Additional information about this collection is also available at <http://www.reginfo.gov> under "Information Collection Review."

SUPPLEMENTARY INFORMATION:**I. Abstract**

Under the Inventors' Rights Act of 1999, as found in 35 U.S.C. 297 and implemented by 37 CFR Part 4, the United States Patent and Trademark Office (USPTO) is required to provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters to these complaints. An individual may submit a complaint concerning an invention promoter to the USPTO, which will forward the complaint to the invention promoter for response. The complaints and responses will be published and made available to the public on the USPTO Web site. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms.

Complaints submitted to the USPTO must identify the name and address of the complainant and the invention promoter or promotion firm, explain the basis for the complaint, and include the signature of the complainant. The identifying information is necessary so

that the USPTO can forward the complaint to the invention promoter or promotion firm and also notify the complainant that the complaint has been forwarded. Complainants should understand that the complaints will be forwarded to the invention promoter for response and that the complaint and response will be made available to the public as required by the Inventors' Rights Act. If the USPTO does not receive a response from the invention promoter, the complaint will still be published without the response. The USPTO does not accept complaints under this program if the complainant requests confidentiality.

This information collection includes one form, Complaint Regarding Invention Promoter (PTO/SB/2048), which is used by the public to submit a complaint under this program. This form is available for download from the USPTO Web site. Use of this form is not mandatory as long as the complaint includes the necessary information and is clearly marked as a complaint filed under the Inventors' Rights Act. There is no associated form for submitting responses to the complaints.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO.

III. Data

OMB Number: 0651-0044.

Form Number(s): PTO/SB/2048.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 50 responses per year. The USPTO estimates that approximately 60% of these responses will be from small entities.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 15 minutes (0.25 hours) to gather the necessary information, prepare the form, and submit a complaint to the USPTO and approximately 30 minutes (0.5 hours) for an invention promoter or promotion firm to prepare and submit a response to a complaint.

Estimated Total Annual Respondent Burden Hours: 18 hours.

Estimated Total Annual Respondent Cost Burden: \$2,968. The USPTO expects that complaints will be prepared by paraprofessionals or independent inventors. Using the average of the paraprofessional rate of \$122 per hour and the estimated rate of \$30 per hour for independent inventors, the USPTO estimates that the average rate for preparing the complaints will be approximately \$76 per hour. The USPTO expects that the responses to the complaints will be prepared by attorneys or invention promoters. Using the average of the professional rate of \$371 per hour for attorneys in private firms and the estimated rate of \$100 per hour for invention promoters, the USPTO estimates that the average rate for preparing the responses to the complaints will be approximately \$236 per hour. Therefore, the respondent cost burden for this collection is estimated to be \$2,968 per year.

Item	Estimated time for response (minutes)	Estimated annual responses	Estimated annual burden hours
Complaint Regarding Invention Promoter (PTO/SB/2048)	15	30	8
Responses to the Complaints	30	20	10
Totals		50	18

Estimated Total Annual Non-hour Respondent Cost Burden: \$393. The public may incur postage costs when submitting a complaint or a response to a complaint by mail to the USPTO. The

USPTO estimates that the first-class postage cost for a mailed complaint will be 45 cents. Promotion firms may choose to send responses to complaints using overnight mail service at an

estimated cost of \$18.95 per response. Therefore, the total annual (non-hour) respondent cost burden for this collection in the form of postage costs is estimated to be \$393 per year.

Item	Estimated annual responses	Estimated postage per response	Estimated postage costs
Complaint Regarding Invention Promoter (PTO/SB/2048)	30	\$0.45	\$14.00
Responses to the Complaints	20	18.95	379.00
Totals			393.00

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.
