of the ordinary.

When remedying a Clayton Section 7 violation, the Commission usually orders a complete divestiture of one merging party's assets that produce the relevant product. In the pure phosphoric acid ("PPA") market, though, the Commission requires the divestiture to Prayon of a plant that manufactures phosphate salts but not PPA. And in the phosphorus pentasulfide market, the Commission orders the divestiture to Peak of what is essentially a "plant within a plant." Due to the novelty of the relief, the Commission will monitor closely the respondents' compliance with their obligations under the order and will ascertain whether the relief ordered in this case effectively restores competition in each of the markets.

GENERAL SERVICES ADMINISTRATION

Public Buildings Service; Notice of Intent To Prepare an Environmental Assessment/Environmental Impact Statement (EIS)

SUMMARY: The General Services Administration (GSA) hereby gives notice it intends to prepare an Environmental Assessment (EA) or Environmental Impact Statement (EIS) pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR part 1500-1508), for the construction of a new Federal courthouse in Eugene/Springfield, Lane County, Oregon.

The EA/EIS will be prepared at the completion of, and based upon, a scoping report. The EA/EIS will evaluate the proposed project, any other reasonable alternatives identified through the scoping process, and the no-action alternative. Scoping will be accomplished through two public scoping meetings and direct mail correspondence to interested persons, agencies, parties, and organizations. The public scoping meetings will be held on May 2nd & 3rd, 2000. The scoping meeting on the 2nd will be at the Hilton Hotel, 66 East 6th Ave., Eugene, WA. The scoping meeting on the 3rd, will be held at the Springfield City Hall—Council Meeting Room, 225 5th Street,

Springfield, OR. Both meetings will start at 6:30 p.m. with an open house at 6 p.m. GSA will publish a Public Notice of these meetings and all subsequent public meetings in the Eugene and Springfield newspapers approximately two weeks prior to each event. If an Environmental Assessment is prepared, it will be made available for public review. If significant impacts are not identified in the EA, GSA will issue a Finding of No Significant Impact (FONSI). If, upon completion of the EA, significant impacts to the environment are identified, GSA will then prepare an Environmental Impact Statement. Public meeting(s) will be held after the release of the Draft Environmental Impact Statement and GSA will respond to all relevant comments received during the 45 day public comment period through the Final Environmental Impact Statement. After a minimum 30-day period following publication of the Final Environmental Impact Statement, GSA will issue a Record of Decision that will identify the site selected.

SUPPLEMENTARY INFORMATION: GSA, assisted by Herrera Environmental Consultants, is anticipating the preparation of either the Environmental Assessment or Environmental Impact Statement on our proposal to acquire a site, and design and construct a new US Courthouse in Eugene/Springfield, Oregon. GSA will serve as the lead agency and scoping will be conducted consistent with NEPA regulations and guidelines. GSA invites interested individuals, organizations, federal, state and local agencies to participate in defining and identifying any significant impacts and issues to be studied in the EA/EIS, including social, economic, cultural, historic, or environmental concerns. Scoping will identify the significant issues to be analyzed in the environmental document and serve as a method for commenting on the alternatives.

Project Purpose, Historical Background, Description

The District Judges, Magistrates, and US Marshal are currently located in the existing US Courthouse in Eugene, Oregon. Bankruptcy and other court related Agencies are located in lease space in downtown Eugene. The existing Courthouse does not meet the requirements of the US Court's Design guide. The existing Courthouse/Federal building complex cannot be adapted to accommodate the required space and security needs of both the Court and Agency tenants.

Congress has authorized GSA to acquire a site for construction of the

new US Courthouse. The approximate gross square feet planned for the project is 228,000 for all US District Court and Bankruptcy Court activities.

Alternatives

The EA/EIS will examine the short and long term impacts on the natural and built environment. The impact assessment will include, but not be limited to impacts such as cultural, historic, environmental, changes in land use, aesthetics, changes in traffic and parking patterns, economic impacts, and city planning and zoning.

The EA/EIS will also examine measures to mitigate significant unavoidable adverse impacts resulting from the proposed action. Concurrent with NEPA implementation, GSA will also implement its consultation responsibilities under Section 106 of the National Historic Preservation Act to identify potential impacts to existing historic or cultural resources.

The EA/EIS will consider a no action alternative. The no-action alternative (no-build) alternative would continue the occupancy in the existing courthouse and continue to lease Court space in Eugene.

The 5 alternative locations are:

Site 1: C Street, Mill Street, Main Street, and Willamette River, Springfield.

Site 2: 8th Ave, Mill Street, Railroad tracks, Eugene.

Site 3: Fronting on the north side of International Way, Tax lot 3500, Springfield.

Site 4: 4th Ave, Willamette River, Hilyard Street, Railroad tracks, High Street, Eugene.

Site 5: 8th Ave, Hilyard Street, Broadway, High Street, and Main Street, Eugene.

ADDRESSES: As part of the public scoping process, GSA solicits your written comments on the scope of alternatives and potential impacts at the following address: Michael D. Levine, Regional Environmental Program Officer, 10PCP, symbol), General Services Administration, 400 15th Street SW, Auburn, WA, 98001, or fax: 253-931-7263, or e-mail at Michael.Levine@GSA.GOV Written comments should be received no later than May X, 2000

FOR FURTHER INFORMATION CONTACT: John Meerscheidt at Herrera Environmental Consultants, 2200 Sixth Ave, Seattle, WA 98121 or call 206-441-9080, or Michael D. Levine, GSA, (206) 931-7263.

Mailing List

If you wish to be placed on the project mailing list to receive future or further information as the EIS process develops, contact Herrera at the address noted above.

Dated: April 6, 2000.

L. Jay Pearson,

Regional Administrator (10A).

BILLING CODE 6820-34-M

**DEPARTMENT OF HEALTH AND
HUMAN SERVICES****National Institutes of Health****Privacy Act of 1974; New System of
Records**

AGENCY: National Institutes of Health, HHS.

ACTION: Notification of a new system of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, the National Institutes of Health (NIH) is proposing to establish a new system of records, 09-25-0216, "Administration: NIH Electronic Directory, HHS/NIH."

DATES: NIH invites interested parties to submit comments concerning the proposed internal and routine uses on or before May 15, 2000. NIH has sent a report of a New System to the Congress and to the Office of Management and Budget (OMB) on April 3, 2000. This system of records will be effective May 24, 2000 unless NIH receives comments on the routine uses, which would result in a contrary determination.

ADDRESSES: Please submit comments to: NIH Privacy Act Officer, 6011 Executive

Boulevard, Room 601, MSC 7669, Rockville, MD 20892, 301-496-2832. (This is not a toll free number.) Comments received will be available for inspection at this same address from 9 a.m. to 3 p.m., Monday through Friday. **FOR FURTHER INFORMATION CONTACT:** NIH Privacy Act Officer, 6011 Executive Boulevard, Room 601, MSC 7669, Rockville, MD 20892, 301-496-2832, (This is not a toll free number.)

SUPPLEMENTARY INFORMATION: The National Institutes of Health (NIH) proposes to establish a new system of records: 09-25-0216, "Administration: NIH Electronic Directory, HHS/NIH." The purpose of the NIH Electronic Directory system of records is to support e-government; allow effective controls over the creation, maintenance and use of records in the conduct of current business; provide for effective management of costs, operation and interconnectivity of NIH information systems; provide the required structure for network security; and provide an accurate source of directory information at the NIH.

This system of records will allow the NIH to reliably identify individuals and manage the federal resources and authorities assigned to them, e.g., organizational telephone numbers, addresses, and security authorizations. A single 10-digit NIH unique identifier (UID) will be assigned to each individual to permit association of a single person with descriptive information and resources throughout their career. It will allow creation of accurate records for individuals in the NIH directory and ensure that duplicate data files are compared, corrected and combined for accuracy, thus eliminating redundancy and general errors in identification.

Data collected is used to build an NIH centralized source identification directory and provides for directory security, system authentication and authorization. This system supports NIH corporate business processes and electronic commerce. Other Privacy Act systems of records that utilize this system as a source or confirmation for identification information will show this system as a records source.

The records in this system will be maintained in a secure manner compatible with their content and use. NIH staff will be required to adhere to the provisions of the Privacy Act, HHS Privacy Act Regulations, and the requirements of the DHHS Automated Information Systems Security Program Handbook.

Records may be stored on electronic media and as hard-copy records. Manual and computerized records will

be maintained in accordance with the standards of Chapter 45-13 of the HHS General Administration Manual, "Safeguarding Records Contained in Systems of Records," supplementary Chapter PHS hf: 45-13, and the Department's Automated Information System Security Program Handbook.

The following notice is written in the present, rather than future tense, in order to avoid the unnecessary expenditure of public funds to republish the notice after the system has become effective.

Dated: April 3, 2000.

Anthony L. Itteilag,

Deputy Director for Management, NIH.

SYSTEM NAME:

Administration: NIH Electronic Directory, HHS/NIH.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

Records are maintained in databases located within the NIH computer facilities and the files of NIH functional offices required to identify individuals in order to manage the federal resources and authorities assigned to them. A current list of sites, including the address of any Federal Records Center where records from this system may be stored, is available by writing the System Manager listed under Notification Procedures below.

**CATEGORIES OF INDIVIDUALS COVERED BY THE
SYSTEM:**

Users of NIH resources and services including but not limited to: current and past NIH employees, contractors, tenants of NIH facilities, participants in the NIH visiting programs, registered users of NIH computer facilities, grantees, reviewers, council members, collaborators, vendors, and parking permit holders. This system does not cover patients and visitors to the NIH Clinical Center.

CATEGORIES OF RECORDS IN SYSTEM:

This system is a source system that provides identification data to a variety of directory services at NIH that share comparable information and assign or relate dedicated federal resources to individuals. This system provides for a central directory that allows NIH to manage NIH corporate business processes and electronic commerce. The types of personal information in this directory are necessary to ensure the accurate identification of individuals
