

exportation of the subject merchandise (i.e., Ugine SA, Imphy Ugine Precision, Ugine France Service, Sollac Mediterranee, Usinor Packaging, Sollac Lorraine, Sollac Atlantique, CARLAM, G. Fer, IRSID, and Usinor Stainless). Usinor holds a majority interest in all of these companies. Therefore, in accordance with 19 CFR 351.525(b)(6)(iii), we have attributed subsidies received by these companies to the total sales by Usinor of French-produced merchandise.

Analysis of Comments Received

All issues raised in Usinor's case brief and the petitioners' rebuttal brief filed in this administrative review are addressed in the "Issues and Decision Memorandum" from Jeffrey A. May, Deputy Assistant Secretary, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated September 8, 2003 ("Decision Memorandum"), which is hereby adopted by this notice. Attached to this notice as Appendix I is a list of the issues which parties have raised and to which we have responded in the *Decision Memorandum*. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, Room B-099 of the main Department building. In addition, a complete version of the *Decision Memorandum* can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn/summary/list.htm> under the heading "France." The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Final Results of Review

In accordance with 19 CFR 351.221(b)(5), we calculated an individual subsidy rate for the producer/exporter subject to this administrative review. For the period January 1, 2001 through December 31, 2001, we determine the net subsidy rate for Usinor to be 1.11 percent *ad valorem*. In a change from the *Preliminary Results* and for the reasons set forth in the *Decision Memorandum* at Comment 3, no duty deposit is required.

As a result of the injunction issued December 22, 1999, by the U.S. Court of International Trade, enjoining us from liquidating any entries of the subject merchandise after August 6, 1999, we will not order liquidation of entries of stainless steel sheet and strip in coil from France at this time. Liquidation will occur at the rates described in this

notice at such time as the injunction is lifted.

The cash deposit rates for all companies not covered by this review are not changed by the results of this review. Thus, we will instruct the United States Bureau of Customs and Border Protection to continue to collect cash deposits for non-reviewed companies at the most recent rate applicable to the company. These rates shall apply to all non-reviewed companies until a review of the companies assigned these rates is completed. In addition, for the POR, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 8, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Coastal Nonpoint Pollution Control Program: Approval Decision on Connecticut Coastal Nonpoint Pollution Control Program

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce and the U.S. Environmental Protection Agency.

ACTION: Notice of intent to approve the Connecticut Coastal Nonpoint Program.

SUMMARY: Notice is hereby given of the intent to fully approve the Connecticut Coastal Nonpoint Pollution Control Program (coastal nonpoint program) and of the availability of the draft Approval Decisions on conditions for the Connecticut coastal nonpoint program. Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. 1455b, requires States and Territories with coastal zone management programs that have received approval under section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs. Coastal States and Territories were required to submit their coastal nonpoint programs to the National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) for approval in July 1995. NOAA and EPA conditionally approved the Connecticut coastal nonpoint program on June 3, 1998. NOAA and EPA have drafted approval decisions describing how Connecticut has satisfied the conditions placed on its program and therefore has a fully approved coastal nonpoint program.

NOAA and EPA are making the draft decisions for the Connecticut coastal nonpoint program available for a 30-day public comment period. If comments are received, NOAA and EPA will consider whether such comments are significant enough to affect the decision to fully approve the program.

Copies of the draft Approval Decisions can be found on the NOAA Web site at <http://www.ocrm.nos.noaa.gov/czm/> or may be obtained upon request from: Helen Farr, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone (301) 713-3155, x150, e-mail helen.farr@noaa.gov.

DATES: Individuals or organizations wishing to submit comments on the draft Approval Decisions should do so by October 15, 2003.

ADDRESSES: Comments should be made to: John King, Acting Chief, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone (301) 713-3155, x188, e-mail john.king@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Dan Waldeck, Pacific Fishery Management Council; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The main purpose of this work session is for the

HMSMT to begin development of initial recommendations for a limited entry program for the high seas longline fishery, including a control date, qualifying period, qualifying landing amounts, capacity goal, and permit transferability. This work is in response to a request from the Council at the June 2003 meeting. The HMSMT will report their initial recommendations to the Council at the November 2003 meeting in San Diego, CA. Other matters related to the HMS Fishery Management Plan (FMP) may be discussed and included in the HMSMT report to the Council. However, formal action on limited entry or other HMS FMP-related issues will not occur at this work session.

Although nonemergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
