## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

#### 49 CFR Part 575

[Docket No. NHTSA-05-xx]

RIN 2127-AF81

#### Truck-Camper Loading; Correction

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Correcting amendment.

**SUMMARY:** On July 12, 1996, the National Highway Traffic Safety Administration (NHTSA) published a final rule that rescinded Federal Motor Vehicle Safety Standard No. 126, Truck-camper loading, and combined its provisions with 49 CFR 575.103, Truck-camper loading. When combining these two regulations, NHTSA inadvertently changed a cross reference so that it refers to only one of five information requirements, instead of all five as it had previously. This document corrects that error.

**DATES:** Effective August 11, 2005.

#### FOR FURTHER INFORMATION CONTACT:

Mary Versailles, Office of International Policy, Fuel Economy and Consumer Programs, (Telephone: 202-366-0846) (Fax: 202-493-2290).

**SUPPLEMENTARY INFORMATION:** On July 12, 1996, the National Highway Traffic Safety Administration (NHTSA) published a final rule that rescinded Federal Motor Vehicle Safety Standard No. 126, Truck-camper loading, and combined its provisions with 49 CFR 575.103, Truck-camper loading (61 FR 36655).

Prior to the July 12, 1996, final rule, 49 CFR 575.103(e) required manufacturers of trucks capable of accommodating a slide-in camper to provide five items of information contained in paragraphs (e)(1) through (5) of that standard. If a manufacturer recommended that the truck not be used for a slide-in camper, the manufacturer was required by 49 CFR 575.103(f) to provide a statement to that effect instead of the information in 49 CFR 575.103(e).

The July 12, 1996, final rule renumbered the then existing 49 CFR 575.103(e) as 49 CFR 575.103(e)(2)(i) and the then existing 49 CFR 575.103(f)

as 49 CFR 575.103(e)(2)(ii). However, the cross reference in 49 CFR 575.103(e)(2)(ii) was incorrectly listed as 49 CFR 575.103(e)(2)(i)(E) (the then existing 49 CFR 575.103(e)(5)) instead of all of 49 CFR 575.103(e)(2)(i).

This notice corrects that error.

This correction will not impose or relax any substantive requirements or burdens on manufacturers. Therefore, NHTSA finds for good cause that any notice and opportunity for comment on this correcting amendment is not necessary.

#### List of Subjects in 49 CFR Part 575

Consumer protection, Motor vehicle safety, Reporting and recordkeeping, Tires.

■ 49 CFR part 575 is corrected by making the following correcting amendment:

#### PART 575—[CORRECTED]

■ 1. The authority citation continues to read as follows:

**Authority:** 49 U.S.C. 322, 30111, 30115, 30117, 30166; delegation of authority at CFR 1.50.

■ 2. Paragraph 575.103(e)(2)(ii) is revised to read as follows:

#### § 575.103 Truck-camper loading.

\* \* \* \* \*

##### (e) Requirements

\* \* \* \* \*

##### (2) Trucks

\* \* \* \* \*

(ii) If a truck would accommodate a slide-in camper but the manufacturer of the truck recommends that the truck not be used for that purpose, the information specified in paragraph (e)(2)(i) of this section shall not be provided but instead the manufacturer shall provide a statement that the truck should not be used to carry a slide-in camper.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 648

[Docket No. 040112010-4114-02; I.D. 063005A]

### Magnuson-Stevens Fishery Conservation and Management Act Provisions; Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Modification of Access to the Eastern U.S./Canada Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; access and gear modification.

**SUMMARY:** The Administrator, Northeast Region, NMFS (Regional Administrator), has projected that the total allowable catch (TAC) for Georges Bank (GB) cod allocated for harvest from the Eastern U.S./Canada Area will be fully harvested prior to the end of the fishing year if the rate of GB cod harvest remains at the current level. In response, this action limits all Northeast (NE) multispecies days-at-sea (DAS) vessels to one trip into the Eastern U.S./Canada Area per month through the end of the 2005 fishing year. In addition, this action requires all NE multispecies DAS vessels fishing in the Eastern U.S./Canada Area to use a haddock separator trawl for the remainder of the fishing year. This action is being taken to slow the rate of GB cod harvest from the Eastern U.S./Canada Area and to prolong access to the Eastern U.S./Canada Area throughout the 2005 fishing year and to help prevent over-harvesting the GB cod TAC from the Eastern U.S./Canada Area during the 2005 fishing year in accordance with the Magnuson-Stevens Fishery Conservation and Management Act.

**DATES:** The requirement that NE multispecies DAS vessels are limited to one trip per month into the Eastern U.S./Canada Area is effective 0001 hr local time, July 12, 2005, through 2400 hr local time, April 30, 2006. Two exceptions to this one trip per month requirement are discussed in the supplementary information section of this temporary rule.

The requirement for NE multispecies DAS vessels to use a haddock separator trawl in the Eastern U.S./Canada Area is effective 0001 hr local time, July 27, 2005, through 2400 hr local time, April 30, 2006.
