SUPPLEMENTARY INFORMATION:

Title: Local Competition and Broadband Reporting, CC Docket No. 99-301.

Form Number: FCC Report 477.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 255.

Estimate Time Per Response: 58.67 hours (avg.).

Frequency of Response: Semi-annual reporting requirement.

Total Annual Burden: 29,924 hours.

Total Annual Costs: None.

Needs and Uses: The FCC Form 477 seeks to gather information on the development of local competition and deployment of broadband service also known as advanced telecommunications services. The data are necessary to evaluate the status of developing competition in local exchange telecommunications markets and to evaluate the status of broadband deployment. The Commission staff uses the information to advise the Commission about the efficacy of the FCC rules and policies adopted to implement the Telecommunications Act of 1996.

OMB Control Number: 3060-XXXX.

Title: Notification of Emergency Alert System Status.

Form Number: N/A.

Type of Review: New collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; and State, local, or tribal government.

Number of Respondents: 125.

Estimate Time Per Response: 30 minutes.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 62 hours.

Total Annual Costs: None.

Needs and Uses: Due to the state's size, remoteness, and isolation, it is difficult for the resident agent of the FCC's Alaska office to make on-the-scene inspections to insure that the FM translators are in compliance with the Emergency Alert System (EAS) rules adopted on January 1, 1997. The agent is, therefore, developing a survey to determine whether the FM translators are either rebroadcasting local programming in their entirety, including the EAS warnings, or, if not, then whether the FM translator station has EAS equipment installed and working properly. FM translator stations that are not in compliance could present a safety-of-life issue to the listening public.

On September 17, 1997, the Joint Board announced the creation of the Rural Task Force and directed it to present a report to the Joint Board making specific recommendations on the establishment of a forward-looking economic cost mechanism for rural telephone companies.
