*Subject:* \*Prohibition on a ByteDance Covered Application.

*FAR Case:* 2023–010.

**SUPPLEMENTARY INFORMATION:** A summary for the FAR rule follows. For the actual revisions and/or amendments made by this FAR rule, refer to the specific subject set forth in the document preceding this summary. FAC 2023–04 amends the FAR as follows:

**Prohibition on a ByteDance Covered Application (FAR Case 2023–010)**

This interim rule amends the Federal Acquisition Regulation to implement the prohibition on having or using the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited (“covered application”). The rule prohibits the presence or use of a covered application on information technology, including certain equipment used by Federal contractors. This prohibition applies to devices regardless of whether the device is owned by the Government, the

contractor, or the contractor’s employees (e.g., employee-owned devices that are used as part of an employer bring your own device (BYOD) program). A personally-owned cell phone that is not used in the performance of the contract is not subject to the prohibition.

This rule implements section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117–328), the No TikTok on Government Devices Act, and its implementing guidance under Office of Management and Budget Memorandum M–23–13, “No TikTok on Government Devices” Implementation Guidance. This rule applies to all contracts, including contracts at or below the simplified acquisition threshold, contracts for commercial products (including commercially available off-the-shelf items), and for commercial services. The change is not expected to have a significant economic impact on a substantial number of small entities. This interim rule is being implemented as a national security measure to protect Government information and information and communication technology systems.
