SUPPLEMENTARY INFORMATION:

A. Purpose

This information collection is necessary in order to comply with section 872 of the Duncan Hunter National Defense Authorization Act of 2009, Public Law 110–417, as amended by Public Law 111–212, hereafter referred to as “the Act.” The Act requires GSA to establish and maintain a database of information regarding the integrity and performance of certain entities awarded Federal grants and contracts and use of the information by Federal officials making awards. OMB proposed implementing guidance for grants and cooperative agreements on February 18, 2010 (75 FR 7316). That guidance is in the process of being finalized. The proposed guidance requires appropriate Federal officials to report on terminations of awards due to material failure to comply with award terms and conditions; administrative agreements with entities to resolve suspension or debarment proceedings; and findings that entities were not qualified to receive awards. Through a new award term, each recipient would provide information about certain civil, criminal, and administrative proceedings that reached final disposition within the most recent five-year period and were connected with the award or performance of a Federal or State award. As section 872 requires, an entity also would be able to submit comments to the data system about any information that the system contains about the entity.
