BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on December 28, 2007 [72 FR 73972].

DATES: Comments must be submitted on or before August 4, 2008.

FOR FURTHER INFORMATION CONTACT: David Sparks, National Highway Traffic Safety Administration, Office of Odometer Fraud Investigation (NVS-230), 202-366-4761. 1200 New Jersey Avenue, SE., Room W55-318, Washington, DC 20590.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration
Title: 49 CFR part 580 Odometer Disclosure Statement.

OMB Number: 2127-0047.

Type of Request: Extension of a currently approved collection.

Abstract: The Federal Odometer Law, 49 U.S.C. Chapter 327, and implementing regulations, 49 CFR part 580 require each transferor of a motor vehicle to provide the transferee with a written disclosure of the vehicle's mileage. This disclosure is to be made on the vehicle's title, or in the case of a vehicle that has never been titled, on a separate form. If the title is lost or is

held by a lien holder, and where permitted by state law, the disclosure can be made on a state-issued, secure power of attorney.

NHTSA received comments from: South Dakota Department of Revenue & Regulation, Texas Department of Transportation Vehicle Titles and Registration, Virginia Department of Motor Vehicles, and Wisconsin Department of Transportation. Each commenter cites a need for the ability to disclose odometer information electronically in a paperless environment. Texas and Virginia specifically reference a petition filed with NHTSA by the Virginia Department of Motor Vehicles seeking approval of alternate odometer disclosure requirements, to wit, electronic odometer statements. NHTSA has preliminarily granted Virginia's proposed alternate disclosure requirements and is seeking public comments concerning Virginia's proposal via the **Federal Register** through July 24, 2008. NHTSA's initial determination concerning Virginia's petition was published in the **Federal Register** on June 24, 2008 (73 FR 35617-23).

Additionally, Wisconsin suggests eliminating the ten-year exemption for odometer disclosure statements and conversely Virginia supports the ten-year exemption. NHTSA is reviewing the ten-year exemption and may seek comments in a future **Federal Register** notice.

This ICR notice concerns only the information collection requirements under current law, and does not relate to the issues raised by those commenting.

Affected Public: Households, Business, other for-profit, and not-for-profit institutions, Federal Government, and State, Local, or Tribal Government.

Estimated Total Annual Burden: 2,034,910.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information

on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued in Washington, DC, on June 27, 2008.

David W. Sparks,

Director, Office of Odometer Fraud Investigation.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2008-0048; Notice 2]

Hyundai Motor Company, Grant of Petition for Decision of Inconsequential Noncompliance

Hyundai Motor Company (Hyundai), has determined that certain vehicles that it manufactured during the period beginning July 14, 2006 through November 23, 2007, did not fully comply with paragraph S9.5 of 49 CFR 571.225 (Federal Motor Vehicle Safety Standard (FMVSS) No. 225 Child Restraint Anchorage Systems). On November 28, 2007 Hyundai filed an appropriate report pursuant to 49 CFR Part 573, Defect and Noncompliance Responsibility and Reports.

Pursuant to 49 U.S.C. 30118(d) and 30120(h) and the rule implementing those provisions at 49 CFR Part 556, Hyundai has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety. Notice of receipt of the petition was published, with a 30-day public comment period, on March 25, 2008 in the **Federal Register** (73 FR 15835). No comments were received. To view the petition and all supporting documents log onto the Federal Docket Management System (FDMS) Web site at: <http://www.regulations.gov/>. Then follow the online search instructions to locate docket number "NHTSA-2008-0048."

For further information on this decision, contact Mr. Ed Chan, Office of Vehicle Safety Compliance, the National Highway Traffic Safety Administration (NHTSA), telephone (202) 493-0335, facsimile (202) 366-3081.

Affected are approximately 115,000 model years 2007 and 2008 Hyundai Elantra passenger cars produced beginning July 14, 2006 through November 23, 2007.
