

FEDERAL COMMUNICATIONS COMMISSION

[Report No. AUC-01-31-A (Auction No. 31); DA 01-266]

Auction of Licenses for the 747-762 and 777-792 MHz Bands Postponed Until September 12, 2001

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces the postponement of the upcoming auction of licenses in the 747-762 and 777-792 MHz band (Auction No. 31), originally scheduled to begin on March 6, 2001, the new date is September 12, 2001. The Wireless Telecommunications Bureau (Bureau) believes that a brief delay is warranted to provide additional time for bidder preparation and planning.

DATES: Auction No. 31 is rescheduled to begin on September 12, 2001.

FOR FURTHER INFORMATION CONTACT:

Howard Davenport or Bill Huber, Auctions Legal Branch at (202) 418-0660, or Kathy Garland, Auctions Operations at (717) 338-2801.

SUPPLEMENTARY INFORMATION: This is a summary of a Public Notice released January 31, 2001 (*Auction No. 31 Postponement Public Notice*). The complete text of the *Auction No. 31 Postponement Public Notice*, including attachments, is available for inspection and copying during normal business hours in the FCC Reference Center (Room CY-A257), 445 12th Street, SW., Washington, DC. It may also be purchased from the Commission's copy contractor, International Transcription Services, Inc. (ITS, Inc.), 445 12th Street, SW., Room CY-B400, Washington, DC 20554, (202) 314-3070. The *Auction No. 31 Postponement Public Notice* is also available on the Internet at the Commission's web site: <http://www.fcc.gov/wtb/documents.html>.

1. On January 18, 2001, Verizon Wireless ("Verizon") submitted a letter to the Bureau requesting a postponement of Auction No. 31. Later that day, the Bureau released a *Public Notice* seeking comment on Verizon's request. The Bureau received 13 timely-filed comments in response to that *Public Notice*. A majority of commenters support a postponement of this auction, while others oppose any delay. Under the current circumstances, the Bureau believes that a brief delay is warranted to provide additional time for bidder preparation and planning and for reasons of auction administration, consistent with the Commission's

obligations under section 309(j)(3)(E) of the Communications Act of 1934, as amended.

2. The short-form (FCC Form 175) application filing window for Auction No. 31 is now closed. Any applications that were in the system are deemed ineffective and will be purged from the system. The new schedule is as follows:

- *Filing Deadline for FCC Form 175:* August 17, 2001; 6:00 PM ET.
- *Auction Start Date:* September 12, 2001.

The Bureau will announce other pre-auction deadlines in a subsequent public notice.

Federal Communications Commission.

Margaret Wiener,

Deputy Chief, Auctions & Industry Analysis Division, Wireless Telecommunications Bureau.

FEDERAL COMMUNICATIONS COMMISSION

[DA 01-188]

Process To Update the International Bureau's Records for Carriers That Provide International Telecommunications Services

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces the start of a 90-day process to update the International Bureau's records for carriers that provide international telecommunications services and operators of international telecommunications facilities. This action will ensure that carriers have obtained the necessary authorizations to provide international telecommunications services.

DATES: The 90-day period commences on May 7, 2001.

ADDRESSES: Federal Communications Commission, Secretary, 445 12th Street, SW., Room TW-B204F, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Rebecca Arbogast, International Bureau, (202) 418-1460.

SUPPLEMENTARY INFORMATION: Released January 30, 2001.

1. The International Bureau has received a number of requests for *nunc pro tunc* approval of belatedly filed applications for authority to provide international telecommunications services under Section 214 of the Communications Act of 1934, as amended. The International Bureau also

has received requests for *nunc pro tunc* approval of other belatedly filed applications; specifically, requests for authority to assign or transfer control of existing international Section 214 authorizations, and to assign or transfer control of common carrier and non-common carrier submarine cable landing licenses. These requests suggest that there may be some carriers providing international telecommunications services, or operators operating international telecommunications facilities, without proper authority.

2. In light of this, and particularly in light of the fact that the Commission has streamlined its rules as competition in international markets has developed, the International Bureau is taking steps to ensure that international carriers and operators are in compliance with the rules and that its records regarding authorized carriers and operators are current and accurate. Timely filed applications and accurate records will serve the public interest and protect consumers by ensuring that the Commission has the information necessary to enforce its rules, regulations and policies governing carriers and operators that provide U.S. international service. Accordingly, the International Bureau is announcing the commencement of a 90-day period during which carriers are encouraged to apply for necessary authorizations. The International Bureau does not expect to initiate enforcement action against these carriers and operators during this 90-day period. At the end of the 90-day period, the International Bureau will refer cases of noncompliance to the Enforcement Bureau for appropriate enforcement action.

Authorization and Licensing Requirements

3. The Commission's authorization and licensing requirements for carriers providing international telecommunications services and operators of international telecommunications facilities include the following:

Section 214 Authorizations: Common carriers seeking to provide international telecommunications services or to construct, acquire, or operate international telecommunications facilities must seek from the Commission an authorization pursuant to Section 214 of the Communications Act. In addition, § 63.18 of the Commission's rules provides, in pertinent part, that:

Except as otherwise provided in this part, any party seeking authority pursuant to Section 214 of the Communications Act of

1934, as amended, to construct a new line, or acquire or operate any line, or engage in transmission over or by means of such additional line for the provision of common carrier telecommunications services between the United States, its territories or possessions, and a foreign point shall request such authority by formal application which shall be accompanied by a statement showing how the grant of the application will serve the public interest, convenience, and necessity. (47 CFR 63.18)

The filing requirements of § 63.18 apply to any entity that seeks to initiate the provision of international telecommunications services either in its own name or through one or more wholly-owned direct or indirect subsidiaries. (§ 63.21(i) of the rules permits an authorized carrier to provide service through one or more wholly-owned subsidiaries, provided the authorized carrier notifies the Commission within 30 days after the subsidiary initiates service. The notification must contain the information required by § 63.21(i). 47 CFR 63.21(i).) Alternatively, the subsidiary may apply for its own Section 214 authorization prior to initiating service. Pursuant to § 20.15(d) of the Commission's rules, the requirement to obtain prior authorization to provide international services applies to carriers providing commercial mobile radio services ("CMRS"). CMRS carriers are exempt, however, from certain tariffing requirements with respect to the provision of international services. See 47 CFR 20.15(d).

4. Section 63.18 also applies to assignments and transfers of control of existing international Section 214 authorizations unless the assignment or transfer is a *pro forma* transaction covered by the provisions of § 63.24. A *pro forma* assignment or transfer is one that does not involve a substantial change in ownership or control. In such a case, § 63.24 of the Commission's rules provides, in pertinent part, that "[a] *pro forma* assignee must notify the [C]ommission no later than 30 days after the assignment is consummated." (See 47 CFR 63.24. This section also provides a detailed definition of which kinds of transactions constitute a *pro forma* transfer or assignment.)

5. *Submarine Cable Licenses*: Carriers seeking to own or operate submarine cable facilities must file applications to obtain submarine cable landing licenses, including transfers of control or assignments of such licenses, or modifications of such licenses to add new licensees. Applications must be filed pursuant to the Submarine Cable Landing License Act, Executive Order

No. 10530, and § 1.767 of the Commission's Rules.

Process To Update International Bureau Records

6. The International Bureau believes it is necessary for carriers to timely file for and receive proper authorizations and licenses and to be otherwise in compliance with all applicable rules and policies. To that end, the International Bureau announces a 90-day period after which, pursuant to its authority under §§ 0.111 and 0.311 of the Commission's rules, it will refer to the Enforcement Bureau for appropriate enforcement action any carrier that is providing international telecommunications services or operator operating international telecommunications facilities without first receiving proper authorizations from the Commission under Section 214 of the Communications Act and Sections 34 through 39 of the Submarine Cable Landing License Act, respectively. The Enforcement Bureau will take into account voluntary disclosure of misconduct in determining an appropriate sanction. The 90-day period will commence on May 7, 2001.

7. In addition, the Telecommunications Division of the International Bureau also takes this opportunity to advise carriers and operators that, commencing with the date of publication of this public notice in the **Federal Register**, it will be extremely reluctant to grant requests for nunc pro tunc approval of belatedly filed applications. Such requests will be considered only in extraordinary circumstances. (Cf. *Biennial Regulatory Review—Amendment of Parts 0, 1, 13, 22, 24, 26, 27, 80, 87, 90, 95, 97, and 101 of the Commission's Rules to Facilitate the Development and Use of the Universal Licensing System in the Wireless Telecommunications Services*, Memorandum Opinion and Order on Reconsideration, WT Docket No. 98–20, 14 FCC Rcd 11476, 11485 ¶¶ 20–22 (1999).)

8. For further information about the processing of applications under this program, contact Rebecca Arbogast, Chief, Telecommunications Division, International Bureau, at 202–418–1460 or Belinda Nixon, Telecommunications Division, International Bureau, at 202–418–1382 or e-mail at bnixon@fcc.gov. Federal Communications Commission.

Rebecca Arbogast,

*Chief, Telecommunications Division,
International Bureau.*

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 92–237; DA 01–242]

Next Meeting of the North American Numbering Council

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On January 31, 2001, the Commission released a public notice announcing the February 20 and 21, 2001, meeting and agenda of the North American Numbering Council (NANC). The intended effect of this action is to make the public aware of the NANC's next meeting and its agenda.

FOR FURTHER INFORMATION CONTACT: Cheryl Callahan, Designated Federal Officer (DFO) at (202) 418–2320 or cchallaha@fcc.gov. The address is: Network Services Division, Common Carrier Bureau, Federal Communications Commission, The Portals, 445 12th Street, SW., Suite 6A207, Washington, DC 20554. The fax number is: (202) 418–2345. The TTY number is: (202) 418–0484.

SUPPLEMENTARY INFORMATION: Released: January 31, 2001.

The North American Numbering Council (NANC) has scheduled a meeting to be held Tuesday, February 20, 2001, from 8:30 a.m. until 5 p.m., and on Wednesday, February 21, from 8:30 a.m., until 12 noon. The meeting will be held at the Federal Communications Commission, Portals II, 445 12th Street, SW., Room TW–C305, Washington, DC.

SUPPLEMENTARY INFORMATION: This meeting is open to members of the general public. The FCC will attempt to accommodate as many participants as possible. The public may submit written statements to the NANC, which must be received two business days before the meeting. In addition, oral statements at the meeting by parties or entities not represented on the NANC will be permitted to the extent time permits. Such statements will be limited to five minutes in length by any one party or entity, and requests to make an oral statement must be received two business days before the meeting. Requests to make an oral statement or provide written comments to the NANC should be sent to Cheryl Callahan at the address under **FOR FURTHER INFORMATION CONTACT**, stated above.

Proposed Agenda

1. Approval of January 16–17, 2001, meeting minutes.
2. North American Numbering Plan Administrator (NANPA) Report
