[Docket No. CP25-6-000]

Southern Natural Gas Company, L.L.C.; Notice of Application and Establishing Intervention Deadline

Take notice that on October 15, 2024, Southern Natural Gas Company, L.L.C. (Southern), 569 Brookwood Village, Suite 600, Birmingham, Alabama 35209, filed an application pursuant to section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations to amend facilities previously authorized as part of the Bessemer Calera Expansion Project (Project) in Docket No. CP24-32-000 pursuant to Southern's blanket certificate. Southern requests authorization to install a 1.63-mile-long segment of pipeline looping with an 8-inch-diameter pipeline in place of the originally authorized 4-inch-diameter pipeline, located in Shelby County, Alabama (Longview Lateral Loop). Southern states that the increased diameter will not change Project capacity, which was fully subscribed by Spire Alabama Inc. (Spire), but rather increase pressure stability, providing Spire operational flexibility and greater reliability in serving industrial and residential customers in the area. Southern estimates the total cost of the Project to increase by approximately \$2 million, to a total of \$27 million, all as more fully set forth in the application

which is on file with the Commission and open for public inspection.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review.
