Type of Review: Extension, without revision, of a currently approved collection.

Description: The collections of information are found in 12 CFR 18.3, 18.4, and 18.8. Section 18.3 requires the preparation of an annual disclosure statement and specifies how it must be made available to shareholders. Section 18.4 outlines what information the disclosure statement must contain, and provides that a bank may supplement its annual disclosure statement with an optional narrative. Lastly, § 18.8 requires that a national bank promptly furnish its annual disclosure statement upon request.

This program of periodic financial disclosure is needed not only to facilitate informed decision making by existing and potential customers and investors, but also to improve public understanding of, and confidence in, the financial condition of individual national banks and the national banking system. Further, financial disclosure reduces the likelihood that the market will overreact to incomplete information.

Burden Estimates:

Estimated Number of Respondents: 1,338.

Estimated Number of Responses: 1,338.

Estimated Annual Burden: 669 hours.

Frequency of Response: On occasion.
