Title: Annual Cable Price Survey and Supplemental Questions.

Form Number: Not applicable.

Number of Respondents: 758.

Total Annual Burden: 9,096 hours.

Confidentiality: No need for confidentiality required.

Needs and Uses: Section 623(k) of the Cable Television Consumer Protection and Competition Act of 1992 requires the Commission to publish annually a statistical report on average rates for basic cable service, cable programming service, and equipment. The report must compare the prices charged by cable operators subject to "effective competition" and those not subject to effective competition. The data from these supplemental questions are needed to complete this report.

The Commission determined that a small number of additional questions related to the cable industry's carriage of digital broadcast signals would be needed to complete the 2007/2008 report on cable industry prices that will be prepared later this year based on the findings from the survey. The increased burden to this information collection represents the burden associated with the supplemental questionnaire.
