The information collected through the registration process is used by CMS to validate registration for applicable manufacturers, applicable GPOs, covered recipients, and physician owners or investors that are registering for Open Payments. Details collected during the dispute resolution and correction process allows CMS to notify applicable manufacturers and applicable GPOs that a covered recipient or physician owner or investor is initiating a dispute regarding data submitted about them and allow CMS to relay the nature of the dispute. The assumptions documents submitted by applicable manufacturers or applicable GPOs assist CMS in providing guidance (for example, determining form and nature of payment categories, calculating the value of a payment, determining the date of payment, and reporting the terms of an ownership or investment interest). *Form Number:* CMS-10495 (OMB control number: 0938-1237); *Frequency:* Annually; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 1,612; *Total Annual Responses:* 1,612; *Total Annual Hours:* 1,920,534. Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to

publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by *May 12, 2022*.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To

comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Student Health Insurance Coverage; *Use:* Under the Student Health Insurance Coverage Final Rule published March 21, 2012 (77 FR 16453), student health insurance coverage is a type of individual health insurance coverage provided pursuant to a written agreement between an institution of higher education (as defined in the Higher Education Act of 1965) and a health insurance issuer, and provided to students who are enrolled in that institution and their dependents. The Patient Protection and Affordable Care Act; HHS Notice of Benefit and Payment Parameters for 2017 Final Rule provided that, for policy years beginning on or after July 1, 2016, student health insurance coverage is exempt from the actuarial value (AV) requirements under section 1302(d) of the Affordable Care Act, but must provide coverage with an AV of at least 60 percent. This provision also requires issuers of student health insurance coverage to specify in any plan materials summarizing the terms of the coverage the AV of the coverage and the metal level (or the next lowest metal level) the coverage would otherwise satisfy under § 156.140. This disclosure will provide students with information that allows them to compare the student health coverage with other available coverage options. *Form Number:* CMS-10377 (OMB Control Number 0938-1157); *Frequency:* Annually; *Affected Public:* Private Sector; *Number of Respondents:* 48; *Total Annual Responses:* 953,541; *Total Annual Hours:* 48. (For policy questions regarding this collection contact Russell Tipps at 301-492-4371).

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* IRF-PAI for the Collection of Data Pertaining to the Inpatient Rehabilitation Facility Prospective Payment System and Quality Reporting Program; *Use:* We are requesting an extension of the Inpatient Rehabilitation Facility-Patient Assessment Instrument (IRF-PAI) Version 4.0 that will be effective on October 1, 2022. On November 2, 2021, we issued a final rule (86 FR 62240) which finalized proposed modifications to the effective date for the reporting of measures and certain standardized patient assessment data in the Inpatient Rehabilitation Facility Quality

Reporting Program (IRF QRP). Per the final rule CMS will require IRFs to start collecting assessment data using IRF–PAI Version 4.0 beginning October 1, 2022.

The information collection request for IRF PAI 4.0 was re-approved on December 15, 2021 with an October 1, 2022 implementation date. CMS is asking for an extension of the approved IRF–PAI Version 4.0, which expires on December 31, 2022. The burden associated with this requirement is staff time required to complete and encode the data from the IRF–PAI. The burden associated with collecting and transmitting the data is unaffected by the proposed extension to the assessment instrument.

The IRF–PAI is required by the CMS as part of the Inpatient Rehabilitation Facility Prospective Payment System (IRF PPS). CMS uses the data to determine the payment for each Medicare Part A fee-for-service patient and Medicare Part C (Medicare Advantage) admitted to an inpatient rehabilitation unit or hospital. The IRF–PAI is also used to gather data for the IRF Quality Reporting Program (IRF QRP). *Form Number:* CMS–10036 (OMB control number: 0938–0842); *Frequency:* Annually; *Affected Public:* Private Sector; Business and for-profit and Not-for-profit, State, Local or Tribal Government and Federal Government; *Number of Respondents:* 1,122; *Total Annual Responses:* 411,622; *Total Annual Hours:* 704,747. (For policy questions regarding this collection, contact Ariel Adams at 410–786–8571.)

SUPPLEMENTARY INFORMATION:

Description: The purpose of the U.S. Repatriation Program (Program) is to provide temporary assistance to eligible U.S. citizens and their dependents (repatriates) returned by the Department of State from a foreign country because of destitution, illness, war, threat of war, or a similar crisis, and who are without available resources, or (2) mental illness. Temporary assistance is provided upon their arrival in the United States and is available initially for up to 90 days from a repatriate’s date of arrival in the United States. Temporary assistance is provided in the form of a service loan and is repayable to the U.S. Government.

Temporary assistance is defined in 42 U.S.C. 1313(c) as money payments, medical care, temporary lodging, transportation, and other goods and services necessary for the health or welfare of individuals, including guidance, counseling, and other welfare services provided to them within the United States upon their arrival in the United States. Other goods and services may include clothes, food, assistance with obtaining identification (driver’s license, birth certificate), child care, and translation services.

The ACF Office of Human Services Emergency Preparedness and Response (OHSEPR), at the U.S. Department of Health and Human Services (HHS), administers the Program.

OHSEPR made changes to all eight forms to ensure the information

collected aligns with Program statutes and regulations as well as the purpose and use of the form. Revisions include clarifying statutory authority and general instructions on completing and submitting the forms. These changes make the forms more user friendly. OHSEPR also reduced the burden hours to make them more accurate.
