Administration**

[TA-W-41,047]

**C.G. Bretting Manufacturing
Corporation, Inc., Ashland, WI; Notice
of Termination of Certification**

This notice terminates the Certification Regarding Eligibility to Apply For Worker Adjustment Assistance issued by the Department on June 19, 2002, applicable to workers of C.G. Bretting Manufacturing Corporation, Inc., in Ashland, Wisconsin. The notice was published in the **Federal Register** on July 9, 2002 (67 FR 45544).

The Department, on its own motion, reviewed the worker certification. Workers at the subject firm produce paper folding machines. The review of the investigation findings show that the survey of C.G. Bretting's major declining customers was conducted for paper folding machines instead of paper folding machines. Another survey was undertaken for the same customers for the same time periods. The survey revealed that none of the customers purchased imported paper folding machines.

Based on this new information, the Department is terminating the certification for petition number TA-W-41,047. Further coverage for workers under this certification would serve no purpose, and the certification has been terminated.

Signed at Washington, DC, this 6th day of August, 2002.

Linda G. Poole,*Certifying Officer, Division of Trade
Adjustment Assistance.*

**E.J. Footwear LLC, Franklin,
Tennessee, and E.J. Footwear LLC,
Endicott, New York; Notice of
Termination of Certification**

Pursuant to section 223 of the Trade Act of 1974, on June 4, 2002, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance applicable to workers of the subject firm. The notice was published in the

Federal Register on June 21, 2002 (67 FR 42285).

The State agency requested that the Department review the certification for workers of the subject firm engaged in the production of work boots. Information shows that the E.J. Footwear LLC certification, TA-W-40,899, was amended on July 15, 2002 to include workers at the Franklin, Tennessee and Vestal (Endicott), New York locations of the subject firm.

Consequently, continuance of this certification would serve no purpose and the certification is terminated.

Signed in Washington, DC, this 6th day of August, 2002.

**Great Northern Paper, Inc., Millinocket,
ME, Great Northern Paper, Inc., East
Millinocket, ME; Amended Certification
Regarding Eligibility to Apply for
Worker Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 15, 2002, applicable to workers of Great Northern Paper, Inc., Millinocket, Maine. The notice was published in the **Federal Register** on July 29, 2002 (67 FR 49039).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New findings show that workers engaged in employment related to the production of groundwood pulp were separated from employment at the subject firm's East Millinocket, Maine facility. A meaningful portion of the groundwood pulp produced at Great Northern Paper, Inc., East Millinocket, Maine was consumed by the subject firm's mill in Millinocket, Maine, for its production of coated and uncoated specialty paper.

Workers at Great Northern Paper, Inc., East Millinocket, Maine, also produce paper for telephone directories and are separately identifiable from those producing groundwood pulp. There was no allegation that imports of paper for telephone directories contributed to worker separations.

The Department is amending the certification to cover workers at Great

Northern Paper, Inc., East Millinocket, Maine, engaged in employment related to the production of groundwood pulp.

The amended notice applicable to TA-W-41,614 is hereby issued as follows:

"All workers of Great Northern Paper, Inc., Millinocket, Maine (TA-W-41,614); and workers engaged in employment related to the production of groundwood pulp at Great Northern Paper, East Millinocket (TA-W-41,616A) who became totally or partially separated from employment on or after May 17, 2001, through July 15, 2004, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington DC, this 31st day of July, 2002.

[TA-W-40,983]

**Symbol Technologies, Telxon
Corporation, Houston, TX; Amended
Certification Regarding Eligibility To
Apply for Worker Adjustment
Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 7, 2002, applicable to workers of Symbol Technologies, Houston, Texas. The notice was published in the **Federal Register** on May 17, 2002 (67 FR 35141).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of bar code scanners and handheld computers used for retail sales.

Information received from the State shows that Symbol Technologies merged with Telxon Corporation in 2000. Information also shows that some workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Telxon Corporation.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Symbol Technologies, Houston Texas who were adversely affected by increased imports.
